LAND MANAGER & ARCHITECT'S OFFICE,

KARACHI,

192

To,

*Mr. Osman Ali, Gopal**James A. Glijah*

Sir,

With reference to your application with plan received on 10/10 1929,
 for building on plot No. 18 sheet No. E-5, Lawrence Quarter,
 you are requested to apply for permission to the City Deputy Collector with three
 copies of plans herewith returned duly signed and approved.

Permission to build will be granted after the approval of the plans by the
 City Deputy Collector.

You must not start any building operations until you hear further from this
 office.

I have the honour to be,

Sir,

Your most obedient servant,

[Signature]

No. L. M. A. 1567

OF 1928.

MUNICIPAL ENGINEER'S OFFICE,

Karachi, 12/12/1928.

MEMO.

With reference to ^{his}~~their~~ application, dated 7-11-1928.Mr. A. Mijah Architect is informed
Messrs. arethat the plan submitted by ^{him}~~them~~ for building W.C. & bathon plot No. 189 Survey Sheet S-6situate in Street, Ramsarany
Road

Quarter, is approved and permission to build in accordance therewith is granted. The building must be erected, in accordance with the Bye-laws and Rules of the Municipality.

Executive Engineer, 2 DEC 1928

Karachi Municipality.

NOTICE. 1—This pass does not give permission to occupy Municipal land with building materials. This can only be allowed when the Street is wide enough to permit building materials being deposited on it without it being a source of danger to the public, and only then on a hoarding being placed round the land to be occupied and on payment in advance, of fees for occupation of Municipal land, at the following rates.

Rs. a. p.

- | | | | | |
|--|-----|-----|---|---------------|
| (1) For the first three months, per square yard per diem | ... | 0 | 0 | $\frac{1}{4}$ |
| (2) For the next three months | " | ... | 0 | 0 |
| (3) For any subsequent time | " | ... | 0 | 0 |

NOTICE 2—Windows, steps and doors of the building will not be permitted to project on or overhang any public street or Municipal land.

NOTICE 3—Plinths will not be allowed to project more than 2 inches on any Public street for ornamental purposes.

Notice 4.—You are required to give timely intimation to the Land Manager and Architect before concrete is filled in for Re-inforced Concrete work.

Application for connection with Karachi Sewage System.

To

THE CHIEF OFFICER
KARACHI MUNICIPALITY.

SIR,

I hereby apply to have my house, which stands in the Books of the Municipality, under No. 14, situated in 7B Street Free Dora Quarter connected with the Sewage system.

I undertake to pay for the cost of the side connection, and further to pay whatever fees, rates may be levied on the same by the authority of the Municipality, so long as the property stands in my name.

I hereby agree to allow any person connected with the Municipal Office to inspect at any time the aforesaid premises for any purposes connected with the work as provided in the Municipal Rules.

I, while laying the Drain piping, agree to open not more than half the width of the public road, at a time and then only after providing proper fencing, and I further agree to provide red lamps at night, one lamp to be fixed at each end of the fencing in a position to be distinctly visible to any one coming from either direction.

I also agree to get the Drain pipes laid on to my house by a plumber named Munji Samji holding a certificate from the Municipality.

All materials and fittings to the connection together with the capacity and type of flushing tank or arrangements used, be approved by the Municipality before being fixed.

On ceasing to own the premises, I will give notice to the Municipality to remove the connection from my name.

I further agree to act in conformity with Bye-laws and other Rules which the Municipality may promulgate from time to time.

I have the honour to be,

Sir,

Your most obedient servant,

Karachi,

17. 8. 1926.

19th October 1926.

Undersigned has the honor to inform the

Executive Engineer that the Managing Committee at their meeting held on 9th October 1926 while considering the question of Drainage Extension made along the Garden Road from Bunder Road upto Mr. Mama's Bungalow and the desirability of framing a set of rules to regulate the granting of Drainage connections to properties within the Cantonment area passed the following resolution --

The Executive Engineer to be informed that whenever Drainage line is to be extended, it should be done with the sanction of the Managing Committee.

2. Whenever a question of connecting a Bungalow in Cantonment areas, the same should be done with the sanction of the Managing Committee on the Cantonment Authorities binding themselves to recover Municipal Drainage Taxes and pay the same over to the Municipality.

3. Similar agreements to be obtained for all the houses in Cantonment area connected with the Drainage system for which no agreements have hitherto been obtained.

4. Enquiries to be made of instances in which mains have been extended specially for connections in Cantonment area or Municipal Limits.

5. The Executive Engineer to explain why the main line was extended from Garden and Bunder Road junction to Mr. Mama's Bungalow without the sanction of the Managing Committee."

