

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

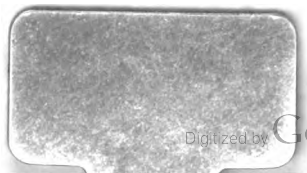

About Google Book Search

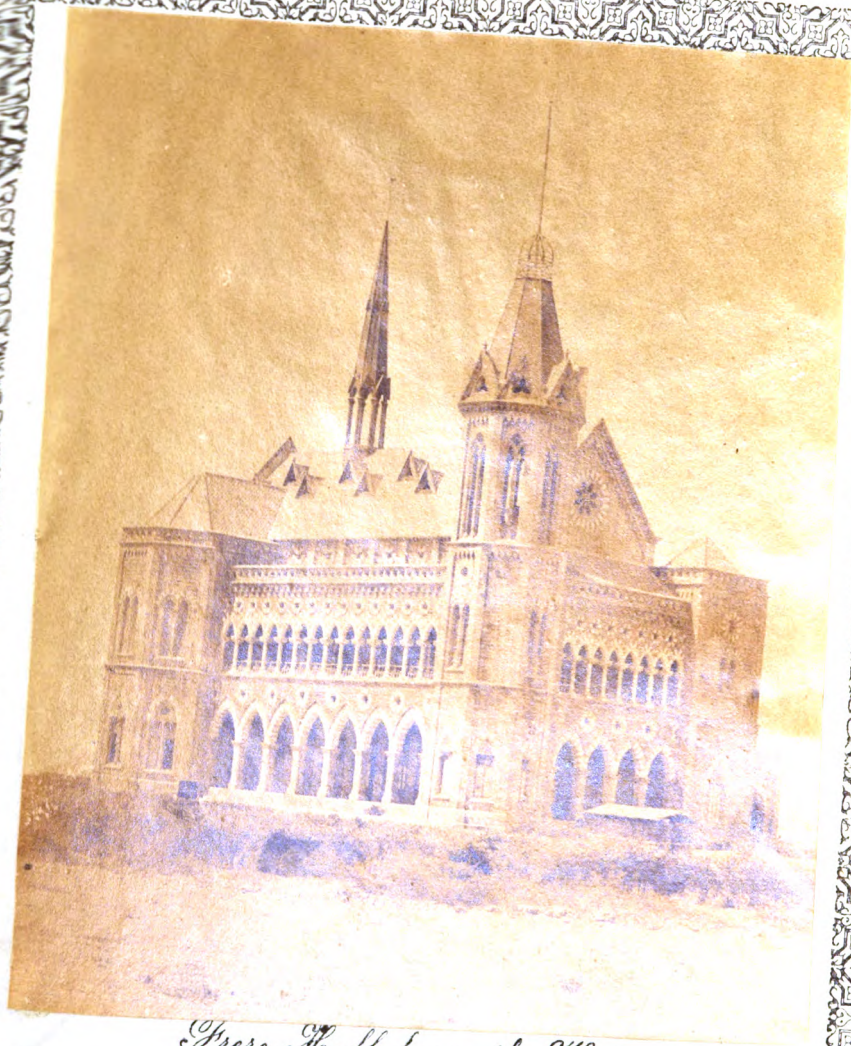

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

TO
SIR WILLIAM LOCKYER MEREWETHER,

K. C. S. I. AND C. B.—COMMISSIONER IN SIND.

SIR,—In acknowledgment of your patronage, and the very kind support and encouragement which you have given their undertaking, the Select Committee of the Kurrachee Exhibition

of 1869, beg you will permit

them to dedicate to you

THIS RECORD

of an attempt to remove

the barriers to improvement,

—raised by ignorance, and by the practice of

the land to adhere implicitly to the usages and customs of their forefathers;—to enable the people to test such precedents by the progressive improvements in design, in taste, in utility, and convenience, which all arts and professions are daily passing through, with the everchanging condition of society, consequent on the advance of knowledge and wisdom; to shew them the various materials placed at their disposal by a kind Providence, from which they may derive incalculable sources of increased domestic comfort; and, by the interchange of skill, and the acquaintance of each other's resources, to free Truth from the measure of error with which it has been burdened by prejudice and narrow views of human policy;—and to promote generous and kindly feelings, and a friendly rivalry in the exercise of the faculties which a Beneficent Creator has bestowed upon mankind for their mutual good and happiness.

I remain, sir,

your most obedient servant,

ROBERT HILL PINHEY, President,

Select Committee, Kurrachee Fair and Exhibition.

FRERE HALL, 31ST DECEMBER, 1870:

232. f. 275.

To

ROBERT HILL PINHEY, Esq., C. S.

President,

AND TO THE MEMBERS OF THE SELECT COMMITTEE

of the Kurrachee Fair and Exhibition.

GENTLEMEN,

The Kurrachee Exhibition of 1869 has been achieved ! The undertaking was commenced in hope, carried on with zeal and perseverance, and, I am glad to say, accomplished with a measure of success that only few anticipated, but which astonished many. We were aware that the natives of the country would scarcely be able to understand or appreciate our labours, but still it was well to try to lead even these to a consideration of the various things which we brought together, and at the same time to acquaint them, as well as those who were better able to turn the knowledge to account, how the neighbouring Provinces had progressed in their arts and manufactures, and to shew them the resources of this and other countries.

2. A Prospectus, dated 25th August 1868, was put forward by a few residents for the approval of the Kurrachee community "interested in the promotion of objects having in view the development of trade, cordial intercourse between classes, and profitable recreation," during the ensuing Christmas week. It was intended to obtain the use of the Frere and Masonic Halls, and of the grounds adjacent.

First
Prospectus.

I. That the Frere Hall may be devoted to the Exhibition of the products and manufactures of the Province, and objects of curiosity, and to the sale of cloths, light and fancy wares, and articles manufactured in the Schools and Military Workshops of this station and Hydrabad, and by the Soldiers' wives.

II. That the upper rooms may be reserved for Penny Readings, popular lectures, public addresses, performances by amateurs and "negro minstrels."

III. That one or two rooms may also be allotted for refreshments, excluding intoxicating drinks.

IV. That the Masonic Hall may be made useful for the Exhibition of miscellaneous articles, and for other purposes.

V. The proximity of the General Museum would add to the attractions of the occasion.

VI. About the grounds, tents may be pitched, under due supervision, for the sale of wares and of articles fit for presentation as gifts of the season.

VII. Merry-go-rounds, Aunt Sallys, and Soldiers' games, may occupy a share of the grounds, the plain beyond General Cunningham's Bungalow being also available.

VIII. The Commissioner in Sind, and the Major General Commanding the Division, will be requested to let the Fair be under their patronage, and the Commissioner will also be requested to ask the District Officers to acquaint the inhabitants with the objects of the Fair, invite contributions to the Exhibition, and encourage traders and others to attend.

IX. Committees will be appointed to exercise general supervision over the management of the Fair, receive contributions for the awarding of prizes, and fix a scale of fees for occupancy, &c., &c.

X. A Committee will be nominated also, whose duty it will be to fix and allot prizes.

As Christmas time is a holiday season, and all public and private offices are closed, it was believed that no better occasion for holding a Fair could be taken—possibly an excursion Steamer would come with visitors from Bombay. It was also thought that the receipts from the donors and occupiers of booths, &c, would leave a balance which would form the nucleus of a “Kurrachee Christmas Fair Fund.”

