These issues were addressed in the context of our audit of annual financial statements as a whole, and in shaping our opinion on it, we do not provide a separate opinion on these issues. Stock test disruptions in affiliates for diagnosis and measurement policies applied, please refer to disclosure no. 2 in accounting notes, measurement and presentation of principles as well as disclosure no. 6 in financial asset notes. THE RISK OF FINANCIAL STATEMENTS IN CECONOMY AG'S ANNUAL FINANCIAL STATEMENTS AS OF SEPTEMBER 30, 2019, SHARES IN AFFILIATES AMOUNTING TO EUR 1,524 MILLION UNDER FINANCIAL ASSETS ARE RECOGNIZED. Shares in affiliates make up 73% of total assets, thus thus ingenting material impact on Kam Pani's assets and liabilities. Affiliates are mainly modest holding companies that in turn in some cases hold shares in operating group companies or list investments through more modest holding companies. Shares in affiliates are recognized at a cost or if they are expected to be permanently disrupted, with their lower fair value. The company is sponsored by a foreign expert using the investment income method to determine the fair value of medium-sized holding companies with shares in operating group companies. For medium-sized holding companies with listed investments, the reference value of the exchange price is like the closing date. If the fair value is lower than the carry amount, qualitative and quantitative criteria are used to assess whether the disruption is expected to be permanent. The stock disruption test in affiliates, which is significantly determined by the expected development of shares and investments held by medium-sized holding companies, depends significantly on the company's estimates and valuations. In fiscal year 2018/2019, the company did not recognize the losses of impairments in the shares of affiliated companies. There is a risk to financial statements that stocks in affiliates will be disrupted. OUR AUDIT APPROACH TESTED THE SHARES OF AFFILIATES OFFERED IN CECONOMY AG'S ANNUAL FINANCIAL STATEMENTS FOR DISRUPTION BASED ON SELECTIVE SAMPLING WITH A VIEW TO RISK AND SIZE CRITERIA. THE SAMPLING INCLUDED SHARES IN COMPANIES AFFILIATED WITH CECONOMY AG, WHICH IN TURN, AS MEDIUM HOLDING COMPANIES, OWN LISTED AND NON-LISTED SHARES. In the case of medium holding companies with non-listed shares, we involve ourselves EXPERTS TO ASSESS THE COMPETENCE, ABILITY AND OBJECTIVITY OF THE FOREIGN EXPERT INVOLVED BY CECONOMY AG TO VALUE SHARES IN AFFILIATES AND GAIN AN UNDERSTANDING OF THEIR WORK. We also assessed the suitability of the valuation model used. In addition, we discussed the business plan used to value the company with those responsible for planning and reconciling this with the budget set by the Management Board and approved by the Supervisory Board in terms of future sales and revenue performance. In addition, we assessed the suitability of the investment rate used. To ensure the computational accuracy of the valuation model used, we confirmed the external expert calculations based on the elements selected based on the risk criteria. In the case of affiliates, which in turn make investments in the listed companies, we compared the fair values derived from share prices to the investment carrying sums such as the closing date. IF THE FAIR VALUE DERIVED FROM THE SHARE PRICE AS ON THE REPORT WAS BELOW THE COST, WE ASSESSED THE COMPANY'S ASSESSMENT OF THE NINE CECONOMY AG ANNUAL FINANCIAL STATEMENTS OF THE 2018/19 2018/19 INDEPENDENT AUDITOR REPORT EXPECTED PERMANENTLY. We assessed the amount and period of disruption already suffered and assessed the consistency of assumptions related to the development of the share price using external market assessments. Our observations are the approach used to disrupt stock testing in appropriate affiliated entities and in line with accounting policies. The company's summations, estimates and parameters are appropriate. The conclusion on the suitability of the management board's use is based on concern going accounting and, based on ob-tainted audit evidence, whether there is material uncertainty related to accidents or condi-theons that may cast significant doubt on the company's ability to con-tinue as a going concern. If we come to the conclusion that there is material uncertainty, we need to draw attention to the auditor's report to related disclosures in annual financial statements and in the com-binded management report, or, if such disclosures are inadequate, make our respective comments to the Department of Defense. Our conclusions are based on the evi-dence audit obtained up to the date of our auditor's report. However, future events or circumstances may cause the company to stop being able to con-tinue as a concern is going on. Assessing the overall presentation, structure and content of annual financial statements, including disclosures, and whether annual financial statements provide underlying transactions and events in a manner in which annual financial statements give a genuine and fair view of the company's assets, liabilities, financial position and financial performance in accordance with german legally required accounting principles. Assess the consistency of the combined management report with annual financial statements, its compliance with [German] law, and consider the position the company provides it. Conduct audit procedures in prospective information provided by the management board in the combined management report. In ba-sis of sufficient appropriate audit evidence we assess, specifically, the significant assumptions used by the Management Board as the basis for forward-looking information, and the evaluation is an appropriate derivative of forward-looking information from these assumptions. We do not express a separate opinion on forward-looking information and about the assumptions used as a basis. There is a significant inevitable risk that future events will differ materially from prospective information. We communicate. Accused of governance in the case, among other issues, is the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identified during our audit. We also have those accused of governance with a statement that we comply with the relevant independence requirements, and communicate with them all relationships and other issues that may reasonably be thought to bear our independence, and where applicable, related safeguards. From the issues communicated with those accused of governance, we determine those issues that were most important in auditing the annual financial statements of the current period, and therefore the key issues are audits. We describe these issues in our auditor's report unless the law or regulation prevents public disclosure on this issue.
