A ceremony of sharing and remembrance

Saying goodbye is never easy.

It helps to bring family and friends together to celebrate and remember. Ceremony gives you a chance to reflect on the meaning of your loved one's life and how they touched the lives of others.

Tell the story.
Remember the life.

Create a ceremony
as unique as the life
you're remembering.

Share what made them special

You can celebrate meaningful aspects of your loved one's life on the casket and throughout the ceremony.

Personalization choices help tell the story

Artfully crafted LifeStories® medallions and LifeSymbols® designs add a special touch, visually expressing meaningful relationships, spirituality, affiliations, and interests. Select from a variety of choices to create your tribute.

See pages 28 - 31 for choices.

Personalization can be as simple or as detailed as you like.

Honoring special relationships and interests ...

| ... or a life of spirituality and service

The value of material and design

Your loved one's personality can be reflected in the details. Material type, shape, color, hardware, and features are all important considerations.

THE SIGNIFICANCE OF A UNIQUE LIFE IS SYMBOLIZED WITH THE PLANTING OF A TREE.

While nothing can take the place of a departed loved one, there is comfort in knowing that as one life ends, a new one is just beginning.

The Living Memorial® is a tangible symbol of Batesville's commitment to help families honor the lives of those they love. Today more than 13 million trees stand as living legacies in forests throughout the United States, Canada, Australia, and the United Kingdom. More than just a majestic memorial, these trees help improve the environment for generations to come.

We're proud to offer this free program through licensed funeral professionals to the families who purchase a qualifying Batesville product.
