To

The Engineer
Municipality
Karachi.

Sir,

In reply to your letter No 1832 dated 16th instant, I beg to state that I have distinctly understood + give you in writing definitely that I will make my own arrangement for supplying water to the trough from the 2" pipe without any responsibility of the Municipality. I therefore request you to give me permission to erect the water trough + having approved the plan please return it to enable me to start the work according to the plan.

I beg to remain
Sir

Karachi Municipality.

To,

Messrs Nabi Bux Mahomed Panah & Others,

K A R A C H I.

Sirs,

In reply to your letter dated the 6th instant I have the honour to inform you that the 2" pipe in question according to this office records belongs to the Mahamedan Community. If that Community have no objection to Seth Haroon Ismail erecting the water trough and taking water from their 2" pipe to supply the trough then they can give him permission so to do. The Municipality cannot however interfere in any way with the 2" pipe and if the trough is erected Seth Haroon must make his own arrangements for making the connection and obtaining water. If this is distinctly understood then there is no objection to the work proceeding.

I have the honour to be,

Sirs,

No: E/ 1773 of 1922.
Municipal Office,

M. C., A. M. I. C. E.,
Engineer,
Karachi Municipality

Karachi, 6th, May, 1922.

To,
The Engineer,
Karachi- Municipality.

Dear Sir,
We the undersigned members of the Mahammadan Community beg to draw your attention to our letter dated 19th, November 1920, and refer you to your letter received by Seth Haroon No. 1650 dated the 1st, inst.

In ^{our} letter No. 19th, November 1920 we wrote to you that 2" Pipe was laid by Seth Haroon on his own expenses by the sanction of the Mahammadan Community.

Mr. Haroon wishes to erect a water-trough in the Muckam Mevashah taking out the water from the pipe referred above, which has been sanctioned vide the letter No. CDC963 of 1921 of City Deputy Collector's Office Karachi dated the 17th, June 1921.

As we the members of Mahammadan Community have no objection to erection of the water-trough, you will kindly see your way to grant him permission to erect the same at his own expenses at the site proposed by him and shown on the Plan.

We need hardly mention again that the water-trough will be in use of the Public and ~~the~~ Cattle.

Submitted with F.C. If the Mahammadan Community erect the water-trough in their own name & allow Mr. Haroon to bear the expenses, there will be no objection to granting such permission to the M. Community as the pipe line 2" diam. is the property of that Community.

To,

Seth Haroon Ismail,

K a r a c h i.

Dear Sir,

In reply to your letter dated the 8th ultimo, I have to inform you that objection to the proposed site of the water trough is that a very long length of piping will be required to connect it up with the Municipal Water Main. No piping was included in the former estimate of the cost and it is found that the cost will now amount to Rs 4,000/- If this sum is deposited with the Municipality the work will be taken in hand providing it is distinctly understood that the Municipality will take no responsibility in the matter of supply of water or maintenance.

Yours Faithfully,

Engineer,
Karachi Municipality.

Rr

The cost of 1" dia
4.2. pipe line from the municipal
main to the proposed site will be
as follows. It was not included in
the estimate: which was prepared
only for water trough.

Superintendent of Machinery's Office,

Karachi, *12/2* April 1922.

Memo,

With reference to the Engineer's No: E/1287 of 4th current, the Superintendent of Machinery has the honour to state ~~the~~ 2" connection belongs to the Mahomedan Community, as registered in this office register. As to who applied for the connection, the information may be obtained from the Head Office from the original application. If the connection is granted for Mahomedan Community neither of the persons can claim ownership ^{of} the pipes, as they are given in charity to that Community.