3. Sir W. L. Merewether, who is well known to be ever ready to promote the welfare of this Province, kindly and promptly, assured the projectors of the above prospectus, through Mr. Moore, the Assistant Commissioner, that “the Commissioner in Sind will be happy to give the Fair his support, and that he wishes all success to the undertaking.” Major General Sir G. Malcolm, Commanding the Division, and Colonel Lambert, Collector of Kurrachee, likewise promised their support, and wished the Fair success.

4. A General Committee for the supervision and management of the Fair was soon after formed, and the following gentlemen became members of the same :—Colonel Southey, Colonel Church, Captain Merewether, R. E., Major Ronald Campbell, Messrs. T. G. Newnham, W. T. Cole, L. M. Marescaux, T. S. Speck, J. Grant, D. Ross, A. W. Hughes, E. Nash, E. T. Beauvais, D. McNiell, D. McIver, W. A. Ingle, M. V. Cumins, D. McKenzie, W. Noonan, R. Bell, J. Henderson, Jemsetjee Ardaseer, G. Elander, Ardaseer Goostadjee, Abdool Wahad, Joosoph Abdulla, Ramdass Bhanjee, Atmaram Pretumdass, Ootumram Khoobehund, Hormusjee Sorabjee, Merwanjee Bomanjee, W. Patton, W. Maher, H. Treppass, T. Cossar, Jehangeer Jemsetjee, E. Brooks, Khan Sahib Goolam Hoossein, and Khan Bahadoor Moorad Khan.

5. At a Meeting (held on the 31st August 1868,) of the gentlemen who had consented to act on the general Committee of Management, the following Sub-Committees were formed :—

First Meeting of the General Committee.

I. *The Exhibition Committee.*—To invite and receive raw and manufactured products, and other articles for
 The Exhibition Sub-Committee. Messrs. W. T. Cole, E. T. Beauvais, A. W. Hughes, D. McNiell, D. Ross, W. A. Ingle, Jemsetjee Ardaseer, Atmaram Pretumdass and Khan Sahib Goolam Hoossain.

II. *For Machinery and Mechanical contrivances, &c.*—To assist in the selection of Machines, Mechanical contrivances, Agricultural implements, &c., so as to shew progressive improvement, and render it more convenient to the public and those interested, to choose whichever is best and cheapest for their purposes. Captain Merewether, R. E., Messrs. T. G. Newnham, T. S. Speck, and T. Cosser.

III. *The Executive Committee.*—To plan and mark out the grounds for the purposes of the Fair and Exhibition, and to make arrangements for Games and other sources of recreation and amusement :—
 The Executive Sub-Committee. Colonel Southey, Colonel Church, Major R. Campbell, and Messrs. E. Nash, D. McKenzie, G. Elander, R. Bell, M. V. Cumins, H. Treppass, E. Brooks, and Merwanjee Bomanjee Wadia.

IV. *The Trade Committee.*—To communicate to the Kafilas and Traders the important objects of the Fair and
 The Trade Sub-Committee. Exhibition, and to induce them to participate in the commercial and other advantages of the project. The General Committee felt assured that, by the kind attention and considerate persuasion of the members of this Sub-Committee, the undertaking was more likely to be established as a source of rational and agreeable relaxation, as well as the means of diffusing a great amount of useful and interesting information.—Messrs. D. McIver, L. M. Marescaux, J. Grant, W. Noonan, W. Maher, J. Henderson, Ardaseer Goostadjee, Ramdass Bhanjee, Ootumram Khoobchund, Hormusjee Sorabjee, Abdool Wahad, Joosooph Abdool, Jehangeer Jemsetjee, W. Patton, and Khan Bahadoor Moorad Khan.

Honorary Secretary and Treasurer.—Mr. W. A. Ingle, was requested to accept the office of Honorary Secretary, and Mr. J. Henderson, was also requested to accept the office of Honorary Treasurer, to the Kurrachee Christmas Fair and Exhibition.

Honorary Secretary and Honorary Treasurer.

History of the Fair and Exhibition.—With the view that a full and complete report be prepared, Mr. A. N. DeFleurimont, (since deceased,) was requested to record the progress of the undertaking.

History of the Fair and Exhibition.

Shows.—At this Meeting of the General Committee it was decided that, as Vegetable, Fruits, Flowers, Poultry and Cattle Shows, should form integral parts of the Fair and Exhibition, that these Shows should likewise be stimulated by Prizes. It was hoped that much good might be produced by a little judiciously administered approbation, acting on a spirit of competition; considering that some, if not all, of these products require regular and almost daily attention, it would be necessary to award some Prizes, for by such notice and encouragement only could habits of industry be, as it were, incidentally induced among the natives of the country, who would otherwise, without such stimulus, spend their time in idleness, and trust to chance—and this intention of the General Committee was to be made known to the public as early as practicable.

Shows.

Donations and aid from without.—It was decided that donations towards the undertaking in view be accepted, and deposited by the Honorary Treasurer in one of the Local Banks, subject to the orders of the General Committee; also, that the Honorary Secretary should ascertain what assistance the Sub-Committees were likely to receive from the Collectors and Deputy Collectors in the Province.

Donations and aid from without.

6. The above resumé of the proceedings of the first Committee will, I trust, shew how cordially and with what care and attention the promoters of the Exhibition acted from the commencement, in furtherance of the ob-

jects they had in view, and I have now to acquaint you that (vide list of Donations, Appendix A) the residents of Kur-
Donations received: rachee, and other parts of the Province, sent donations to the amount of Rupees 1,400-12-4 to provide Funds to award Prizes, and to meet contingent expenditure.

7. The objects of the Fair and Exhibition were widely promulgated, both in the Local Newspapers, and in
Objects of Fair and Exhibition those of the neighbouring Provinces, viz :—
 freely ventilated. Sindian, Sind News, Sind Summachar, Sind Sudhar, Times of India, Bombay Gazette, Native Opinion, Poona Observer, Deccan Herald, Mitrodya, Dnyan Prakash, Indo Prukash, Indian Public Opinion, Delhi Gazette, Lucknow Times, and Mofussilite.

8. The Commissioner in Sind was pleased (vide Circular, Appendix B) to address the Collectors, and Political Superintendents in the Province, in regard
Commissioner in Sind kindly to the due ventilation of the objects of the
 co-operates in making the Fair and Exhibition. Since translations of
 the project yet more generally known. the same were likewise freely distributed throughout the country, by Mr. Moore, the
 Assistant Commissioner in Sind, and by myself. Intimation was received, by the Committee, that the Commissioner in Sind had also forwarded copies of the Prospectus, &c., to the Punjaub Government for general information and co-operation (vide Appendix C).

9. As suggested by the Exhibition
Copies of Prospectus, &c, sent Sub-Committee, I lost no time in forwarding
 to all interested in the wel- copies of the Prospectus and Proceedings of
 fare of the Province. the First General Meeting to all, both in
 India and elsewhere, who were believed to be well-wishers of the Province.

10. These endeavours were, I feel glad to state, so successful that, even before the second Meeting of the General Committee which was held on the 19th
Early aid from without afforded. September following, I was prepared to lay before it many assurances of support, and promises of contributions ; also,

proposals to send for Exhibition and sale, articles of silver, &c., to the value of more than Rupees 4,000. Mr. E. T. Beauvais, forwarded a donation of Rupees 50 with the suggestion that the last day's amusements at the Fair should terminate with a tea-party to the wives and children of European Soldiers in Kurrachee.

11. Mr. Bence, Superintendent of the Government Telegraph in Sind, very kindly offered to place at the disposal of the Committee, specimens of line wire, cabling, and other Telegraph materials, and to lend an instrument for a few days, with the services of an operator to manipulate it, and open a Telegraph Office on Post Office principles—if such would prove useful.

