Re: Plot No. 177 JM 4.

No. I have to thank you for your D/O letter
of 25th. ultimo in reply to mine of 11th. ultimo and
have to thank you for the same.

Re: completion certificate I have to submit that only a cement concrete stair case was constructed in the month of August or so and that too with the distinct permission of the Landmanager and Architect and that is completed five months ago. It is seen by the Land Surveyor and there after by the Landmanager and Architect and thereafter I could hardly conceive that I had to say anything further in the matter.

However please treat this letter to meet with any requirement of completion or whatever it be.

Regarding the loft I have to request you to kindly dispose off the matter as I submit my request is very reasonable. I am enclosing herewith a copy of my letter addressed to the Landmanager and Architect dated 13th. October 1939 as it covers all the points to which I would request your kind attention to dispose off the subject. *The 2pm has not so far replied my letter of 13th October 1939.*

Hoping to be excused for the trouble and thanking you for your favour of an early reply.

Yours sincerely,

Popatlal A. B.

Dear Sir,

Re Plot No. 177 JM 4 Jamshed Quarter

Regarding the extended portion of the loft in the garage on my above plot referred in yours of 10th.instant I beg to say that it is very old existing since years. Moreover as the entire portion of the loft is used as a store and not for dwelling purposes I submit you should have no objection. On the contrary by storing all the articles required in the season only and grains etc. in such an excluded portion of a House should be more encouraged from Sanitary point of view. Under the circumstances I fail to conceive how the Municipality is affected by this extended portion of this loft.

Further I had to extend the area of the loft as it was caused accidents in my family. One servant of mine fell down and met with a fracture. I am sure you do not ~~kn~~ like my children to be exposed to such a danger.

I appreciate your view point that it should not be used for dwelling purposes and since you know that the same is never ment by me and used as dwelling house I have to request you to kindly record the papers and inform me in return and oblige.

Thanking in return.

Yours faithfully,

Fah
