To

The Engineer
Karachi Municipality

Sir,
I beg to inform you that the middle
^{off 1st & 2nd floor}
wall of my building on plot No 33 that a.28
Napier Quarter have been removed after consulting
Mr Markwick the then Engineer, and permission
was given by him to put a wooden wall
in its place. This was done to save space, and the
was proposed to carry the beams on posts in the
wooden wall which was supported on the stone
wall in the ground floor. However since you object
I propose to put a reinforced concrete beam on
top of the wooden walls to ^{support} receive the beams of
the floors. Trusting that you will now approve
of this proposal, and I beg to remain,

Yr.
your most obedient servant
