

Copy -

My Dear Mr. Moses,

I am directed by the
Managers of the Phila. O.
Society to enclose to you a
copy of the following resolution
which was passed at their
last stated meeting held
on Tuesday Sep 7th

Resolved that in the death
of Miss Rebecca Gratz the
Managers of the Phila. O.
Society - deplore the loss of a
beloved & venerable associate,
the last survivor of the
body of Managers who
founded & organized this
Asylum

For fifty years she was actively engaged in promoting its usefulness & occupied for more than forty years the important position of Secretary of the Board of Managers & purchasing Committee of the Institution. To her energy & ability during the struggling infancy of the Society, & to her subsequent admirable administration of its resources much of its prosperity is due; while to her dignity, grace & noble personal qualities the Managers have ever yielded the tribute of their warm admiration & strong regard. In the orphan family & household she was sincerely beloved, & her loss greatly deplored.
