711 to 715	Best collection of Per- fumes	H. H. Meer Ali Moorad	..	..	..	H. M.
	CLASS XXII. Govt. Garden, Kurrachee	VEGETABLES.	..	..	..	
724	Turnips	W. A. Ingle, Esq., Superin- tendent Govt. Garden	..	..	..	H. M.

CLASS I.—(Ghee.)—We consider that the Ghee sent from Jacobabad is excellent, and fully deserves a Special Prize of Rs. 10. It is moreover sent, according to rule, so far as quantity is concerned, which is not the case with that exhibited by Major Ross, Assistant Political Agent at Gwader. This latter, we think, deserves favorable mention only.

CLASSES II to IV.—The samples exhibited were not sent in accordance with the conditions laid down by the General Committee, and consequently no prizes were adjudged.

CLASS V.—(Fibres.)—Several samples were placed before the Committee, the produce of the Punjaub, Sind and the Malabar Coast. Looking to length and softness as the peculiar excellencies of fibrous substances, the Committee awarded the first prize to No. 415, a Punjaub Hemp exhibited by Mr. Bartola of Mooltan, which, they believed, comprised all these conditions.—A specimen of Khyrpoor Ukh, No. 407, they considered to deserve the second prize as being very good.—If a third prize be available they would strongly recommend one of Rs. 10 being awarded to the exhibitor of No. 404, a Pine Apple fibre of fair excellence.

CLASS VI.—(Cotton.)—Of the different varieties of Cotton exhibited, that by Mr. A. W. Hughes, the Cotton Inspector in Sind, was the largest, consisting of 21 specimens; the greater number of which were the produce of Sind itself. The other exhibitor was Mr. Dinshaw Perozeshaw, of the Mulleer, who exhibited some Mulleer grown Egyptian.

We consider the best sample of Indigenous Sind to be that shewn as grown in the Thull Talooka of the Jacobabad District, and to surpass all the others of this kind both in color and strength of staple, and we think it worthy of receiving the first prize of Rs. 35. The best sample of Cotton grown in Sind from either exotic seed, or from seed not indigenous to Sind, we consider to be the Mulleer grown Egyptian shewn in Mr. Hughes' case. This cotton, from its long and strong staple, we consider fully equal to, or even better than, Bourbon; and we would award to this sample the 1st prize.

To Mr. Dinshaw's Mulleer grown Egyptian, as there is no second prize available, we think honorable mention should be given.

To the best sample of any variety whatever, grown in the Kurrachee Collectorate, we think the prize should be awarded to the Mulleer grown Bourbon, in Mr. Hughes' collection, as it has a good strong and long staple, though the color is somewhat deteriorated.

We would also award the prize for the best sample of any variety grown in the Hyderabad Collectorate, to the specimen shewn as Halla Cotton in Mr. Hughes' collection; but of the samples exhibited as grown in the Shikarpoor Collectorate, we do not consider any worthy of a prize.

CLASS VII.—(Dyes.)—Several specimens of Indigo, Safflower, and Lac were exhibited. Of these the Committee unhesitatingly awarded the first prize to some Mooltan Indigo, sent by Mr. Bartola of Mooltan, which was very much superior to all other samples of that dye. The Khyrpoor Indigo was far inferior to it, being full of sand.—The 2nd prize, the Committee adjudged to No. 475, a Safflower as being very good.—The samples of Lac were poor in quality, and not considered worthy of any mention.

CLASS VIII.—(Oil Seeds.)—These were few in number, and as they did not come up to the provisions required, no prize was awarded.

CLASS IX.—(Tobacco in Leaf.)—The few specimens exhibited were poor in quality, and not thought by the Committee to be worthy of any mention.

CLASS X.—(Sugar Cane and Raw Sugar.)—None exhibited.

CLASS XI.—(Wool.)—The specimens of Wool seen by us, we consider in no way approach that exhibited by Major Ross, the Assistant Political Agent at Gwader, as regards cleanliness, fibre, and other conditions. To Major Ross, we are of opinion, the second prize should be awarded.

CLASS XIII.—(Tea.)—Only three samples of Hill Tea, from Kousanie were shewn. The Committee believe that marked as "Orange Pekoe" to be the best of the packets exhibited, and to be deserving of honorable mention. There being no competition, no prize was awarded.

CLASSES XIV, XV, and XVI.—(Prepared Tobacco, Sugar and Preserves.)—None exhibited.

CLASS XVII.—(Oils.)—A fair collection of these were exhibited, but he Committee believe the best to be that prepared by Mr. W. A. Ingle at Kurrachee, comprising of 13 bottles of different kinds, and they therefore awarded him the 1st Prize. The Oils in bottles Nos. 595, 597, 600 and 604, the Committee consider to be of peculiar excellence, that in No. 595 from Ben, or the Moringa, tree being very rare.

CLASS XVIII.—(Drugs.)—There were a few collections of Drugs exhibited, but that by Mr. Geo. Elander the Committee believe to be the best and most extensive. The next best, but comprising a few bottles only, was sent by Dewan Gyanchund, the Mooktyarkar of Tatta. The Committee adjudged the 1st prize to Mr. Elander's collection ; but as that sent by the Tatta Mooktyarkar, though the next best, was much inferior to Mr. Elander's, they think it worthy only of "honorable mention."

CLASS XIX.—(Spirits.)—Three bottles only, of different kinds of Country Liquor, were exhibited by Mr. Eduljee Dinshaw, the Contractor. None were thought worthy of any prize.

CLASS XX.—(Perfumes.)—H. H. Meer Ali Moorad of Khyrpoor, and Hajee Husson Brothers of Kurrachee, were the only exhibitors in this class. Of the few kinds shewn by the first mentioned, the Committee consider they deserve "honorable mention" only. The Persian Rose-water and Otto of Roses exhibited by Hajee Husson Brothers, the Committee believe to be excessive in price, and not worthy in any respect of any special mention.

CLASSES XXI, XXII, and XXIII.—(Fruits, Vegetables and Flowers.) No Fruits or Flowers were shewn, and for the Prize of Vegetables there was but one exhibitor, Mr. W. A. Ingle, who displayed a variety of the produce of the Government Garden. With the exception of some fine Turnips in this collection, which the Committee are of opinion deserve "honorable mention," there was nothing else worthy of remark. The Committee, while noticing the absence of all competition in these classes, consider that the season of the year, in which the Exhibition is held, is greatly against any favorable display of fruits, flowers, or vegetables.

OBSERVANDA APPENDED TO GROUP II.

General No. 595—BEN, OR MORINGA OIL.

Moringa pterygosperma.—Dr. Birdwood in his remarks on “Bombay Products,” states that “the seeds of this tree are the Ben nuts of Old Writers, and, according to Lindley, the Ben oil of Watchmakers and Jewellers is obtained from them.” If this is correct then the oil exhibited is of very great use, not only to watchmakers, but to perfumers, and manufacturers of scented Oils, as it does not, if carefully purified, become rancid nor freeze readily. This tree which is called the “Swanjna,” and “Sanjra” in Sind, is common throughout the province, both wild and cultivated, and yields the red mocheris gum sold in the bazars. The unripe legumes, of the cultivated species, make a passable substitute for asparagus, and the root for horse-radish. The oil exhibited is perhaps the first of the kind made in Sind.

General No. 596—CASTOR OIL.

Ricinus communis.—Heeran—This Oil is too well-known to require any remark save that, though cultivated in Sind, the produce barely suffices to meet the domestic demands of the people. The oil exhibited has been expressed at Kurrachee from seeds obtained in the Government Garden.

General No. 597—COCOANUT OIL.

Cocos nucifera.—Narel—There are but few Coconut trees in Sind, and the fruit they yield are almost always eaten before they are perfectly ripe. This tree is however of so much commercial importance that it seems desirable every encouragement should be given to its more extended cultivation. The sea shore wastes which lie between Kurrachee and Gizree, on the east, and between Kurrachee and Cape Monze, on the west, appear most suitable for such plantation, and would help greatly to diminish the quantity of sand which is often drifted over the Town and Camp. This would also improve the appearance of the place. The oil exhibited has been expressed at Kurrachee from Cocoanuts, “Cobra,” imported.

General No. 598—KHOIMBO, OR SAFFLOWER OIL.

Carthamus tinctorius.—The grain-like fruit of this plant, called “Powari-jo-bij,” is much eaten, but seldom, if ever, expressed for oil. The petals are used for dying Reds and Pinks. The oil exhibited has been expressed for the occasion at Kurrachee, it is not sold in the Bazar.

