

Thank you my beloved
Brother for the blessed
assurance that you were
safely in the vicinity of
your home, where I hope
you found all the dear
ones well - and made hap-
py by your return - I think
over the precious hours
we spent together, and
may we meet again
under happier times, when
peace & good will will
reign throughout the
land - give my best

love to Dear Ann, and
our sweet girls & also to
my nephews - Becky and
her little girl. Wonderful party
to us on Friday. They are
all well - the Etting men
kiss no better - poor Edward
seems fading away.

Wm send you his
love. God Bless you
My darling Brother

ever Yours R. Gray
