Heritage KMR.CDD.RaQ.1935.01

Re: plot no. 60, R.S 4

The owner proposes to erect upper floors over ground floor, which has an excess built up area of 1.2 Sq. yds. Though this was recommended to the Co. to be condoned, I find there are no orders re. the same on the file. Your orders are now required finally before plans can be approved.

(File put up).

Don't you think pillars at x x are necessary

Submitted.

Gr. floor is already existing without the pillars as the main R.C. beams are adequate to carry the load without any pillars