General No. 599—COMMON CRESS OIL.

Lepidium Sativum.—Areyo—Seeds generally used in Medicine—and the plant is cultivated more as fodder for camels. The oil is seldom, if ever, expressed, the sample exhibited has been prepared for the occasion.

General No. 600—GINGELLY, OR TILL, OIL.

Sesamum Indicum.—The Seeds of this plant are too well-known as an article of commerce under the name "Gingelly," and it would be needless to say more than that it is largely exported from Kurrachee. But little Oil, in comparison to the quantity produced in Sind, is ever prepared, although judging from the purified sample exhibited it seems little, if at all, inferior to Cocoonut, or even Lucca Oil.

General No. 601—KURUNJ OIL.

Pongamia glabra.—This tree attains the height of forty feet in Southern India. It flourishes on the arid plains of the Carnatic, and on the Sub-Alpine tracts of Mysore, and it grows well in the Government Garden at Kurrachee. It's wood is light and white, and fit for a variety of purposes, whilst the oil, made from the seeds, is useful both for lighting purposes, and, it is said, as an emollient applied externally in rheumatism and other pains. If it were only for the oil obtained from it, this tree ought to be introduced into the Government Forests and cultivated in Sind. The oil exhibited was prepared from seeds obtained from the Government Garden at Kurrachee.

General No. 602—LINSEED OIL, OR ULSEE.

Linum Usitatissimum.—This plant appears to be cultivated in the Punjab, but seldom in Sind. An attempt was made during the administration of Sir Bartle Frere to induce the cultivators to produce it in such quantities as to make it a staple product of the province; but the attempt did not prove successful. The Oil exhibited was expressed from seed obtained in the bazar.

General No. 603—RAE—*Sinapis ramosa*.

„ 604—JAMBA—*Eruca Sativa*.

„ 605—SURREKH—*Sinapis glauca*.

These Mustard Oil plants are commonly and extensively cultivated throughout Sind, both for the Oil they afford, and for the plants themselves, which are eaten as greens, and used likewise for fodder. All these seeds are largely exported.

General No. 606—MARGOSA OIL, OR NEEM.

Azadirachta Indica.—This large tree grows abundantly throughout Sind, and every part of it appears to be held in great medicinal esteem. A fixed bitter oil is expressed from its seeds which destroys worms,—and is applied externally to foul ulcers,—also as a lineament in rheumatic and other pains. In some parts of India the young trees, when tapped, yield a saccharine sap capable of under-going the vinous fermentation, which is believed to be stomachic. The bark and leaves are deemed efficacious in fevers, and as poultices, &c. A red dye is also extracted from the bark, and the wood is not eaten by white ants. The Oil exhibited has been expressed from seeds obtained in the Government Garden.

General No. 607—GROUND NUT OIL, BHOEE MUNG.

Arachis Hypogaea.—The legumes of this plant are imported and sold in the Sind bazars, from some of which the oil exhibited was expressed. It appears strange that a plant of so much importance should not be cultivated in Sind, as it is elsewhere in India, more especially as some plants have been found in gardens on the Foolalie, and on the Surfraz Canals, in the Hyderabad Districts, which indicate that it is capable of cultivation in this Province.

General No. 611—Cocum Oil used for lights, medicinal purposes, and for chapped hands,—also good for expulsion of bile. It is a species of *Garcinia*.

General No. 610—Dried Cocum used as an acid in curries.

General No. 609—Gungaum Oil extracted from the seeds a creeper, useful for rubbing into the skin, and removes itch. Used for medicinal and lighting purposes, and as a paint.

General No. 612—Turpentine produced by incision of a tree to which there appears to be no name,—used as a Varnish,—gives polish to wood. The Oil is said to be ten or eleven years old.

OBSERVANDA APPENDED TO GROUP III.

A List showing the Names of each Specimen of Timber procured from the Forests in Sind, Genl. Nos. 866 to 882.

- " Babool "—*Acacia Arabica*—Beams, Sleepers and other general purposes.
- " Bohu "—*Populus Euphratica*—Beams, Rafters, Lacquer—ware, house doors, &c.
- " Talee "—Blackwood—*Dalbergia Sissoo*—Wheels, Gun-stocks, Tables, Chairs, &c.
- " Kurrur "—*Capparis Aphylla*—Boat Building chiefly.
- " Assree Lye "—*Tamarise Orientalis*—Shafts of water wheels, also yields Gall Nuts.
- " Jow or Lye "—*Commoro Tamarisk*—Fence work, rafters, and firewood.
- " Neem "—*Azadirachta*—House building, resists white ants.
- " Bhare "—*Zyziphus*—A hard wood yields a gum not unlike kino.
- " Sohaajra "—*Moringa*—Horse radish tree, a soft porous wood.
- " Gadooree "—*Cordia Latifolia*—Fruit sold in the Bazars.
- " Lesoree "—*Cordia Mysca*—A tough wood, used in Agricultural Implements.
- " Khor "—*Acacia Rupestris*—Grows in the hills, an armed tree, wood hard.
- " Damun "—*Unknown*—Grows in the hills of Beloochistan.
- " Kundee "—*Prosopis*—The weavers shuttles are made sometimes of this wood, it yields a nutritious legume.
- " Kubur "—*Salvadora*—A great fodder for Camels, fruit (peru) sold in the Bazar.
- " Ramkanta "—*Acacia*—A pretty weeping tree with yellow trumpet flowers, wood inferior, found in Sind, supposed to be indigenous.
- " Kuhoo "—*Olea Cuspidata*—A tree of small size, found in the western Hills, the wood is hard, and takes a beautiful polish, would do for engraving purposes.

OBSERVANDA APPENDED TO GROUP III.

Letter from W. A. Fenner, Esq., Forest Ranger in Sind; to the Commissioner in Sind, No. 323, dated 12th July 1869.

With reference to former correspondence ending with Government Resolution, No. 3188, dated 6th September 1866, regarding the capabilities of the "Khair" wood to resist the attacks of white ants, and also the "Teredo Navalis" in the harbour of Kurrachee, I do myself the honor to submit a further report on the subject noted on.

2. With regard to the white ants, the wood has been penetrated but little beyond the outer sap, that is only about $\frac{3}{4}$ of an inch from the exterior portion of the log, the inner or harder part not having been touched; or, if so, to a very inappreciable extent.

3. The other piece of the "Khair" log which was placed vertically at Keamaree under close to low water mark in November 1865 was attacked through its whole length (viz. seven feet) by a species of bivalve, or shell fish, known to Naturalists as the "Pholas Dactylus," or date-shaped "Pholas."

4. The maxim penetration now found is about one and half inches, but the bore has passed through the softer or outer part of the log, and well into the hardest portion of the wood, and it is probable the boring progress would have been extended had the log not been removed. Hancock, page 43, observes that no shell fish deepens or enlarges its burrow after attaining the full growth usual to its species.

5. Captain G. Merewether, R. E., has kindly given me the results of his experience in the matter of this boring shell fish as found in the harbour of Kurrachee: he informs me it penetrates limestone to the extent of $2\frac{1}{2}$, and wood, "Ainee" and "Teak," to about $2\frac{1}{2}$ inches; the latter depth would, perhaps, be near the maximum of the bore attained by the "Pholas Dactylus;" the range of the attack is given 4' 1" below, to 6' $2\frac{1}{2}$ " above Kurrachee harbour datum, i. e. low water spring tides. The greatest damage Captain Merewether states is at about, one foot over datum.

6. The "Teredo Navalis" again has not attached the peice of "Khair" wood at all: it bores longitudinally, or with the grain of the wood, while the

OBSERVANDA APPENDED TO GROUP III.

"Pholas" in contradistinction does so vertically. The bore of the former sometimes extends two feet or more in length; its range Captain Merewether has given at about 9-7, that is one foot below and 8 7 above datum, or within ten inches of high-water mark. The experiment, as thus far explained, was not intended to ascertain the range of the attacks of the "Bivalve Mollusca," but rather to discover whether the "Khair" wood ("Acacia Catechu") was capable of resisting these attacks or not; and it is now clearly demonstrated that, hard as this wood undoubtedly is, it cannot, without metal sheathing, be held exempt from the ravages of the "Pholas Dactylus," although it may, I think, be considered to hold fairly its own against those of the white ants. A small transverse section of the "Khair" wood is sent for inspection.