12. Finding that the undertaking was so favorably received and acknowledged, and that there was every likelihood of many articles being sent from the neighbouring Provinces, from Bombay, and elsewhere, the General Committee at once decided upon ascertaining whether the Agents of the Sind, Punjaub, G. I. P. and B. B. & C. I. Railways, would allow articles for the Fair and Exhibition to be conveyed by their several Railways free of charge; also whether the Agents of B. I. S. N. Company, and Indus Steam Flotilla, could likewise exempt such articles from freight. It was deemed desirable to obtain exemption, if practicable, from Customs dues on the articles imported, bona fide, for Exhibition, and also from the Town duties which are levied by the Municipality.

13. At this stage of their proceedings, the General Committee, wished to consider whether silver and bronze medals might not be awarded where such recognition of merit should be found necessary.

Awards of Silver and Bronze Medals under consideration.

14. With a view to render it convenient to communicate and to send propositions and suggestions, from time to time, to the several Sub-Committees, for their consideration, the following gentlemen were chosen as corresponding members, viz :—

Exhibition Committee		Mr. W. Ingle.
Machinery do.		Captain Merewether, R. E.
Executive do.		Mr. G. Elander.
Trade do.		Mr. Ardaseer Goostadjee.

15. At the third General Meeting (held on the 31st October) I was enabled to lay before it the replies elicited by the applications, made in accordance with the views expressed in para. 12, (vide appendices under D) and to state that the free conveyance which was so kindly offered by the Indus Steam Flotilla, and Sind Railway was, without delay, made generally known, by notices both in English and in Sindee throughout this Province, and in that of the Punjab.

16. Some more letters conveying assurances of support, and further contributions to the Exhibition amounting to more than Rupees 4,000, were laid before the General Committee on this occasion. Thus far our project had sailed, as it were, before the wind, and exuberant imagination had decked it out in the most alluring drapery that fancy could fabricate, when our onward course was checked, and in such a way as to threaten, at one time, to founder all. The General Committee was now informed (vide appendices E,) that, in a sanitary point of view, it was most objectionable that the grounds adjoining the Frere Hall should be used for the purposes of the Fair; and the Race Course was proposed instead. Two gentlemen, residents of this latter quarter, also came forward and objected, on similar grounds, to the Fair being held there. Hence a dilemma arose—when, partly to allay the excite-

ment which these objections produced, and partly to ascertain whether matters could not be arranged without having recourse to the measure proposed, the general Committee appointed a deputation to attend upon the Major-General Commanding the Division, and if necessary, upon the Commissioner in Sind, to explain that it was never their intention that visitors to the Fair should remain in the vicinity of the Frere Hall during the night; and that with regard to the few who must stay, in order to guard their property, the greatest care would be taken to secure such sanitary arrangements as would prevent any inconvenience arising therefrom. The deputation was formed of the following gentlemen:—Captain Merewether, R. E., Messrs. T. G. Newnham, E. T. Beauvais, D. McKenzie, W. Maher, W. Noonan and myself.

17. The deputation failed to remove the impression, which had been made on the Major-General Commanding the Division, that they fail in their object. It was objectionable to hold the Fair in the vicinity of the Frere Hall.

18. At this juncture some of the Committee would, on the impulse of the moment, have readily voted for the abandonment of the undertaking altogether; but the kindlier feelings of the others prevailed—as opinions are often so contrary and uncertain, that two truly honest men may act in direct contradiction to each other with the best intentions—they reasoned that, although we thought differently, it would be ungenerous, and perhaps evince a contracted understanding, if we could not concede something to the conscientious opinions of those who believed they were acting for the public good.

19. Owing to the unavoidable delay caused by the above interruption, and consequent change to be made in the arrangements originally determined upon, the Project postponed, provisionally, to 15th March 1869, which left no time to prosecute the scheme with any reasonable hope of success, and as an impression had been made upon the public mind, even locally, that the Fair

and Exhibition would be abandoned, it was deemed advisable to postpone the project until such time as the Commissioner in Sind, who had so kindly taken the enterprise under his patronage, could be consulted in the matter, and to afford him an opportunity to be present to open the Fair and Exhibition in person. It was likewise necessary to fix upon another site for the Fair, where the native dealers and the community generally could assemble without inconvenience. The General Committee resolved (at their sixth Meeting on the 21st November) that the Fair and Exhibition be postponed to the 15th March, pending Sir W. L. Merewether's reply.

20. The Commissioner in Sind approved of the Resolution, which the General Committee had come to in regard to the postponement of the Fair, but observed (vide Appendix F) that as April, in some years, had proved a very hot month, and as the port of Kurrachee is fairly open only after the middle of September, the first week in October might be chosen when there is usually an annual gathering for the races, and the temperature, compared with April, somewhat pleasant; besides it would afford full time to mature the scheme. He assured the Committee likewise that, at whatever time the Committee may choose for the opening of the Exhibition, it would afford him very great gratification to be present and to join in the ceremony. The General Committee thereupon unanimously, and with revived hopes, consented to the suggestion to postpone the Fair and Exhibition to the 15th October, 1869.

21. Grateful for the warm interest evinced by Sir William Merewether, and the hearty co-operation which he had afforded them, the General Committee again took up the subject of the Medals, and proposed that 25 Silver and 50 Bronze Medals, bearing on one side a bust of Sir William Merewether, and on the other the Frere Hall, with the necessary inscription, should be obtained—to award as Special Prizes, and that the Commissioner be solicited to accord his consent to the same.

While fully appreciating the personal honor which the General Committee desired to shew him, Sir William Merewether suggested (vide Appendix G) that, as the design savored rather too much of the immediate locality, and had not sufficient reference to the scope which it was hoped the Exhibition may command, and as we looked to bring people from all parts with a view to the extension of knowledge and commerce, under the protection of the Government of our Gracious Sovereign, the device on one side should be the bust of Her Majesty, and on the other a small group of a Sindhee, Afghan, Punjaabee, and Indian standing round a few bales of merchandise, with the inscription "Kurrachee Exhibition 1869." The Gentlemen forming the Committee, although disappointed in not having obtained his approval to their own proposition, cheerfully and unanimously accepted the above suggestion.

22. After the Commissioner's return to Kurrachee from his tour in the Province, the General Committee deemed it desirable, by means of a deputation, to ascertain what further support, in addition to the local contributions, they might expect to obtain from Government. They were informed that application should be made to the several Local Fund Committees in the Province. Thereupon the Collectors of Kurrachee, Hyderabad, and Shirkapoor were addressed on the subject asking them for contributions from the Local Funds towards furthering the objects contemplated by the Committee, viz :—to enable them to prepare a list of Prizes, on a scale sufficiently liberal, to induce, not only parties in Sind to forward articles for Exhibition, but also residents in the Punjaub and other places adjacent to Sind, &c., &c. These applications were responded to, as shewn in Appendix A.

23. As the time to which the Exhibition was postponed was drawing nigh, and as it was necessary in consequence of the increase of contributions, &c., to put forth definitely what were the objects of the Kurrachee Fair and Exhibi-

Object of Exhibition defined, and General Rules framed.

tion, as well as to adopt General Rules, and append a list of detailed Prizes, a General Meeting was held, on the 7th August, 1869, at which Meeting Sir William Merewether was also pleased to preside. The following revised prospectus and rules were adopted.

