Re: The Terraces Condominium Association, Inc. of Naples
4751 Gulf Shore Blvd N.,
Naples, Florida 34103

To whom it may concern:

This is to certify that the Terraces, located at the address indicated above, has a Leak Detection System (LDS) installed in all its units. LDS sensors are installed at all water sources. In the event of a leak, the LDS sends an instant notification and automatically shuts off the main water supply to the unit. The system is monitored around the clock and is maintained by Signature Fire and Security, Inc.

If you have any additional questions, please feel free to contact the manager's office.

Sincerely,

Irina Zuercher

General Manager

The Terraces Condominium Association Inc. of Naples