This Specimen of "Khair wood Acacia Catechu" was placed at "Kempas bundar" below the datum line in November 1865 until July 1869. The wood is one of the hardest in India, cannot resist the attacks of the "Pholas." A bivalve existing in the Kurrachee. Vide paper attached to list of indigenous woods.

This Specimen of "Khair" wood "Acacia Catechu," was buried in the ground in September 1869, in a locality known to be frequented by white ants, on examination it will be seen, that the wood has suffered but little from the attacks of those ravenous insects. In "Goojrat" the timber is used as uprights for houses, the lower end being usually inserted three or four feet in the earth, and the popular impression is, that the wood is exempt from the attacks of the white ants.

Canara Forest Kalanuddee, General Nos. 803 to 862.

Abnoos—*Diasphyros Ebenum*—Good wood, for Cabinet furniture, &c., &c.

Amblee—Cheech—*Tamarindus Indica*—Tough wood useful for mills, screws, &c., fruit eatable.

Apta—*Bahinia Racemosa* Wood tough, good for house building.

Ardha—Guti Harda—*Treminalia Chebula*—Wood very tough, useful for making the naves of cart wheels, &c.

OBSERVANDA APPENDED TO GROUP III.

Bonalge—*Vitex leucozydon*—Good wood, never deteriorates, nor eaten by white ants.

Payah—Bawo—*Cassia fistula*—Wood tough, good for house building, fruit used for Medicine.

Birandy—Kokum—*Garcinia purpurea*—Wood tough, fruit eatable.

Belly—*Pterocarpus Marsupium*—Wood tough; next to Blackwood, useful for Sleepers.

Castel—*Capparis Grandis*—Good wood, fruit useful for medicine.

Champer—*Placourtia Montana*—Trees thorny, fruit eatable, wood tough good for house building.

Chenna—*Lagerstromia laniflora*—Wood strong, good for house building.

Cossamb—Kussomb—*Schleichera Trijuga*—Wood very tough, useful for Sugar Mills, &c.

Cumbio—Koombha—*Careya Arborea*—Wood strong, good for house building.

Collumba—Kadum—*Nauclea parvifolia*—Wood useful for making Gun Stocks.

Counjee—*Briedelia Montana*—Tree full of thorns, tough wood, never destroyed by white ants.

Cursing—Kursing—*Bignonia Xyclocarpa*—Tough wood, useful for making doors, windows, frames, &c.

Culsay—Good wood, useful for beams, posts, &c.

Callezadd—Kalla Jhar—*Tetranthera*—Wood tough, good for beams of houses, bark dark colour.

Dabnee—Daman—*Grewia tiliifolia*—Tough wood, useful for Gun Stocks, &c., &c.

Darambe—*Xanthochymus pictorius*—Wood middling sort, good for furniture.

Dewdary—Deodar—*Guatteria longifolia*—Trees grow very large, wood soft, useful for making canoes.

Edoo—Hedoo—*Nauclea parvifolia Cordifolia*—Good wood, useful for furniture.

OBSERVANDA APPENDED TO GROUP III.

Eray—Veerey—*Calophyllum decipiens*—Wood strong, tough, useful for masts, planks, and for building boats.

Gowaudde—Goundham—*Diaspyros Goinda*—Tough wood, useful for making carts, and cart wheels, &c.

Hussan—Asun—*Briedelia Spinosa*—Beautiful wood, useful for Railway sleepers, and furniture, &c.

Hagdde—This tree grows large, useful for making Canoes.

Jamba—*Juga Xyocarpa*—Wood strong, useful for Railway sleepers.

Jumbilly—Jambo—*Eugenia Jambolana*—Wood tough, good for house building, posts, sleepers, &c., &c.

Kairee—Keir—*Acacia Sundra* or *Acacia ferruginea*—Tough wood, useful for making catechu.

Kattery—Wood tough, trees very scarce.

Karela—This tree grows very large, wood good for making Canoes.

Lokunddy—Koora—*Ixora Parviflora*—Wood tough, good for house building

Martee—Muttee—*Terminalia glabra*—Wood tough, useful for Railway sleepers.

Mowree—*Bassia latifolia*—Wood tough, useful for Railway sleepers.

Mahar Podwolly—Wood strong, useful for house building.

Mohee—Mohee—*Bassia longifolia*—Tough wood, good for furniture.

Nana—*Lagerstromia Macrocarpa*—Tough wood, planks used for building large boats.

Naggy—*Colophyllum bractiatum*—Wood strong, trees useful for masts of ships and boats.

Ongal—Kundae—*Pentaptora paniculate*—Wood strong, good for house building.

Ottamba—Ottamba—*Garcinia*—Wood tough, fruit eatable, good for building houses, &c.

Owlee—Owallee—*Mimusops Elengi*—Wood tough, useful for frames of doors, and windows, &c.

Patpunuss—Pathpunuss—*Artocarpus hersuta*—Wood tough, useful for making furniture, and building houses, &c.

Pau—Poam—*Gutteria fragans*—Good wood, useful for making Carts, wheels, &c.

Poodgoss—Poodgossa—*Machilusor Alseodaphne*—Tough wood, leaves used for medicine.

OBSERVANDA APPENDED TO GROUP III.

- Padwollée—Padwoollée—*Bignonia Chelonoides*—Tough wood, never decays, nor is it eaten by white ants, good for sleepers.
- Punass—Punnass—*Artocarpus integrifolia*—Tough wood, good for making furniture.
- Sala—*Bosmelia Boswellia*—Wood tough, good for house building.
- Serass—Sirriss—*Acacia Odoratissima*—Wood tough, good for making furniture, &c.
- Soornigee—*Calysanion longifolia*—Wood tough, useful for Mills, &c.
- Seewung—Seewun—*Gmelina Arborea*—Wood tough, good for furniture and other purposes.
- Seessoo—*Dalbergia latifolia*—First-class wood, useful for furniture.
- Soncairee—Wood useful for furniture.
- Sagwang—Saag—*Tectoria grandis*—Splendid wood, useful for all purposes.
- Sagy Mutty—Sagei Muttee—*Terminatia paniculata*—Wood tough, good for Railway Sleepers, branches used for Crooks, &c.
- Sarla—*Bauhinia purpurea*—Tough wood, good for house building and Agricultural Implements.
- Thumban—*Grewia*—Tough wood, branches used for Crooks and Kuees.
- Vaudda—Valleh—*Mimusops Hixandra*—Tree grows large, good for making Canoes.
- Voomba—Omba—*Nephelium longanum*—Tough wood, good for building house.
- Wagutty—*Capparis grandis*—Wood tough, good for beams, &c., of houses
- Yechela—Poinar—*Flacourtia Lataphracta*—Good wood for furniture, this tree does not grow very large.

General Nos. 989 and 990, Sind Salt.

From the Chemical Analyser to Government; to the Collector of Kurrachee, dated 11th June 1869.

SIR,—With reference to your Memo : No. 877, dated 14th ultimo, and enclosures, I have the honor to inform you that the specimen of Salt, therein referred to, arrived here on the 29th idem.

It consisted of a mass of large white crystals, which, with the exception of a thin exterior layer, was almost perfectly free from mechanical impurity. I failed to detect any bitter taste in the salt of which these crystals were composed. Specimens taken from the substance of the mass were found not to contain more than 35 per cent of impurity, consisting chiefly of small quantity of Lime, Magnesia, and combined Sulphuric Acid.

OBSERVANDA APPENDED TO GROUP III.

The salt therefore, appears to me to be of excellent quality, and commercially speaking, very pure; in fact it is much more free from impurity than salt prepared by evaporation from sea water.

It may be that the very purity of the salt is the cause of the dislike referred to by the Deputy Collector of Mangalore, in his letter, No. 19 of 18th July 1868. I have no doubt that persons in the habit of using salt prepared from sea water, would find a slight difference in the taste of salt of the kind under report, and would in consequence look with suspicion upon it.

I have, &c.,

(Sigd.) J. B. LYON,

Assistant Surgeon,

Chemical Analyser to Government.

Bombay, 11th June, 1869.

General No.'s 963, 964 and 965.—These three specimens were obtained from the hill sides at Carwar, and the stone is largely used for building purposes.

General No. 962.—Found at Mucairee—three miles from Carwar—also largely used in building. Some descriptions are harder than others—and the better qualities are found in different localities, about six feet from the surface, and to a depth of 12 feet and more. The blocks are $1\frac{1}{2}$ feet long 6 inches thick and 9 inches broad, and are sold at from Rs. 20 to 30 the thousand, according to quality.

