

Washington City. Dec 5th. 1836

Dear Miss Gratz

Owing to the Ice we were prevented from passing through Philadelphia as intended, when we left home.

Must therefore beg you to be kind enough to have the articles, I took the liberty of troubling you to procure for me in Philadelphia, forwarded as early as possible to this place.

Should the letter I addressed you in November on the subject, have miscarried; please drop me a line, ~~on~~ ~~the subject~~, that I may supply my self in this place. — I shall be compelled to confine my self almost exclusively to the house, untill I can procure a Bonnet and Cloak, to very important articles to a Lady in Washington particularly to one from the far west.

Excuse the liberty I have taken in thus addressing you so freely on matters of

but little moment to you, but conferring
many obligations on me.

With sentiments of kind regard
I subscribe myself your friend.
