GITARALIA NOTTURNA FOR GUITAR QUARTET AND ORCHESTRA (2005)

Vlado Godár – not only did he bring the Bratislava Guitar Quartet to my attention, he also encouraged me to write a composition for them, and he managed to make this CD happen. To write the composition was actually quite easy – I sat down at the desk and two weeks later the composition was finished. Similar to several compositions from this period, it is a bit darker, maybe more serious than my preceding compositions. And I am very satisfied with the way the Bratislava Guitar Quartet plays it. They make it into better music, than it really is.