General No. 937.—Good building Stone—the price varies according to demand, from 12 to 18 Rs. per 100 cubic feet.

General No. 942.—The best specimen of Stone procurable in the neighbourhood, but found from experience that it weathers very fast from exposure to the atmosphere.

General No. 945.—Stone of very good quality and well adopted for building purposes. Similar to the blue stone used in building Frere Hall.

General Nos. 946 to 955.—Stone of very good quality and well adopted for building purposes.

General No. 956.—White and very soft, suitable for house building where it is not exposed to much pressure, but unsuitable for bridge building.

General No. 957.—Unsuitable for building purposes as it weathers very fast from exposure.

General Nos. 958, 959 and 960.—Very good Stone and well adopted for building purposes.

OBSERVANDA APPENDED TO GROUP IV.

General No. 3369.—Palmyra Beads.—They are made from the seeds, and are turned. The specimens sent are not of good quality.

General No. 3442.—Made from the core of the Palmyra tree. It is made into a conjee, and is eaten by the poorer classes.

General No. 865.—The core of the Palmyra tree, from which the flour is made. It is pounded.

Palmyra leaves for writing, as shewn in the following:—A Palmyra book—small (General No. 3367) the writing of which has been inked over to make it more legible. One large written book—(General No. 3368) History of Rama, or Ramayan by Walmik—this has not been inked over.

General No. 3418.—Knife for scraping the leaf for writing. Graver or pen for writing. Instrument for cutting the edges smooth.

General No. 3165.

Explanatory of the Pontoon Model for self-working-Lifting-pumps for the River Indus, and Canals for Irrigation Works.

A Pontoon can be made (as per model) either of Wood or Iron; the latter is more advisable as the plated ones, properly rivetted together, will float for years, with a good coat of Coal tar. Flat bottom, with air compartments on both sides of the entire length, which is for ballasting with stone or water through the man-holes on deck, for regulating the draught of water for working the Driving Wheel. The fore-end of Pontoon is grated to prevent any rubbish from entering the water-passage, and causing injury to the works. The water spaces at both ends increased, and decreased in the centre at the working point, by which the Pontoon will take, and discharge water freely, and cause a rush at the narrow point, where the buckets will come in contact, and cause an increased weight of water on the buckets of the Driving Wheel.

Driving Wheel to be made of wrought iron arms, and cast iron centre bosses keyed on to main shafts which is projected through the sides of

OBSERVANDA APPENDED TO GROUP IV.

wheel box by bearings attached on both inner sides, on the both projecting ends of shaft, cranks are keyed on for working the pumps by means of connecting rods, and lever bars fixed on the outsides of wheel box.

Buckets to be made of Sheet iron riveted on driving Wheel Arms—the diameter of periphery 16' 0"—number of Buckets 18. The wheel should be made and worked upon the principle of an under-shot water-wheel.

Pumps to be made of cast iron. Suction and Discharge Valves should be made of the most simple, and approved patterns, with easy fastening, and free access to the Valves. Diameter of Pumps 10", and Stroke 24", number of Pumps 4.

Discharge Pipes can be made of Cast Iron or Wood, with joints to increase or decrease the height as required to suit the rise and fall of the river. The four pipes discharge into a wooden trough connecting with the shore, and fixed over the wheel box by iron brackets. These also can be raised or lowered, if necessary, to any height. Should the Pontoon be moored far from the shore, it will be necessary to fix posts to carry the wooden trough to the bank, and from there the water can be conveyed to any distance inland, by drains as now.

The cost of working the pumps would be a very small amount, as it only requires a strong lad to keep the gratings free from rubbish, and a little oil now and then to the pump gear. The pumps can be worked day and necessary.

General No. 408.

No. 90 of 1853—To Captain H. W. Freedy, Collector of Kurrachee, dated 8th October, 1853.

SIR,—I beg to send herewith 6 lbs. of the *Gutta Thoothur*. I am not aware that this substance has any other name. It is obtained from the *succens proprius*, or peculiar juice of the *Euphorbia Pentagona*, also called prickly cactus, and milk bush. *Thoothur* in Hindoostanee and Scindee, and

OBSERVANDA APPENDED TO GROUP IV.

Z'Koom in Persian. The slightest incision is sufficient to make the milky juice exude from the tree ; but it coagulates very fast, and the wound closing so soon permits only a few drops to be taken at a time. However these emissions do not appear to injure the tree, or its functions, for a fresh cut may be made close upon, or even across, another, only a day older, with the same effect as if the latter did not exist.

2. There are two other trees which appear to me to yield a milky juice exactly similar to the above, and from which I have obtained a like substance, viz : the common milk-bush, perhaps *Euphorbia Nerufolia*, also called *Thoohur* in both Scindee and Hindoostanee, and the *Asclepias Gigantia*, *Mader*, or *Ukh* Hindoostanee and Scindee,—*Z'hook*, Persian. The *Thoohur*, or *Z'Koom*, attains sometimes to a height of from 10 to 14 feet, and it often branches out over a space 60 feet in circumference. It grows spontaneously all over the highlands and hilly tracts west of the Indus, and I beg to submit that, if the juice, or rather the substance now sent, should be found of any utility, an unlimited supply may be obtained from your Collectorate alone at 6 annas per lb. after the milk has been inspissated, or boiled. The price I have given will, of course, be reduced when a great quantity is taken.

3. The *Gutta Thoohur* has, seemingly, all the properties of the *Gutta Percha* ; I cannot however afford any very correct information on the subject, as I am ignorant of the *whole* process which the *gutta percha* undergoes to fit it for use, and I have been unable to obtain the means for subjecting that which I now send, (simply boiled) to the pressure apparently requisite to bring it to a perfectly compact state, and without a particle of the water it absorbs so abundantly in consequence of its porosity.

4. The above substance is, as far as I have been able to ascertain, to a certain extent, proof against simple acids, and it is not much, if at all, affected by alkaline solutions ; but this, I trust, will soon be proved by those who are more competent to do so.

5. The following Extracts from the "Illustrated Exhibitor and Magazine of Art" for February 1852, contain all the information I have

OBSERVANDA APPENDED TO GROUP IV.

as yet been able to obtain regarding the manner in which its congener, the gutta percha, is prepared, and which I take the liberty to insert here, as they shew something of the process that substance has to undergo to fit it for use.

6. "The blocks of gutta percha required for use are taken from this heap to the cutting machine. This is a large solid vertical disc of iron, making about 200 revolutions per minute. The raw material is cut into thin slices by several sharp knives like those in a carpenter's plane. The block of gutta percha being brought to the edge of a sloping iron table is rapidly caught up by the knives, and literally reduced to shavings, which fall into a receptacle beneath. The cutting apparatus, as well as the other machines on the premises, is put in motion through the agency of two fifty-horse power engines, the boilers of which are constructed on a novel plan, by which eleven pounds of water are evaporated to one pound of fuel. The furnaces consume their own smoke."—"The stone and other adulterative material, which the cupidity of the Malay gatherers has added to the mass, is discovered by this process, often very much to the injury of the cutters."

7. "Reduced to shavings, the gutta percha must next be perfectly cleaned of its impurities. This is no easy matter, but patience and hot water are certain at last to effect the desired object. The shavings are thrown into great tanks and boiled, and then the greater part of the rubbish having fallen to the bottom, the gum is collected into one mass, and carried to what is called the teaser—a sort of large circular bore, containing a cylinder or drums, covered entirely with rows of bent jagged teeth. Revolving at a great rate, (about 800 turns in a minute) the "teaser" quickly tears the mass into shreds and tatters, which fall into a vat of water beneath. The true gutta percha, being lighter than water, floats on the surface, whilst the impurities sink to the bottom; and thus, being perfectly cleansed of all impurities, is ready, crisp, and new-looking for the succeeding process, another boiling brings the material again into a soft compact mass, which is "kneaded" or "masticated" in heated iron cylinders, in which revolving

OBSERVANDA APPENDED TO GROUP IV.

drums so completely turn and twist the pasty gum as to bring it into a perfectly homogenous state, without a particle of water in its composition."

8. In this state the gutta percha may be considered ready for manufacture, and the subsequent processes are employed either in making it up in sheets or tubes.

