5-

Sir, 6

Re, Drainage connection for building on plot No.34/2 N.P.
- 9. Napier Quarter.

With reference to our personal interview re - drainage

connection for building on plot No.34/2 NP -9 Napier Quarter which has been duly completed in accordance with the plans the drainage connection of which has been withheld owing to submitting a completion certificate from the Architect. I wonder whether it is rule of this Municipality to give a certificate of the ~~xxxx~~ --- Architect who drew the plans or whether the certificate of any Architect will do for the purpose of the Municipality.

As the building is only a ground froot building, I think no Certificate is necessary. The Architect Messrs: D.B. Advani were ~~engag~~ engaged by me for only drawing the plans. As for the supervisio I had to engage other hand as Messrs. D.B.Advani were going to charge exhorbitant fees which I was unable to pay. Under the above circomstances you will kindly order that the drainage - connection be granted to me for which I shall ever remain grateful,

I have the honour to be,

Sir,

Your Most Obedient Servant.

i.e, Ram Sureshchaydas.

URGENT

Drainage Committee

Check given as soon as the flush's Water tank is finished on the top of the W.C. my underground tank & a pump are required direct connection of W.C. flush tank pipe drain to main is being.