24. Object of the Kurrachee Fair and Exhibition. The object of the Kurrachee Exhibition and Fair is to bring together for show and competition, cattle and other live stock, improved agricultural implements and machinery, articles of local agricultural and forest produce, and specimens of industrial manufactures and art, and also to afford an opportunity of comparison between the productions of this and the neighbouring provinces.

25. The Exhibition will be arranged
 Exhibition arranged in 5 Groups. in (5) five groups,—these groups will be severally sub-divided into classes as shewn in the list appended.

26. The following Agents have been
 Agents. appointed for the purpose of assisting exhibitors in the despatch of articles for the exhibition :—

Mooltan.....Captain Gillett.

SukkurCaptain Edwards.

HydrabadMr. Patton and Rao Bahadoo, Dewan Bejasing.

KotreeMessrs Budgett and Hughes, and Mr. W. Phillips.

Bombay,.....Messrs Jehangeer Framjee & Co.

27. The General Committee will not receive charge of, or be responsible for, the keep of Animals sent to compete for prizes or for show. Exhibitors will be expected to make their own arrangements in regard to such matters.
 Irresponsibility with regard to keep of Animals.

28. But in respect to all articles sent for sale or exhibition, every possible precaution will be taken for their safe custody during the exhibition, and the General Committee will also duly attend to their sale or disposal otherwise, but they will not hold themselves responsible for any damage or loss which may occur in transit.

General Rules.

General Rules.

29. 1.—No article of any description purchased during the Exhibition will be removed before its close, without the permission of the Committee.

2.—No article of any kind admitted to compete for prizes will be removed before the close of the Exhibition, without the special sanction of the Committee.

3.—Prizes will be given for articles of Sind produce, and special prizes for those of neighbouring provinces.

4.—Each prize-holder will receive a certificate, stating the amount of prize, cause of award, &c. In exceptional cases of peculiar excellence, silver or bronze medals will be awarded.

5.—Should any article or object adjudged to be the best of its class, be nevertheless considered by a jury to be of such mediocre character as not to entitle the exhibitor to a prize, or only to a prize of diminished value, then it will be at the option of such jury to withhold or make award accordingly.

6.—Intending contributors are requested to send in to the Secretary, as soon as possible, a list of their proposed contributions, in the form annexed (form. D.) These lists should reach the Secretary at the latest by 15th September, 1869.

7.—Every possible precaution will be taken for the safe custody of articles during the Exhibition; but it would be advisable that contributors should, more particularly in the case of articles of value, forward them un-

der charge of an attendant. Articles of different groups should not be placed in the same packing-case. Particular attention is requested to this, else great confusion will result.

8.—No articles specified in classes 2, 3, 4, 5, 6, 8, and 10, under group II, will be returned, unless the owners specially appoint some one to apply for, and receive them, at the close of the Exhibition; and unclaimed articles belonging to the above classes will be disposed of as the Committee think fit.

9.—The same animal or article will not be allowed to get more prizes than one.

Live Stock.

I. No live stock will be received before the 18th October, 1869.

II. A ticket, giving the following particulars, in English and the Vernacular, must accompany all live stock:—

Form A.

Group and Class.	Name.	Price, if for sale.	Name, village, District of Exhibitor.	Remarks.

Machinery and Agricultural Implements.

I.—Each article of machinery and all agricultural or other implements, are to have attached to them a ticket giving the following particulars, both in English and Vernacular:—

Form B.

Group and Class.	Name.	To what use applied.	Price, if for sale.	Dimension and weight.	Name and Residence of exhibitor.	Name and Residence of maker.	Remarks.

XV.

Dairy and Raw-Produce and Manufactures.

I—Dairy produce will not be received until the day after the Exhibition opens.

II—All articles of produce exhibited to compete for prizes must be accompanied by a certificate that they have been grown or made by the Exhibitor, or under his directions.

III—All samples of produce must be sent in boxes of the following dimensions,—10 inches by 4 and 3 in depth. The boxes should have sliding lids and should be fairly filled.

IV—Each box to have a label on the outside showing the group and class of article and name and residence of sender.

V—Every box containing an article of manufacture or raw-produce, &c., in addition to the outside label mentioned in Rule IV, should have in the inside a list giving the following particulars :—

Form C.

Group and Class	Name.	To what use applied.	Price, if for sale	Name and Residence of exhibitor.	Name and Residence of maker or producer.	Remarks.

Form referred to in Rule 6 of the General Rules.

GROUP.

CLASS.

Form D.

Number.	English name.	Native name.	Scientific name.	To what use applied.	Price, if for sale	Dimension or weight.	Name and Residence of exhibitor.	Name and Residence of maker or producer.	Remarks.

N.B.—The articles should be divided into groups and classes according to the classification given above. In the column of remarks should be entered the wishes of the Exhibitor regarding the final disposal of the articles contributed by him, and also any remarks of interest regarding the objects; such as mode of manufacture, uses, history, &c., great inconvenience would be saved if the lists of large Exhibitors could be prepared in a book form.

Labels and Tickets can be obtained on application to the Secretary, stating number required.

30, *Arrangement into Groups.*

GROUP I.

Live Stock,

Arrangement of Articles into Groups.	Class	I	Cattle.
	"	II	Horses and Ponies.
Group I.	"	III	Sheep and Goats.
	"	IV	Poultry and Fowls, &c.
	"	V	Camels.

In this branch of domestic economy there was much to be desired in the way of improvement, and it is hoped that, with the encouragement which it was proposed to give, an advance would be made in the production of better breeds of cattle, both in regard to profit as well as appearance. This Group was confided to the following Sub-Committee :—Messrs. E. T. Beauvais, J. Grant, E. Brooks and Abdool Guffoor.

31.

GROUP II.

Agricultural and Animal Products, &c.

	Class	I	Country Dairy Produce.
	"	II	Grain.
Group II.	"	III	Pulses.
	"	IV	Tubers.
	"	V	Fibres.
	"	VI	Cotton.
	"	VII	Dyes.
	"	VIII	Oil Seeds.
	"	IX	Tobacco in leaf.
	"	X	Sugar cane and Raw Sugar.
	"	XI	Wool.
	"	XII	Honey and Wax.
	"	XIII	Tea.
	"	XIV	Tobacco (prepared)
	"	XV	Sugar, (refined)
	"	XVI	Preserves.
	"	XVII	Oils.
	"	XVIII	Drugs.
	"	XIX	Spirits.
	"	XX	Perfumes.
	"	XXI	Fruits.
	"	XXII	Vegetables.
	"	XXIII	Flowers.
	"		Sundries.

So as to superintend this large group with requisite care it was entrusted to two Sub-Committees as follows :—

For Classes 1 to 11.—Messrs Cole, A. W. Hughes, Noonan, Dinshaw Peroshaw, and Atmaram Pretumdass.

For Classes 12 to 23.—Colonel Southey, Messrs Maher, McNeill, Ardaseer Goostadjee, Dawanmull Suchanund, and Byramjee Peroshaw.

32. GROUP III.

Forest and Mineral Products, and Materials used in construction.

Group III—Class	I	Indigenous Timber.
	„ II	Building Stone.
	„ III	Lime.
	„ IV	Saltpetre.
	„ V	Gums and Resins.
	„ VI	Honey and Wax.

As a full and fair representation of all that is produced in this Province under this group, especially as shewn in classes 1 to 3, could not but prove of the greatest importance, it was entrusted to the following Sub-Committees:—

For Classes 1 to 3.—Captain LeMesurier, Messrs. Fenner, Hormusjee Sorabjee, and Hameesjee Ebramjee.

For Classes 4 to 6.—Messrs McKenzie, Bell, and Merwanjee Bomanjee.