9. The milky juice of the "*common Thoothur*" and of the "*Ukh*" is, as I have already stated, to all appearance, exactly similar to that of the above; except perhaps the milk of the two latter may be found a little more acrid. That of the *Ukh* is commonly used by the curriers to remove hair. But this acrid principle is, I conceive, evaporated by inspissation, and completely extracted during the boiling process necessary to obtain the substances I have named *Gutta Thoothur*. I made some arrangements with the Kardar of Tatta to procure me a quantity of the juice of the *Ukh*, but, unfortunately, I found what was sent to me so much adulterated with lime, gypsum, salt, &c., as to make it unfit to send. If however, what I have now sent of the *Thoothur* or *Z'hoom* is found to answer any purpose, I will take some other measures to get good samples of the other two juices also.

10. In the meantime, permit me to send you some of the *Ukh* fibre. This tree or shrub, attains to no very great size, but also grows spontaneously all over Scinde, and if either its juice or fibre can be turned to any account, it may, as Major Turner remarks, prove remunerative to the poor cultivator whose land it overruns, instead of being, as it is now, a constant source of annoyance and labor. This fibre, I am told, has already been proved, as about the strongest of any known in the country. The Pullah nets in Scinde are generally made of it, and they also manufacture paper from it. It undergoes a process similar to that of the flax in Scinde, viz: water-retting, breaking, &c., in the rude way usual to the country. The quantity now sent (2 lbs.) cost me 12 annas, but this sum is very much above what it would cost if brought into the market.

I have, &c.,

(Signed) G. ELANDER,

Assistant Collector for Canals.

OBSERVANDA UNDER GROUP IV.

FIBRES FROM MALABAR COAST,

General Nos. 388 to 404.

Koorandhottee.—This plant is indigenous to the Malabar Coast, and the Fibre is obtained by the ordinary process of water retting. It is not generally known or used.

Bhoota Awanashee—Aloe kind.—This plant grows extensively in low swampy grounds as well as on the hills. The leaves of the plants are boiled in order to obtain the Fibre therefrom. The Fibre is soft, and that obtained by simply brinsing the leaves is strong. Ropes made from it are used in tying bales of piece goods.

Oorgoo Muchi.—This plant grows spontaneous in jungles. The leaves of this plant are sliced, and then placed on a board and planed, or rasped with a Bamboo stick when the fibre is obtained. This Fibre should be steeped in water and cleaned otherwise it retains a black color. Ropes for tying bales of piece goods are made from it.

Ballee Poolachee.—These Creepers are found growing in the Jungles, they are cut into pieces and steeped in water 8 or 10 days, when the Fibre is obtained. It is used in making Ropes.

Kawani Gida.—These plants are indigenous, they are cut and steeped in water. Ropes made from this Fibre used for agricultural purposes.

Chadachee.—This tree grows in the Jungles. The branches are cut and steeped in water when the Fibre is obtained. It is used for weaving nets used in catching wild animals.

Coir Rope.—The plants are grown on the hills. They are cut and well dried in the sun when coir is obtained from them—used in making fishing nets, also made into twine.

Edumbiree.—Grows spontaneous in the Jungles. The Fibre is obtained by steeping the plants in water for about ten days. Used in making nets for catching wild animals.

OBSERVANDA UNDER GROUP IV.

Poola Poolachee.—This is a kind of creeper. It is found growing spontaneous in the Jungles of Malabar. The Fibre is obtained by steeping it in water as above.

Anevargi.—The tree from which this Fibre is obtained is found in large Jungles. Ropes made from it are used for dragging timber by Elephants.

Poolee Mangee.—This plant is cultivated in the Coimbatore Districts—and the Twine made of it is used for various purposes. The leaves of this plant are acidous and are boiled with meat.

Chadachee.—Grows naturally in Jungles. Hemp is obtained by steeping the plant in water, used for tying purposes.

Wild Plantain—*Musa sapientum*.—The stalks and bark of this tree are dried and converted into Fibre—used for tying purposes.

Munallee Gidla.—Grows in large Jungles. The Fibre made from this plant is used for tying purposes.

Oodka Munjee.—Obtained from the plant (cultivated at Coimbatore) after cutting and drying—used for different purposes.

Bende vegetable—*Hibiscus esculentus*.—The plants are cut and steeped in water in order to obtain the Fibre.

Aganashi (pine apple)—*Bromelia Ananas*.—Fibre obtained from the leaves of this plant is converted into thread which is used for stringing corals and beads of different sorts.

GROUP V.

PRESIDENT—R. H. PINHEY ESQ., C. S.

JURORS—
 { T. G. NEWNHAM, ESQ., C. E.
 T. SPECK, ESQ.
 CAPTAIN MERREWETHER, R. E.

The Jurors having inspected the machinery, &c. exhibited under this group are of opinion that the following awards should be made :—

To Messrs McKenzie and Cosser, a prize of Rs. (200) two hundred, and a silver medal for general enterprise.

To Mr. A Clarke, Foreman Moulder, S. R. Company, a bronze medal for an iron casting of a marine cylinder exhibited by him.

The Jurors consider that, although none of the articles exhibited by Messrs McKenzie and Cosser are of such especial excellence as to merit any one of the prizes enumerated, as offered under this group, their public spirit in exhibiting at considerable cost so many generally useful machines fairly entitles them to the rewards above mentioned.

The Jurors consider that many of the machines exhibited by the Municipal Commissioners, and the Purchasing Committee, and particularly the Norton's tube shewn by the Collector of Kurrachee, are well worthy of commendation. They, however, do not think that medals or pecuniary rewards should be given to such exhibitors.

MACHINERY AND IMPLEMENTS.

Description.	Exhibitor.	Special Prize.	Remarks.
Machinery.	Messrs. McKenzie, Cosser & Co.	Rs. 200	and Silver Medal.
Marine Cylinder.	Mr. A. Clarke, Foreman Moulder, Sind Railway.		Bronze Medal.

Appendix B.

No. 1107 of 1868.

Commissioner's endorsement
on the Prospectus of the
Kurrachee Christmas Fair.

General Department,
Commissioner's Office,
Kurrachee, 29th August 1868.

Forwarded to the Collector of Kurrachee,
Collector of Hyderabad,
Collector of Shikarpoor,
Political Superintendent, Thurr & Parkur, and
Political Superintendent, Upper Sind Frontier,

with a request that he will give the greatest publicity to the Prospectus.

2. The chief features of the proposal should be described in the Vernacular to the Native District Officers, who should be instructed to ventilate the subject, and to invite contributions in the shape of manufactures, curiosities, &c. Retailed instructions concerning the time and mode of forwarding contributions will be issued hereafter.

3. Specimens of the products of the Province, might, with advantage, be collected and forwarded for exhibition. These specimens might subsequently be transferred to the Museum.

(Signed) W. L. MEREWETHER, Lieut.-Colonel,
Commissioner in Sind.

No. 1159 of 1868, General Department.

Commissioner's Office,
Kurrachee, 10th September 1868.

True copy forwarded for the information of the Honorary Secretary to the Kurrachee Christmas Fair Exhibition.

(Signed) W. L. MEREWETHER, Lieut.-Colonel,
Commissioner in Sind.

No. 1204 of 1868, General Department.

Commissioner's Office,
Kurrachee, 18th September 1868.

The accompanying Translation of Prospectus of the Kurrachee Christmas Fair is forwarded to the Honorary Secretary to the Kurrachee Christmas Fair Exhibition. Copies have been distributed in the Province.

(By order.)

(Signed) J. MOORE,
Assist. Commissioner in Sind.

No. 1106 of 1869, General Department.

(To
The Collectors, and Political Superintendents.)

Commissioner's Office,
Kurrachee, 25th August 1869.

SIR,—I have the honor to forward for your information and for distribution among your Deputies, copies of the Minutes of the Eighth Meeting of the General Committee of the "Kurrachee Fair and Exhibition," and to request, in reference to this Office No. 1107, dated 29th August 1868, that you will use your best endeavours to further the objects of the Exhibition, and I venture to express a hope that your District will not be backward in competition with other parts of the Province.

2. In order to save time, Vernacular translations of the accompaniments to this letter will be forwarded to each Mooktyarkar direct, for distribution among the Tuppedaras in his Talooka.

I have, &c,
(Signed) W. L. MEREWETHER, Colonel,
Commissioner in Sind.

Appendix C.

No. 1142 of 1869, General Department.

From

The Commissioner in Sind,

To

HIS HONOR THE LIEUTENANT-GOVERNOR

of the Punjab and its Dependencies, Lahore.

