The 2006 Viña Qaramy Malbec Mendoza Argentina is one of the most exciting projects to come out of Mendoza in some time. This Malbec comes to life from eight exclusive acres located over 3,600 feet above sea level at the base of the magnificent Andes Mountains.

"Lively aromas of blackberries, plums, pencil lead and mocha dance out of the glass and continue on the palate. This wine is unique for its velvety smoothness and for being extremely fruit-forward while not over extracted or over oaky. This wine screams for beef!"