He is therefore requested to see that in the case of applications that may be received in future for drainage connections ^{with} in properties in Cantonment ^{limits} area, the procedure laid down in the above resolution of the Managing Committee is followed. He is also requested to report on paragraphs 4 and 5 of the resolution for submission to the Managing Committee ^{to take action on paras 2 and 3.}

SUPERINTENDENT OF MACHINERY'S OFFICE

Karachi, 18th Feb: 1926.

MEMO :-

Undersigned has the honour to inform, the Executive Engineer, that the drainage application of Bungalow No:10, Staff Lines, Civil Lines Or: owned by Mr: Edulji Dinshaw has been received through the proper channel.

But before granting permission for sewage connection, the Municipality should make arrangement with the Cantonment Authority, as to the recovery of 3% Tax, as usual, as the bungalow is within the Cantonment Limits.

Mr: Edulji Dinshaw, is carrying out the inside drainage work, without a licensed plumber, which is contrary to the rules. He may therefore be requested to get the work done, through the agency of a licensed plumber.

Karachi, 17th September 1926.

To,

The Chief Officer,

Karachi Municipality.

Dear Sir,

You will permit me to bring to your notice a great nuisance arising from leaking of several gutters on the Robson and Assanmal Roads in Ram Bagh Cerri Khata. The nuisance has been in existence since the heavy rains and although it has been brought to the notice of some officers of the Health Department by local residents it has not yet been removed. At present there are several pools of sewage water which is springing up from underneath the ground. The stench arising therefrom is unbearable and some of the residents are already laid up with fever and other ailments. The nuisance therefore needs immediate attention of the Municipal Authorities. I shall be much obliged if you kindly ask the Engineering or the Health Dept. Officers to visit the site at once and remove the cause of nuisance.

There are no less than 5 or 6 springs from which sewage water is oozing out and they are within a hundred yards distance from the new school under construction on the Robson Road.