Commissioner's Office,
Kurrachee, 1st September 1869.

HON'BLE SIR,—In forwarding for your information 5 copies of the Prospectus of the Fair and Exhibition, which will be held at Kurrachee on the 18th October next, I have the honor to request that you will be so good as to assist the promoters of the movement by giving the matter as much publicity as practicable, and by inviting the people of the country to compete for prizes and medals.

I have, &c.,
(Signed) W. L. MEREWETHER, Colonel,
Commissioner in Sind.

Appendix D.

Bombay, Baroda, & Central India Railway, Agent's Department,

Bombay, 28th September 1868.

No. 3762 of 1868.

To

W. A. INGLE, Esq.,

Honorary Secretary, Kurrachee Christmas Fair and Exhibition.

SIR,—With reference to your communication of the 21st instant, I have the honor to state that the Agent would like to have some further information about the Fair or Exhibition, and to see a Prospectus of it, before replying to your request.

I am, &c.,

(Signed) T. R. LIGHT,

Secretary to the Agent.

Kurrachee, 5th October 1868.

To

THE AGENT, B. B. & C. I. RAILWAY.

SIR,—With reference to your Secretary's letter, No. 3762 of 28th ultimo, I have the honor to forward, under separate cover, a copy of the Prospectus together with the proceedings of the Meetings of the General Committee of the Kurrachee Christmas Fair and Exhibition. I intended sending them with my former letter, but forgot to do so.

I beg also to inform you that both the Sind Railway and the Indus Flo-tilla have agreed to allow articles for the Exhibition to be sent free.

I have, &c.

(Signed) W. A. INGLE.

Bombay, Baroda, & Central India Railway,
Agent's Department, Bombay, 19th October 1868.

No. 4074 of 1868.

To

W. A. INGLE, Esq.,

Honorary Secretary, Kurrachee Christmas Fair and Exhibition.

SIR,—With reference to your letter of the 21st ultimo, I have the honor to state that we will give the same facilities on the B. B. & C. I. Railway, for the conveyance of articles for your Exhibition, as the G. I. P. Company have agreed to, viz:—1st Class rates for all Goods sent to the Exhibition and the same for goods returned unsold, if accompanied by a proper certificate.

The concession must not, however, be taken as a precedent.

I have, &c.,

(Signed) C. CURREY,

Agent.

Great Indian Peninsula Railway, Company's Offices, Bombay,

14th October 1868, No. 6996 of 1868.

To

W. A. INGLE, Esq.,

Honorary Secretary to the Kurrachee Exhibition.

SIR,—In reply to your letter of the 21st ultimo, I beg to inform you that the Acting Agent will not object to carry goods for the Kurrachee Exhibition on the same terms as granted to previous Exhibitions, viz:—1st Class rates for all goods sent for the Exhibition and all goods returned unsold, the latter to be accompanied by a Certificate that they are unsold goods.

The goods to be carried in both cases at owner's risk.

I have, &c.,

(Signed) W. A. PENSON,

Acting Secretary.

No. 1610 of 1868, Scinde Railway Company, Agent's Office,

Kurrachee, 22nd September 1868.

To

The Honorary Secretary

to the Kurrachee Christmas Fair and Exhibition.

SIR,—I have the honor to acknowledge receipt of your letter, dated yesterday, enclosing a copy of the Resolution, requesting me to allow the articles intended for Exhibition at the Fair being carried on this Railway free of charge ; and, in reply, beg to inform you, that I have much pleasure to comply with the wishes of the Committee.

The necessary instructions will be issued to the Traffic Department,

I have, &c.,

(Signed) GEO. RAWLINSON,

Agent.

No. 1478 of 1868, Indus Steam Flotilla, Agent and Superintendent's Office,

Kotree, 23rd September 1868,

To

W. A. INGLE, Esq.,

Honorary Secretary, Kurrachee Christmas Fair and Exhibition.

SIR,—In reply to yours of the 21st instant, I have much pleasure to inform you that orders will be sent up to our Traffic Agents at Sukkur and Mooltan, to pass, free of charge, all packages intended for the Kurrachee Christmas Fair and Exhibition that may be forwarded through your responsible Agents on behalf of the Exhibition, who should apply to our Agents for the tonnage required.

Yours faithfully,

(Signed) A. WILKINS,

Acting Agent and Superintendent.

No. 6540, Punjab Railway, Traffic Manager's Office,

Lahore, 21st October 1868.

To

W. A. INGLE, Esq.,

Honorary Secretary, Kurrachee Fair and Exhibition.

SIR,—I am directed by the Agent to forward, to your address, copy of a letter from him, with copy of Circular Order, No. 1, regarding Live Stock, Goods, &c., for Exhibition, at Industrial or Agricultural Shows.

Yours obediently,

(Signed) J. SAUNDERS,

for Traffic Manager.

To

W. A. INGLE, Esq.,

Honorary Secretary, Kurrachee Fair and Exhibition.

SIR,—I have the honor to acknowledge yours of 21st ultimo, and in reply to inform you, that this Company has much pleasure in carrying, free of charge, all articles exhibited, but not disposed of, on the conditions of the enclosed circular, and I trust that this concession will be acceptable to your Committee.

Our resolution has been communicated to the Agent of Kurrachee Railway and Indus Flotilla.

I have, &c.,

(Signed) S. A. ABBOTT,

13th October 1868.

Agent.

Punjab Railway, Circular Order No. 1.

Live Stock, Goods, &c., for Exhibition at Industrial or Agricultural Shows.

To Station Masters, Booking and Goods' Clerks.

1. Station Masters, Booking and Goods' Clerks, are instructed to note that on all Live Stock, Produce, Implements of Agriculture, and Manufactures, which may fairly be considered to contribute to the development and improvement of the country, and are forwarded for Exhibition or Sale at any

Industrial or Agricultural Show, full Tariff rates must in future be charged for the journey to the Station at which the Exhibition is held; and that articles not sold, and still the *bonâ fide* property of the Exhibitor, must be returned *free of charge* from that Station; attendants in both cases being charged at the ordinary fares.

2. On the return of the Exhibited Articles, &c., when free carriage is claimed, a certificate must be obtained from the Committee of the Exhibition, or their appointed Agent, to the effect that the Goods, &c., are still the *bonâ fide* property of the Exhibitor, and these Goods, &c., must be handed over to the Company within 14 days of the close of the Exhibition.

3. This order does not apply to Jewellery, Furniture, and articles of Luxury; and it must be distinctly understood, that the Company will not be responsible for the safe custody, or delivery of, any Live Stock, Goods, &c., forwarded for Exhibition on these occasions at the reduced rates.

By Order, _____

(Signed) T. W. KEENE,

Traffic Manager's Office, Lahore Station, 15th October, 1868.

B. I. S. N. Co. (Limited), Kurrachee, 8th October 1868.

To

CAPTAIN MEREWETHER, R. E.,

Honorary Secretary, Kurrachee Christmas Fair.

DEAR SIR,—Referring to our letter of 15th ultimo, respecting the carriage of Goods for the Christmas Fair by the Company's Steamers, we regret to say that the Agents in Bombay are unable to accede to your request that Goods should be carried entirely free. They, however, express their willingness, under the circumstances, to carry Goods between this port and Bombay at a nominal rate of Freight, say Rs. 7½ per ton, which is half the minimum tariff rate.

This is the greatest reduction we are empowered to make, and we trust that it will be satisfactory to your Committee.

We are, &c.,

(Signed) FLEMING & Co.,

Agents.

Forwarded, with the compliments of the undersigned, to W. A. Ingle, Esq., Honorary Secretary, Kurrachee Christmas Fair.

(Signed) G. MEREWETHER,
9th October 1868.

No. 3865.

Customs. Revenue Department.

Bombay Castle, 20th October 1868.

Letter from the Commissioner in Sind, No. 1232, dated 24th September 1868—Submitting, for favorable consideration, an application from the Kurrachee Christmas Fair and Exhibition Committee, for exemption of all articles imported *bond fide* for exhibition at the Fair from Customs duty.

Resolution—No exemption is admissible on articles brought for sale. Those brought for exhibition only may be exempt from duty.

(Signed) F. R. S. WYLLIE,
Acting Secretary to Government.

To

The Commissioner in Sind,
The Accountant General.

No. 1394 of 1868, General Department.

Commissioner's Office,

Kurrachee, 28th October 1868.