33. GROUP IV.

Arts and Manufactures.

Group IV—Class	I	Cotton Fabrics.
	„ II	Woollen do.
	„ III	Silk do.
	„ IV	Embroidered Fabrics.
	„ V	Fibrous Manufactures.
	„ VI	Jewellery.
	„ VII	Hardware and Cutlery.
	„ VIII	Porcelain and Pottery.
	„ IX	Furniture and Upholstery.
	„ X	Ornamental Carving in Ivory, Wood, Stone, &c., &c.
	„ XI	Inlaid work in Marble and Wood.
	„ XII	Leather manufacture and Horse gear.
	„ XIII	Paper (Country manufacture.)
	„ XIV	Models, Statuary, Paintings, &c.

This important Group was entrusted to the following two Sub-Committees :—

For Classes 1 to 7.—Messrs McIver, Elander, Jemsetjee Ardaseer, Ardaseer Cursetjee, and Abdool Wahad.

For Classes 8 to 14.—Messrs Marescaux, J. Henderson, M. V. Cummins, H. H. Treppass, and Jehangeer Jamsetjee.

34. GROUP V.

Machinery and Implements.

As originally provided for, this group was placed under the supervision of Captain Merewether, R.E., Messrs Group V. T. G. Newnham, Cosser, and Speck.

35. The following is an Abstract of the Funds set aside, to be distributed as Prizes under each group.

Groups				Prizes.		
Group I	...	..	...	850	0	0
Do II	...	...	...	800	0	0
Do III	...	...	...	300	0	0
Do IV	...	...	..	1600	0	0
Do V	...	...	...	500	0	0
Medals and Special Prizes.	...	...	...	950	0	0
Total...				5000	0	0

The detailed list (appended) will shew how the prizes have been allotted to the several sub-divisions under each group.

36. A Special Committee was also formed to purchase articles worthy of imitation, and likely to be of local benefit, to the extent of about Rupees two thousand. This Committee was composed of the following gentlemen :—Messrs Moore, T. G. Newnham, E. T. Beauvais, and Captain LeMesurier, R.E.

37. Messrs McNeill and Ardaseer Goostadjee, were appointed Auditors.

Bath Island chosen for the "Fair."

38. On this occasion the General Committee decided that Bath Island should be chosen as the site for the ensuing Fair.

39. Having made arrangements as above shewn, the affairs of the Exhibition again progressed as favorably as could be wished. Many rare and valuable articles had already arrived, and others were known to be in transit; among these were valuable silks, carpets, pottery, hardware, &c., sent on behalf of the state of Bhawulpoor by Major C. Minchin, the Political Agent there. Intimation was received from Umritsur, that a choice Selection of Shawls, Pushmenas, &c. would be sent from that quarter. The Committee appointed to purchase articles for the Exhibition, had also caused remittances to be sent to Delhi, Lahore, Kaira, Poona, Surat and elsewhere, for such articles as would prove interesting: but "*L'honnête propose, Dieu dépose*"! Cholera made its appearance in the Province, and raged to some extent in the adjoining countries. The Medical Authorities at Kurrachee thought it highly desirable, that the Fair and Exhibition should be again put off until December, or January, and Sir William Merewether, who shared in the regret which we all felt, that there should again be delay in carrying out a project for the good of the Province, also thought that, under the circumstances, such delay was inevitable, and that it was undoubtedly wise to avoid any thing that might mar the success of the undertaking, or risk injury to those attending the Exhibition, and with this concurrence, the Fair and Exhibition was once more postponed to the 23rd December, when, it was hoped, all danger from the epidemic which prevailed, would have passed away.

Fair and Exhibition again postponed to the 23rd December, 1869.

40. It was subsequently found necessary to appoint a select Committee to arrange and carry out further measures in accomplishing the objects of the Fair and Exhibition. This Committee was fully empowered to make from time to time, such

Select Committee to arrange and carry out further measures, appointed.

disbursements as it found necessary without recourse to a General Committee. That it should consider and adopt such measures as were deemed advisable in regard to the following points, viz., Police, Servants, Clerks, Doorkeepers, tents, water, forage, wood, sheds, &c., &c., and that the rates of admission, &c., should be left to its decision. Any five Members, assembled at a Meeting of the Select Committee, was to be considered a quorum. The gentlemen elected as Members of this Committee were Messrs J. G. Moore, T. G. Newnham, E. T. Beauvais, A. W. Hughes, G. Elander, T. Cosser, T. S. Speck, Captain Merewether, R. E., Messrs Jemsetjee Ardaseer, and Dawamull Suchanund.

The following Gentlemen were afterwards added. viz.—R. H. Pinhey, Esq., Col. Dunsterville, and Mr. J. Braud.

41. As the time, to which the Exhibition was postponed, drew nigh, the select Committee prepared to erect such Sheds, &c., as they deemed requisite on Bath Island for the purposes of the Fair. Policemen were entertained to guard the property which began to accumulate. It was also found desirable to commence without further delay to lay out, in the Frere Hall, all such articles as were not likely to be injured by lengthened exposure, so as to afford time for the systematic arranging of the whole, being aware that, notwithstanding all our notices, it was quite possible that contributions would arrive later than would be convenient.

42. Unfortunately, as Cholera had only recently raged in Kurrachee, the Medical Authorities again interfered, with a view to prevent the fair being held on Bath Island, and a rumour to this effect was published in the "Our Paper" some time before the Select Committee had any official intimation of the same. The information which was so *freely ventilated* by the Newspaper alluded to, was verified by communications afterwards received, (vide appendix H) and in which we were informed "that should the present (13th November) state of public health continue," Dr. Mahaffy, considered it would be running a great risk by "*holding a Fair near Kurrachee*" on the 23rd December—further, that "the site selected

Preparations commenced.
Another interruption which was happily overcome.

for the Fair, viz:—Bath Island” was most objectionable as it is to the windward of camp. He recommended that “a site for the Fair should be selected on the Muggur Peer road *beyond the Lyaree River.*” The Select Committee after duly considering the objections raised by Dr. Mahaffy, informed the Commissioner in Sind that a better site for the Fair than Bath Island could not be selected, with proper attention to the wants and conveniences of those who may attend it. That as the North wind was known, from long experience, to prevail during the month of December, Bath Island would not be to windward of camp—and, from the enquiries that had been made, it was believed Cholera had then entirely disappeared from Kurrachee. Having answered all the objections raised, the Select Committee also submitted that no time was left to alter the measures they had already adopted, and that another postponement would only be tantamount to the abandonment of their undertaking. This last attempt to mar our project was happily overcome by Sir William Merewether, whose opinion in the matter coincided with that of the Select Committee.

43. Sir William Merewether, who was on his tour in the Districts, returned to Kurrachee to open the Exhibition on the 23rd December. The Opening ceremony, including the address from the Select Committee which was read by yourself as their President, and Sir William Merewether's reply, and all that transpired on the occasion, will be found appended to this letter. Suffice it to say, that everything was done to give eclat, and to render that ceremony one to be remembered at least by the native population who were present on the occasion,

44. Throughout the whole period of eight days during which the Fair and Exhibition lasted, it is gratifying to state that no accident or injury occurred either to person or property.

45. As proposed by some of the native members, a display of fireworks, more than ordinarily grand, signalized the opening and closing days of the

Fair. Athletic Games were also encouraged at the Fair, and every precaution and care were taken to prevent both nuisances and disturbances by Mr. Shewandass Chandoomull, who was appointed for the purpose by the Magistrate of the District Colonel Dunsterville.

Athletic Games.