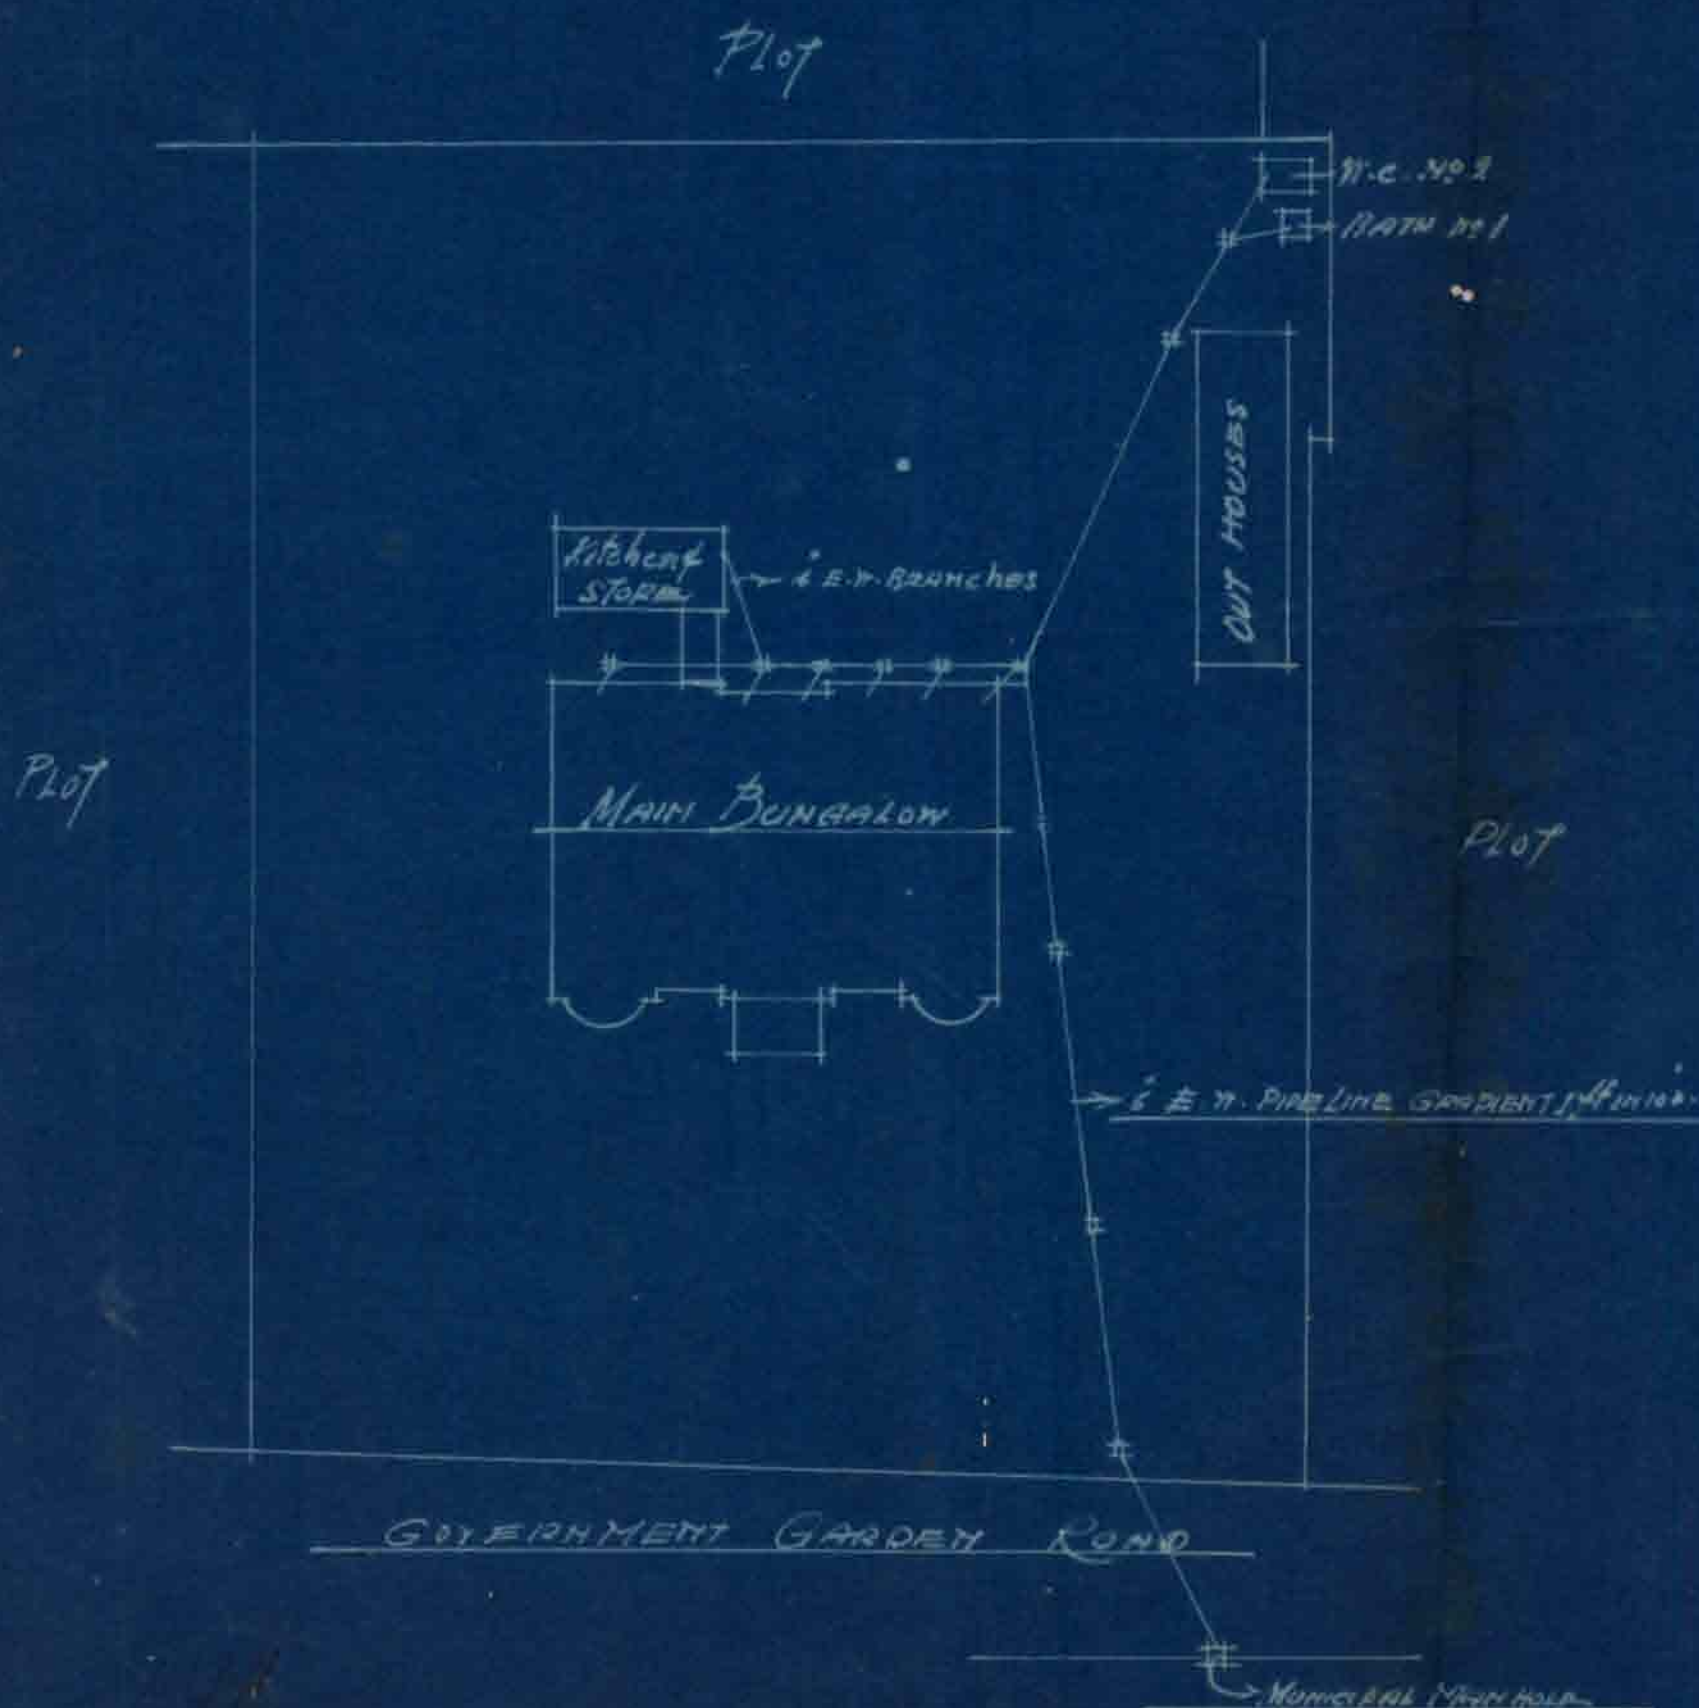

Yours faithfully,

Sd. Hotchand Chandmal.

MUNICIPAL OFFICE

KARACHI.

23rd September 1926.

MEMO.

With reference to memo No. W. 1856 dated the 7th September 1926, Undersigned has the honour to state to the Executive Engineer that the drains are overflowing daily whether there is rain or no rain. If the drains are overflowing due to the excess of water supply, this excess water supply should be cut off immediately as the public health of the City suffers from the overflow of drains. The Health Department have no provision for the maintenance of the drains as the drainage department is not under their control. The drainage men instead of being allowed to move about in the streets with bamboo cheaps be given brushes to clean away the sullage water, they would do far better work, as, often when they are told to clean the drain the only reply received was that the whole line being blocked up they cannot do any thing. The manholes of every house, every compound and of the public streets are all overflowing and to remove the accumulation of drain-water from such manholes, will require an establishment of no less than 200 persons for which there is no provision in the budget- The Health Department has given every assistance in previous years, in brushing up the overflow sullage water, only with a view to safeguard public health. Even at the present juncture, all possible assistance were and are given but as stated above, this is now an assurance of every day and every house and compound-drains together with street-mains overflow; to keep these in a clean condition is an impossible task and if the drainage department cannot control the drains rapidly, a very severe epidemic and general sickness is bound to break out in the City, inspite of all efforts of the Health department to check it.

[Bungalow.]

No: W. 1806 OF 1926.

SUPERINTENDENT OF MACHINERY'S OFFICE

Karachi, 7th September, 1926.

M E M O:-

With reference to his endorsement on Memo no.H/3686 dated 24th August, 1926, Undersigned has the honour to inform the Executive Engineer, that many drains were over-flowing in the last month due to rain and excess of water supply and every year it happens so after the rain.

Complaints of overflow in Ranchhore, Rambaugh and Saddar Br.Qrs. are the standing ones for the last many years. Drains over-flow in those quarters in case of fire, excess of water supply or if the Ejector gets out of order.

Sweepers of Health Department generally brush the over-flow sewage water for the last so many years, whenever required specially after the rain; and whenever the Health Dept. were suggested to give assistance of some sweepers to clean sewers they most willingly assisted the Drainage Department. At present there are only 60 koondimen and 29 cart-drivers for the whole city of Karachi which in the Undersigned's opinion are not sufficient to meet the present demand of the city.

No provision has been made in the Budget to dispose of the sullage water which runs on the roads. This work is always been attended to by the Health Department, and no complaint is made up-till now, and if the Health Department is unable to attend to this, the Health Officer may be requested to give his opinion so that provision may be made in the next year's budget.

R. W. Smith
