To,

The Land Manager and Architect,
Karachi Municipality.

Sir,

With due deference to your No: L.M.A.7977 dated 27th August 1925, I have the honour to state that your above letter is quite unintelligible to me in so far as no verbal instructions were given to me ~~for~~ providing posts under girders on plot No: 4, A-6.

2.- Further I have the honour to bring to your notice that the above notice was given by your office peon at my house to the ladies and their signature obtained. I really wonder at this procedure of delivering the official letters to the ladies, even though they are told to take such letters for delivery to the male members at their shops. I also object to such peons entering the house all of a sudden and pressing the ladies for taking delivery of such notices. I would therefore be much obliged if you would look into the matter at your earliest convenience and report to me the result, or else the matter will most reluctantly be brought to the notice of the higher authorities.

Why?

To,

The Chief Officer,

Karachi Municipality,

KARACHI.

Sir,

We beg to bring to your kind knowledge that our adjoining house No 31 O-T No 9, Old Town Quarter belonging to Mr. Hari Ram and Gago Ram, is being demolished for the purpose of re-building, it has a little space for sweepers entrance to get in for taking away the night soil, that little space for entrance of a sweeper will not now be used for removing the night soil, as the water closet is to be put in it therefore we request the Municipality to take that built ~~space~~ piece of ground under the alignment act and make the ^{gap} broader to govern more light and air to all the adjoining three houses to enjoy good health and free breeze and sufficient -- light. At the same time I, Bagwan Das Mool Chand being one of the signatories also offer ^{you} me little piece of ground same as above, in fact which is exactly of the same area as the above, ~~in-fact~~ and is partitioned with bricks because it is not used now by the sweeper as I have recently introduced water closet in my house. I may clear the point for your information that originally both the pieces of land were left for the passage of a sweeper to get in and take away the night soil from both the ~~premises~~ privies.

We hope that the health Officer will be of our opinion and help us in moving the Municipality to buy the above pieces which are only [†]two or three yards area and not much.

We are, Dear Sirs,

Your most obedient servant.