46. The last day of the Exhibition was open solely for the convenience of native ladies, who did not fail to take advantage of the opportunity offered to them.

Last day of Exhibition for Native Ladies.

47. A Christmas Tree, which provided for more than two hundred and fifty children, and a Tea party to the wives and children of the soldiers in the Garrison, as well as the children of the different Schools in Kurrachee, pleasantly closed the last evening of the Exhibition on the 30th December, 1869.

Christmas Tree, and Tea party to wives and children of Soldiers, &c, closes the Exhibition.

48. Notwithstanding the forebodings which, from time to time, were heard I am happy to be able to state that the health of Kurrachee was in no way affected, and that the result of the Fair and Exhibition did not prove injurious to the health of the troops or the inhabitants of the town. One thing is certain, that during the Christmas holidays, we afforded our fellow citizens and others the profitable recreation which we promised to give them from the commencement.

The health of Kurrachee not affected in the manner foreboded.

49. The Catalogue, which I do myself the honor to append to this Report, will, I trust, fully acquaint you with the contents of our Exhibition. It may perhaps be unnecessary to advert to it otherwise than to shew, in a summary way, how each of the five Groups were brought forward for exposition.

Catalogue of Articles Exhibited.

50. In Group I, which embraces Live stock, our expectations were not realized. Though there are many cattle, of excellent breed, in many parts of the Province, and though sheep and goats

Group I, Summary.

are extensively bred, they were not brought forward to compete for the Prizes. One reason, and the chief one which I can assign for this inattention on the part of the people of this Province, is, that owing to the vague and unfavorable reports which had been spread abroad regarding the postponement, and even the abandonment of the Fair and Exhibition, many who would otherwise have made an appearance, hesitated to do so, until it was too late. Add to this, that the time was most inconvenient for the Mahomedan population as it was their principal fast of the Ramzan. There was a meagre show of Horses, Mares, Colts, and Camels, but nothing like what should have been, and what the Province itself could well have afforded. However, the stimulus, slight as it is, which has been given in the way of Prizes and Medals will have, I feel sure, a beneficial effect.

51. Group II. which comprises Agricultural and Animal Products, was extensively and creditably filled, but I am sorry to state, that the necessary care and attention required by the Rules, were wanting, and consequently the Jurors were not enabled to award more than a few prizes. Grain, Pulses, Oil Seeds were brought forward, and very many samples of each kind were received, but not in such quantities, or accompanied by the certificate which was required. Dyes, Cotton, Fibres, Drugs, Oil, and Ghee, obtained Prizes.—Cotton has been specially reported upon by the Jurors themselves, and there is every reason to anticipate that in process of time, it, as well as Indigo, and Safflower, will become staple products of the Province. Cotton, and Indigo particularly, setting aside the Indigenous varieties which are brought into the market, are found growing wild in the hilly tracts.

52. Group III. *Forest and mineral Products and Materials used in construction.*—Choice collections of indigenous timber, as well as a collection from the Kala Nuddee Forest, of building Stone in Sind, of Gypsum, of Salt and Saltpetre, and Gums, were exhibited and obtained prizes. The varieties of Lime and Sandstone sent by Mr.

Braud, attracted some attention. There was also a small collection of Fossils, Coal, Salt and Saltpetre, obtained from the Kalabagh range exhibited by Captain Hampton.

53. Group IV. *Arts and Manufactures*.—When I state that this Group literally overshadowed all the others, perhaps some idea may be formed how considerable was the number of articles

Group IV, Summary.

of various manufactures exposed to view. Cotton, Woollen, Silk, and Embroidered fabrics predominated. These attracted attention, and were well worthy of inspection. Cotton and Silk carpets, from Bhawalpoor were much admired, and, with the exception of two expensive Silk ones, were at once bought up. The Woollen Carpets manufactured in the Jails of Shikarpoor, Kurrachee, and Hyderabad, also found early purchasers. Those of Shikarpoor were considered superior, and obtained the first prize. There was a fine display of embroidery in Silver, Gold, and Silk, chiefly from Hyderabad, and some from Delhi. The Silks from Bhawalpoor, especially, were beautiful. Those from Tatta (the ancient seat of Loongee manufactures) and from the Punjaub, Delhi, Kurrachee, and Cutch Mandavie, were all decidedly good, and many were remarkably cheap. The collections of Shawls, Scarfs, Chudders, &c., of Cashmere and Umritsur manufacture were, some of them, really superb articles. The Cotton fabrics comprising Table cloths, Towels, Trowser Cloth, Ficking, Horse-clothing, &c., manufactured in the Jails were mostly the best of their kind, and reasonably priced. Other cotton fabrics, manufactured in the districts of this Province, and in Cutch, as wearing apparel suited for Native use, were good and numerous. There was a grand display of Jewellery from China, Delhi, Malta, &c., and of local manufacture. I may without detriment to the others remark, *en passant*, on the famous Cap and sword of H. H. Meer Husson Ally Khan; the first was covered with pearls and other precious stones amounting in value to about Rs. 36,000. The sword, the blade of which is said to have been formed of Meteoric Iron, was also studded with precious stones, and encased in a scabbard of gold, and was valued at about Rs. 25,000. There were also enamelled ware, and enamelled and plain jewellery for Native use, of rare work-

manship. Hardware and Cutlery, as well as Pottery, were seen in all varieties, useful as well as elegant. Ornamental Carving in Ivory, Wood, Stone, &c., and Inlaid Work were, equally with the rest, well represented. Sandalwood boxes from Surat, plain and inlaid, and carved Bread plates, Salvers and Picture Frames, &c., from Saharunpoor, were much admired, and were purchased eagerly. Furniture and Upholstery, manufactured in Bombay and Kurrachee, obtained the approval of the Jurors. Of Leather Manufacture there was no very great display, and such as there was, was simply adapted for native use. There were however even in this class one or two articles, such as ornamented saddle covers and horse gear which were commendable.

Of Fibrous manufactures there were few specimens, but these were so attractive that, before the first day's exhibition closed, they were all purchased. Of Models, Statuary, Paintings, &c., I shall take notice under the head of "Picture Gallery," as nearly all of these, with the exception of the principal models, were exhibited there. With regard to Models, I think it but just to draw your attention to Mr. Jacobs' own description of his model of a self-working pump, for raising water for the purpose of irrigation.

There was an extensive collection of Lacquered Wood-work, peculiar to this Province, and sent from various districts, even from the Frontier districts of Sind. They were remarkably cheap, and in consequence, I was saved the trouble of returning them, as almost all were bought up before the close of the exposition. Among the Sundries under this Group, there were a few English Mechanical Toys collected by the Committee, which attracted, and drew admiration from the Native visitors particularly, some of whom, even after the exhibition had closed, came from Hydrabad on purpose to see and to hear the Musical Chair, the Lady playing the Guitar, and the walking and speaking Doll.

54. Group V. *Machinery and Implements*—Before I enter on a description of this Group, it seems necessary that I should inform you we were deprived of many articles which would
- Group V Summary.

otherwise have been brought forward, owing to the officiousness displayed by one of the local Papers which, without enquiry, spread far and wide that the Exhibition would be abandoned. To prove that such was the result, I may mention one instance of a gentleman in Bombay who offered to bring up a lot of Machinery, such as Punching and Shearing Machines, a Planing and Wheel-tooth cutting machine, a self-acting Lathe, a Drilling machine, Platt's patent Cotton Gin, and, if requisite, Portable engines from 8 down to 2 Horse Power, besides fire arms of various descriptions,—but he informed me, on the 20th December, that he was deterred from doing so by what he had seen in the *local papers*.—There were consequently only a few machines brought forward by Messrs. McKenzie and Cosser, and by the Municipality. The Corn Mill, Stone Crusher, and Steam Roller, were worked daily, and afforded the Zemindars and others an insight to what purposes the mighty power of steam can be applied.

