Crowd Endowed Announces Inaugural CrowdFund Atlanta Conference on February 28th

Day-long Conference Gathers Atlanta's Crowdfunding Platforms, Thought Leaders, Educators, and Entrepreneurs

Atlanta, GA: Today, the creative and collaborative minds behind Crowd Endowed are proud to announce the first-ever [CrowdFund Atlanta conference](#). As a part of the week-long [Refresh South](#) series of events, CrowdFund Atlanta has two primary goals – (1) to educate current and future entrepreneurs about the different types of crowdfunding available to them in Atlanta and (2) to both discover and share the ways that local platforms can help entrepreneurs prepare for successful crowdfunding.

The February 28th conference offers two sessions tailored toward the different needs of attendees who may be at different crossroads with their individual crowdfunding ventures. The morning session will offer focused presentations by local crowdfunding experts, providing the opportunity to gather wisdom directly from some of Atlanta's best in the business and to get a focused education on the multiple facets of crowdfunding. The evening session will offer three panel discussions featuring even more local crowdfunding experts, providing the opportunity to watch some of Atlanta's best in the business interact and give a great, general education about crowdfunding platform options, experiential lessons learned, and new forms of campaign promotion.

Attendees who sign up for both sessions can expect the following:
