

At this special time of year, we hope that you are with family and friends, surrounded by happiness, love and laughter; and we hope that these gifts will add some Jordanian cheer to your gatherings and festivities.

For hundreds of years, artisans in our region have been using mother-of-pearl to create opulent and dazzling designs and decorations. Strong and resilient, beautiful and iridescent, we hope its colors radiate around your home, reflecting the warmth of the Jordanian people, and reminding you of our precious friendship for now, and all time.

Abdullah and Ramia