55. *The Picture Gallery*.—As the name implies, was filled with Paintings and proof Engravings, and with Photographs descriptive of Indian, Abyssinian, and other scenes. There were marble Statuettes, tables, vases and other choice articles of vertu, which drew forth admiration from all. Among the many articles exhibited by Major Fairbrother was a very curious pictorial panorama of Japanese life and manners—and also some Chinese pictures. Adjoining this Gallery was a room, ornamented with pictures, which was occupied by the Electric Telegraph Departments. Both the Government and Mekran Telegraphs had kindly come forward to initiate the public into the secrets of this wonderful science.

56. *The Fair on Bath Island*.—As already explained, in regard to the Cattle Show, this portion of our undertaking proved a failure. The postponements from time to time, together with the occurrence of the fast of the Ramzan, deterred many from coming to it, especially from the Districts. When the Exhibition and

Fair was first announced to take place in December 1868, many who came to Kurrachee to attend it (some from the furthest parts of Sind,) had to return disappointed, and it is needless to say that such disappointment would, in a measure, deter others from making similar attempts, even setting aside the epidemic which had only recently raged through this and the neighbouring provinces.

57. Considering the many impediments which had incidentally interfered with the project, as well as the doubts entertained by many, even locally, as to whether our undertaking would ever be achieved, I feel glad to state that the visitors to the Exhibition were more than I had hoped to see, and I do believe that, had the Exhibition been left open for a longer period, many more from both far and near would have been glad to participate in the knowledge which others had acquired, especially when those who had returned to their homes had related to them what they had seen and heard, and that the Exhibition had *really been opened*.

58. I append a Financial Statement of the Receipts and Disbursements, from which it will be observed that there is a balance left from the Funds provided for the objects I have now reported on.

I have the honor to be,

Gentlemen,

Your most obedient servant,

W. A. INGLE,

Honorary Secretary,

Kurrachee Fair and Exhibition.

PROGRAMME OF THE OPENING CEREMONY.

At Noon, on Thursday the 23rd Instant, the Commissioner in Sind will arrive at the "Frere Hall" to open the Exhibition under the salute due to his rank.

A Guard of Honor of 100 strong, under command of a Captain and two Subalterns, will be in attendance.

The Commissioner will be met at the foot of the staircase by the Select Committee, and on the landing, by Colonel Woolcombe, C.B., and other Officers, and will be conducted to his seat on the Dais.

The Address will then be read by the President of the Select Committee, Robert Hill Pinhey, Esquire, C.S. At the conclusion of the address, the Bishop of the Diocese will offer up a prayer, and the Choir will then sing Psalm CVII.—verses 31, 32 and 43.

VERSE 31—O that men to the Lord would give
Praise for his goodness, then,
And for his works of wonder done
Unto the sons of men !

„ 32—Among the people gathered
Let them exalt his name ;
Among assembled elders spread
His most renowned fame.

„ 43—Whoso is wise, and will these things
Observe and them record,
Even they shall understand the love
And kindness of the Lord.

After this the Commissioner will reply to the address and declare the Exhibition open. The National Anthem will then be sung, and a Royal salute fired.

The Ceremony which attended the opening of the Kurrachee Exhibition of 1869, has already been fully reported upon by the local Newspapers and Correspondents of other journals, but it is necessary that a brief description of the same should find a place in this record of an undertaking intended for the benefit of the Province, and, it is to be hoped, likewise of the neighbouring countries.

It was necessary to prepare a place suitable for this ceremony, and the Select Committee chose the large upper room of the Frere Hall as the best adapted for the purpose. The accommodation available was however limited, and it was, therefore, necessary to limit the admittance thereto by fixing the price of admission at 3 Rupees for the first day, with admission to the ceremony. This Hall was decorated and fitted with rare paintings and pictures—interspersed with horns of the Ibex, &c., the collected trophies of one of the greatest sportsmen in Sind. To be brief, everything was done that could be accomplished within the time available to render the Hall attractive.

The long-looked-for day when the Kurrachee Exhibition was to be opened had arrived at last. The public of Kurrachee, who naturally took an interest in an undertaking so new, at least to the native portion, were pouring in from all sides to witness the grand ceremony of the 23rd December 1869. Long before the hour of noon, a large number of distinguished persons were assembled in the Frere Hall. All the members of the Committee were of course there waiting with their President to receive Sir William Merewether, Commissioner in Sind. The Chief Military authority and staff and the Officers in Garrison, and Officers in Civil employ—together with Merchants, and Native Chiefs,—and members of all classes of the community came to do honor to the occasion. A guard of honor from H. M.'s 2nd Belooch Regiment had formed itself at the Eastern Porch of the Frere Hall. The crew of H. M.'s S. S. "Daphne," attired in their naval uniform, lined the flight of steps leading to the upper Hall. At the appointed hour, Sir William Merewether, accompanied by Mr. Moore, the Assistant Commissioner, arrived at the Hall, the guard of honor presented arms, and the Artillery fired the salute due to his rank. Mr. Pinhey, the President, and the Members of the Select Committee, received him at the foot of the

stairs and led him up to the first landing where he was received by a loud flourish of trumpets and salute from the Officers and men of H. M.'s Navy, and by Colonel Woolcombe, Commanding at Kurrachee, and the Officers of the station. When Sir William Merewether arrived at the Upper Hall the band played a national air. He was there met by Bishop Douglas, and was conducted to a silver chair, selected from the collection, over which was cast a richly brocaded scarlet cloth. Colonel Woolcombe occupied a seat on his left, and the Lord Bishop one on his right.

Some time had to elapse until the sailors had quietly taken possession of the gallery, when Mr. Pinhey, the President of the Select Committee, read the following Address :—

COLONEL SIR W. L. MEREWETHER, K. C. S. I. & C. B.,
Commissioner in Sind.

SIR,—As the President of the Select Committee, I have, in their name, much pleasure in welcoming you to the Kurrachee Industrial Exhibition.

We deem this a fitting opportunity to mention that the idea of having an Industrial Exhibition at Kurrachee originated with a few of its residents, who thought that this City ought not to be behind hand in organizing an Exhibition for the display more especially of the products, arts, and manufactures of the Province of Sind. The objects to be gained by Exhibitions of this nature we believe to be many and varied. They tend to promote a peaceful emulation among different Countries. They afford an opportunity of one Province or District measuring its strength in Science and Industrial Arts with another, and above all they tend to remove that pre-conceived idea of self-superiority, which the want of such emulation is inclined to foster. Further, we are of opinion that such mutual interchanges of inventive genius are pre-eminently calculated to induce a great spread of manufacturing and commercial activity.

It was originally intended to open this Exhibition in the month of December 1868, but owing to some objections raised both as to time and the locality selected for the Fair and Exhibition, it was found necessary to defer it, with your concurrence, till the month of October of this present year.

Another postponement was however found necessary, in consequence of the prevalence in September and October last of that terrible scourge, cholera, in different parts, not only of Sind, but of the Punjaub and Kutch as well. It was eventually decided to open the Exhibition on this day (the 23rd of December,) but we are fully persuaded that had another postponement been found necessary there would have been little chance of the Exhibition ever taking place.