Forwarded to the Honorary Secretary to the Kurrachee Christmas Fair and Exhibition Committee, in reference to his letter of the 21st September 1868.

By Order,
(Signed) J. MOORE,
Asst. Commissioner in Sind,

Extract from the Proceedings of the Annual General Meeting of the Kurrachee Municipal Commission, held in the Collector's Kutcherry, on Saturday, the 5th of December 1868.

Proposed by Mr. McKenzie, and

Seconded by Mr. Wells.

That the Municipality of Kurrachee be requested to exempt all articles intended *bona fide* for exhibition at the Fair from Town Duties collected at the Custom House and by the Railway.

Carried unanimously.

(True Extract.)

(Signed) G. A. DALLIMORE,

Secretary and Surveyor, Kurrachee Municipality.

Appendix E.

No. 1380 of 1868, General Department.

To,

The Honorary Secretary, Kurrachee Christmas Fair.

At the following

Commissioner's Office, Kurrachee, 26th October 1868.

SIR,—In forwarding for the information of the Kurrachee Christmas Fair Committee, true copies of the letters given below, I have the honor to intimate my entire concurrence in the opinion expressed by the Major General Commanding, and by the Deputy Inspector General of Hospitals S. D. A., and to draw the attention of the Committee to the necessity which will exist for making arrangements of the proposed description.

If you will apply to the Collector and Magistrate of Kurrachee, to whom copies of this correspondence will be sent, early steps will be taken to mark out the encampment on the Race Course where all standing Booths, Merry-go-rounds, &c., should be located :

From the Major General Commanding S. D. A. No. 1564 of 20th October 1868.

Forwarding a letter from the Deputy Inspector General of Hospitals, I. M. D., Sind Division of the Army, No. 983 dated the 19th idem, relative to sanitary arrangements in connection with the Kurrachee Christmas Fair.

I have, &c.,

(Signed) W. L. MEREWETHER, Colonel,
Commissioner in Sind.

Subject—Sanitary, No. 1564 or 1864.

Assistant Adjutant General's Office, S. D. A.,
From Kurrachee, 20th October 1868.

The Major General Commanding Sind Division of the Army.

To The Commissioner in Sind.

SIR.—I have the honor to forward to you the accompanying letter from the Deputy Inspector General of Hospitals S. D. A., relative to the sanitary arrangements upon the approaching Christmas Fair proposed to be held in Kurrachee.

2. His suggestions seem worthy of every consideration from the Committee, and the arrangements appear to be necessary for the health of the Cantonment.

I have the honor, &c., &c.

(Signed) G. MALCOLM, Major General,
Commanding S. D. A.

No. 983 or 1868, Kurrachee, 19th October 1868.

From The Deputy Inspector General of Hospitals, S. D. A.

To The Assistant Adjutant General, Sind Division Army.

SIR,—With reference to your letter, 1539 of the 17th instant, asking for an opinion concerning the site which should be selected for the booths, &c., at the approaching Fair to be held at the Station during Christmas, I have the honor to state, for the information of the Major General Commanding the Division, that I consider the proposed site, viz., the ground surrounding the Frere Hall, as a most objectionable one in a sanitary point of view.

2. On such an occasion, it may be calculated, that the native population will be assembled to the number of many thousands, and from their well known indifference to sanitary measures, the ground would, in spite of the utmost vigilance of any conservancy establishment, become so polluted as to contaminate the atmosphere for a considerable distance, and for a considerable time. Such an atmosphere could not but prove injurious to the health of people residing in the houses situated in the immediate neighbourhood of the proposed site.

3. I am aware that, generally in the winter months, the wind blows from nearly north, but this cannot be calculated upon with any certainty; and even if it did come entirely from that direction, there are still houses sufficiently near for the inhabitants to suffer much inconvenience from the polluted state of the atmosphere.

4. I therefore have the honor respectfully to suggest, that an encamping ground of the native visitors be provided on the race course, that lines for tents be marked out, so arranged that the rows shall be at least 100 feet apart. This would allow of free percolation, and prevent over-crowding by passengers in any particular street. At least ten Latrines capable of affording accommodation to 800 or 1000 men each should be constructed, as also some to be set apart for women; and conservancy carts should be constantly employed in carrying off all ordinary refuse.

5. It is presumed that the Frere Hall will afford sufficient space for the display of all articles exhibited as specimens of art or manufacture, but should it not be so, I see no objection to tents being pitched in the neighbourhood of the Hall for their reception and exhibition. But no tents should, in my opinion, be allowed for the purpose of exhibiting goods for sale, or as residences; all such should be located on the Race Course.

I have the honor, &c.,

(Signed) S. PELLY,

Deputy Inspector General of Hospitals S. D. A.

(True Copies.)

(Signed) J. MOORE,

Assistant Commissioner in Sind

Hydrabad, November 4th, 1868.

To

E. T. BEAUVAIS, Esquire.

SIR.—Since I had the honor of meeting the deputation on the 2nd November, I have carefully considered if, by any means, I could, upon the explanations given, withdraw my objections to the Christmas Fair being held in the Frere Hall.

It struck me, from our conversation, that there was no means to arrive at even an approximate estimate of the numbers which might assemble, and upon which depend the sanitary arrangement, the numbers of tents, the number of people who would, remain all night, and the general order, whether it be more or less.

I again looked over the ground, and have now taken the advice of the two senior Medical Officers who are decidedly of opinion that it would be most injudicious to bring together any large concourse of people in that locality, involving the necessity of tents being pitched and a considerable number of men remaining all night for six days. I cannot, therefore, help feeling that the interests of the troops might suffer from a six days Native Fair, and its concomitants, so close to cantonment, and I regret that I am unable to withdraw my objections.

Although there are difficulties in pitching tents, and in the mass of people congregating, in another locality, I shall hope that they are not insurmountable, and that, should no unforeseen circumstance arise, we may see the Fair so arranged, and the Hall used for Exhibitions.

Although my objections are independent of any circumstances which might give them more force, the existence of cholera in Bombay and at Lahore, as reported in the Newspapers, if it be true, deserves your serious consideration.

I have the honor to be, &c.,

(Signed) G. MALCOLM,

Major General.

To

Colonel Sir W. L. MEREWETHER, K. C. S. I. & C. B.,

Commissioner in Sind.

SIR,—In accordance with the wishes of the General Committee of the Kurrachee Christmas Fair and Exhibition, I have the honor to submit the accompanying copies of the proceedings of the two last meetings, and to solicit your favourable consideration, especially to the proposal made by Mr. Nash in this day's proceedings (marked No. 2.)

As no time can be lost in coming to a conclusion as to whether the objects this Committee had in view should be carried out, I would beg to solicit an early reply with a view, if possible, to avoid inconveniencing the public, should the project have to be abandoned.

I beg you will kindly return the Major General's letter which is forwarded in original.

I have, &c.,

(Signed) W. A. INGLE,

Honorary Secretary.

Kurrachee, 7th November 1868.

No 1461 of 1868, General Department.

From

The Commissioner in Sind,

To

The Honorary Secretary,

Kurrachee Christmas Fair and Exhibition.

Commissioner's Office, Camp,

Dorbajee, 10th November 1868.

SIR,—In acknowledging the receipt of your letter of Saturday, forwarding copy of Proceedings of a Meeting of the Committee of the Kurrachee Christmas Fair and Exhibition held that day, also an original letter herewith returned, from Major General Sir G. Malcolm, Commanding the Division, I have the honor to state, that after most carefully considering the matter, I feel that it is impossible with a due regard to the interests of all, to give

assent to the proposal of Mr. Nash, as embodied in the 2nd Resolution carried at the above meeting, or to approve deviation from the course pointed out in my letter of the 26th ultimo. My opinion consequently is quite in accord, with that of Sir G. Malcolm as expressed in his letter.

2. When the idea of the Fair and Exhibition was first started it was accepted heartily, and promises were made both by myself, and the General, of every possible assistance and support being given to promote the success of the project, but that does not absolve the authorities from carefully watching the development of the scheme, and seeing that while much is being done to provide amusement, and it is to be hoped instruction to many, nothing should be entered upon which should cause inconvenience to any one, or lead us to forget those necessary precautions, which modern science has proved, cannot be neglected with impunity.

3. From all we hear the happy idea of the Fair and Exhibition promises to prove a most popular one. Its extent cannot even be guessed at yet, and I am sure that on re-consideration Mr. Nash, will see the impracticability of the guarantee he has so zealously offered, which forms the main part of the Resolution carried by the Committee, but for which there is as yet no data to serve as a guide.