We take this opportunity, Sir, of thanking you for the cordial co-operation and assistance you have, at all times, given us in a work, which has taken up no small amount of time and labor. We thank the chief Civil Officers in the Shikarpoor, Hyderabad, and Kurrachee Districts, for the valuable aid they have afforded us pecuniarily and otherwise. Our thanks are also justly due to the Sind Railway and Indus Steam Flotilla Companies, for their kindness in bringing down packages, intended for the Kurrachee Exhibition, free of all charges. We would especially beg to bring to notice the name of Major Minchin, Political Agent and Superintendent of Bhawalpoor, as he was the first to send, on behalf of that State, a large and varied assortment of valuable articles to our Exhibition.

The articles already arranged for Exhibition in this Hall, are the productions of numerous Provinces and Districts. Besides those from Sind, we have contributions from Persia, Cabool, Gwadar (in Baloochistan), the Punjaub, Bhawalpoor, Kutch, the Bombay Districts of Poona, Surat, Canara, and the Deccan, from Travancore and other Madras Districts, and packages have even been received from some parts of Europe, from the little island of Malta, and from China.

We believe that this is the second instance only, though certainly the first, so far as its purely spontaneous nature is concerned, of an Exhibition having ever been held in the Bombay Presidency; the first being that of Broach, inaugurated in 1868, under very favourable auspices, by His Excellency the Governor of Bombay. Though our Kurrachee Exhibition may not, from the difficulties we have had to cope with, realize every expectation formed of it, we nevertheless trust that, under the Divine blessing, it will have a general beneficial effect, and be the pioneer of many others in this Province.

We have now, Sir, in conclusion to request you will declare the Kurrachee Exhibition to be opened.

The Lord Bishop then rose and offered the following prayers :—

In the Name of the Father, and of the Son, and of the Holy Ghost.

PSALM CXLV. 10.

All Thy works praise Thee, O Lord : and Thy Saints give thanks unto Thee.

They shew the glory of Thy kingdom : and talk of Thy power ;

That Thy power, Thy glory, and mightiness of Thy kingdom : might be known unto men.

Thy kingdom is an everlasting kingdom : and Thy dominion endureth throughout all ages.

The Lord upholdeth all such as fall : and lifteth up all those that are down.

The eyes of all wait upon Thee, O Lord : and Thou givest them their meat in due season.

Thou openest Thine hand : and fillest all things living with plenteousness.

The Lord is righteous in all His ways : and holy in all His works.

The Lord is high unto all them that call upon Him : yea, all such as call upon Him faithfully.

He will fulfil the desire of them that fear Him : He also will hear their cry, and will help them.

The Lord preserveth all them that love Him : but scattereth abroad all the ungodly.

My mouth shall speak the praise of the Lord : and let all flesh give thanks unto his Holy Name for ever and ever.

Glory be to the Father, and to the Son : and to the Holy Ghost ;

As it was in the beginning, is now, and ever shall be : world without end—Amen.

Bishop : Let us pray.

Lord, have mercy upon us.

Answer. Christ, have mercy upon us.

Lord, have mercy upon us.

Then the Bishop and people present repeated the Lord's Prayer.

Our Father, which art in Heaven, Hallowed be thy name, Thy kingdom come, Thy will be done in earth, as it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, as we forgive them that trespass against us. And lead us not into temptation, But deliver us from evil : For Thine is the kingdom, the power, and the glory, For ever and ever. Amen.

Then the Bishop read the following Collects :—

O God, who hast taught us to do all things in the Name of our Lord JESUS CHRIST, and to Thy Glory ; Give Thy blessing, we beseech thee, to this undertaking, and prosper the design of its promoters. All our powers of mind and body are Thine, O Lord ; help us ever to improve the Talents which

Thy goodness has entrusted to our care. Being not slothful in our business help us to be also fervent in Spirit, serving thee. Do thou direct all our paths, and guide our steps, only accept this humble offering of ourselves, and these, the works of our hands, through Jesus Christ our Lord, Amen.

O Heavenly Father, we humbly pray Thee on behalf of our Sovereign Lady, Queen Victoria, the Viceroy, and all those entrusted with authority in this land, beseeching Thee to grant unto them by Thy inspiration to rule in righteousness, to rejoice in peace, to shine in piety, and to labour for the well-doing of the people committed unto them, so that by the rectitude of their Government, all faithful people may live without disturbance in the knowledge of Thee, and labour without hinderance for Thy glory ; through Jesus Christ our Lord. Amen.

The Grace of our Lord Jesus Christ, and the love of GOD and the fellowship of the Holy Ghost, be with us all ever and ever. Amen.

The Choir then sang the Psalm appointed for the occasion.

Sir William Merewether rose, and in a voice which was audible to all, and with a countenance which indicated the sincere pleasure he felt, made the following reply :—

MR. PINHEY, MY LORD BISHOP, COLONEL WOOLLCOMBE,

LADIES AND GENTLEMEN, AND AMEERS OF SIND—

I have to thank you, Sir, and the Select Committee, for your kindly welcome ; and would desire to express to you the great pleasure it affords me to be present on this occasion.

As you state, Sir, there have been delays in carrying out the original project, but as those delays have been the means of causing the subject to be taken up on a larger scale, and to be more thoroughly matured, producing the very gratifying spectacle we have to-day the opportunity of witnessing, I think we can scarcely regret that circumstances called for postponement until now.

It was, I am aware, feared at the time that, owing to sickness continuing to hang about, further postponement would be necessary, but I am

thankful to say the idea could be allowed to pass away, almost as soon as it was entertained, and though we have still to deplore the existence of much suffering amongst us, yet we may take comfort from the knowledge that it is now but of an ordinary form, and bearing no serious character.

I entirely join with you in all you say regarding the benefits that will follow such meetings as this one, and we may consider it a fair augury for the future prosperity of the Province, that the energy existing within it has, entirely of itself, brought about the successful formation of the second Exhibition of the Bombay Presidency.

Sir Bartle Frere, to whom this Province owes very much, is said to have remarked that he hoped to live to see Sind become a Garden. I will not stay to discuss the accuracy or otherwise of the story, but I will confidently state my conviction that such may fairly be looked for ; that if the liberal views in regard to the tenure of land sanctioned by Government be fully and honestly carried out, and irrigation properly provided for, such a result may be considered certain ; and that there is no better way of aiding in the promotion of that desirable condition than by opening the minds of all, by means of the advantages civilization has given us, and especially in the form of such practical schools as we have before us to day.

We are greatly indebted to the gentlemen who first brought the proposal forward, to the many who have so unreservedly given their time and assistance in the laborious task of Committee work ; but we are more especially indebted to the Honorary Secretary, Mr. Ashby Ingle, for the unflagging perseverance he has displayed throughout the whole of the past year.

To the many contributors and to those who have so generously given their aid in the transmission of articles, you have justly offered your thanks. I venture in the name of Government, and on behalf of all interested in this Exhibition, present and absent, to repeat those thanks ; and in the earnest expression of your hope that ripe benefits may crop out from this Exhibition, I most cordially share. It now only remains for me, in compliance with your request, to proclaim this Exhibition to be open.

After the Exhibition had been declared open, the Artillery again fired, a Royal salute and the National Anthem was sung by the Choir ; the sailors in the Gallery taking their part in the same. This concluded the Opening Ceremony after which the Commissioner and Staff were conducted by the President and the Select Committee through the Exhibition rooms.

XXXV.

PRIZE LIST
OF
AGRICULTURAL SHOW,
AND
EXHIBITION OF ARTS AND MANUFACTURES,
TO BE HELD AT
KURRACHEE,