4. Apart from the sanitary objections, I would also suggest to the Committee that closer consideration leads to the impression that an Exhibition of Arts, Sciences, Products, &c., in immediate conjunction with a crowded Fair is somewhat of an incongruity. Many people desirous of examining at their leisure, articles, displayed at the former, would be much inconvenienced by the noise, clamor, and dust which are inseparable from a Fair where large numbers congregate for amusement or ordinary trade transactions. It appears to me therefore, that there is all the more reason for accepting the alternative plan proposed, viz :—that of having the Fair on the southern side of the Race stand, while Frere Hall and the open space around it be entirely reserved for the accommodation of Machinery and samples of produce sent for Exhibition. If the Exhibition is supported as anticipated, the space round Frere Hall will be fully taken up by articles which could not have place inside. After the liberal offer of Mr. Speck for which he deserves our best thanks, there will be less difficulty on the score of water at the Race course, than there would be at the vicinity of Frere Hall.

5. I would take this opportunity of stating that the Appeal of the inhabitants living near Frere Hall was not received by me, until after the inexpediency of the assemblage of such a large concourse in so confined a space and in such near propinquity to the Barracks had been justly drawn attention to by the Officers, whose duty it is to watch over the important subject of the health of the cantonment and community at large. The objections which are found unsurmountable did not originate therefore with them, as I observe has been supposed, while proper reflection will, I am sure show that there were fair grounds for the remonstrance coinciding as it does with that of the Chief Medical Officer. I am also sure that it was very far from the wish of the gentlemen who signed the petition to throw cold water on the scheme, and that in the end we shall find that this discussion has been of great value by bringing about arrangements better calculated to ensure success than would have been the case had it not taken place.

6. I trust the Committee will carefully consider the above points, for it would be a matter of never ending regret if after the Fair had actually commenced any interruption should ensue owing to the spot selected, proving unsuited to the occasion.

(Signed) W. L. MEREWETHER, Colonel,
Commissioner in Sind.

Appendix F.

No. 1568 of 1868, General Department.

From

The Commissioner in Sind,

To

W. A. INGLE, Esq.,

Honorary Secretary Kurachee Exhibition

Commissioner's Office,

Kurachee, 30th November 1868.

SIR,—I have to express my regret that through inadvertance and press of business, your letter has remained unanswered till now.

2. I think the Committee have come to a wise resolve in postponing the Exhibition and Fair to a time, when Kurrachee is more likely to be filled with usual residents, than is the case at Christmas.

3. It will afford me very great gratification to be present at the opening, but I fear that the 15th of March will be earlier than I could possibly be back from the Districts. By the 20th April, I should certainly be in Kurrachee, and if that day would suit, I would make a point of being present.

4. I would however offer a suggestion for the consideration of the Committee. April in some years has proved a very hot month, and we cannot be certain that it may not be so this year. The Port of Kurrachee is fairly open after the middle of September and that month, as well as the first part of October, is as compared to April a cool time. There is usually an annual gathering for Races in the first week in October, and would that not be a very appropriate time to hold the Exhibition and Fair. With proper arrangements either would help the other, while full time to mature the scheme would be gained.

5. Whichever may be chosen 20th of April or first week in October, I shall be most happy to join in the opening.

I have, &c.,

(Signed) W. L. MEREWETHER, Colonel,
Commissioner in Sind.

Appendix G.

To

Colonel Sir W. L. MEREWETHER, K. C. S. I. & C. B.,
Commissioner in Sind.

SIR,—I have the honor to forward an Extract from the Minutes of the Meeting of the Kurrachee Fair and Exhibition Committee, and to submit their request that you will favor them by consenting to the proposition therein contained in regard to the Prize Médals.

2. I beg that the drawings for the Prize Medals may be returned.

I have, &c.

(Signed) W. A. INGLE.
Honorary Secretary.

Kurrachee, 15th March 1869.

EXTRACTS FROM MINUTES OF MEETING.

No. 1—Proposed by Mr. Newnham, seconded by Mr. Beauvais, and carried unanimously.

That the design and Medal now shewn to the Meeting be approved of.

The Medal to have on one side the bust of Sir W. L. Merewether, K.C.S.I., & C.B., and on the reverse, the Frere Hall with the words, Kurrachee Exhibition 1869, below.

No. 2—Proposed by Mr. Beauvais, seconded by Mr. Cosser, and carried unanimously.

That the proceedings of this Meeting be submitted to the Commissioner in Sind particularly, with regard to the design and inscription of the Medals bearing an impress of himself, and that he be asked to accord his consent to the same.

**W. A. INGLE,
Honorary Secretary.**

To

W. A. INGLE, Esq.,

Roree, 23rd March 1869.

Honorary Secretary, Kurrachee Christmas Fair and Exhibition.

SIR,—I have the honor to acknowledge the receipt of your letter of the 15th instant, and now also of the designs for a medal forwarded by Book Post.

While fully appreciating and most highly esteeming the personal honor to myself, contained in the propositions carried at the Meeting of the General Committee, Kurrachee Fair and Exhibition, I would at the same time, beg to suggest for the consideration of the Gentlemen forming that Committee, that the designs savor rather too much of the immediate locality and have not sufficient reference to the scope, we hope the Exhibition may command.

I would, if I may be allowed, venture to suggest as we look to bring people from all parts with a view to the extension of knowledge and commerce under the protection of the Government of our Gracious Sovereign, that the device on one side, should be the bust of Her Majesty, while on the other, there might be a small group of a Sindee, Affghan, Punjaabee and Indian, standing round a few Bales of Merchandise, with inscription "Kurrachee Exhibition 1869."

I have, &c.,

(Signed) W. L. MEREWETHER, Colonel,

Commissioner in Sind.

The sketches are returned by Book Post.

Appendix H.

No. 1687 of 1869, General Department.

Commissioner's Office,

Camp, Sydadabad, 13th November 1869.

Forwarded in original (to be returned) to the Honorary Secretary Kurrachee Fair and Exhibition, for communication to the Committee, for any observations they may wish to offer, as to the proposed alteration of site for the Fair, and whether better sanitary precautions could not be used for Bath Island by the adoption of the dry conservancy system.

2. The Commissioner trusts that improvement in the weather and general health at Kurrachee, will render it unnecessary to further postpone the Exhibition and Fair.

I have, &c.,

(Signed) W. L. MEREWETHER, Colonel,

Commissioner in Sind,

No. 2175 of 1869.

From

The Major General Commanding Sind Division of the Army,

To

The Commissioner in Sind,

Head Quarters,

Kurrachee, 15th November 1869.

SIR,—I have the honor to forward the accompanying letters, (to be returned) from the Deputy Inspector General of Hospitals, and Principal Medical Officer British Troops, with reference to the contemplated Christmas Fair, and much as I regret being obliged to say anything against a measure which is so popular with the Inhabitants, I cannot help at present fully concurring in the opinion of the Medical Officers, the more so as Cholera has not disappeared, and there is much other sickness in the place.

I have, &c.,

Commanding Sind Division Army.

No. 1333 of 1869.

Kurrachee, 13th November 1869.

From

The Deputy Inspector General of Hospitals,

Indian Medical Department, Sind Division.

To

The Assistant Quarter Master General,

Sind Division Army.

SIR,—In reply to your Memo. No. 2159, dated 12th instant, I have the honor to state for the information of the Major General Commanding the Division, that should the present state of public health continue. I consider it would be running great risk, holding a Fair near Kurrachee.

2. A month hence there may be a great change for the better and should epidemic disease have disappeared, I can see no objection to the Fair being held.

3. I consider the site selected for the Fair namely, Bath Island most objectionable, it is to windward of the Camp and without any supply of water, and the arrangement made as I understand, for latrines, namely, platforms projecting into the sea is most likely to render the Camp an unpleasant, and unhealthy residence.

4. I have had experience of these latrines when in charge of the 103rd Regiment Fusiliers at Colaba, and no matter how high the tide, the contents of the latrines were invariably washed back on the beach.

5. The Civil Surgeon could I have no doubt, select a suitable site for the fair on the Muggur Peer road beyond the Lyaree.

6. A site in that direction would have the advantage of an abundant supply of water and in the event of disease making its appearance, there would be no difficulty in stopping all communication with Camp.

I have, &c.,

Kurrachee, 13th November 1869.

To

Assistant Qr. Mr. General, S. D.

Memo.

Is informed in reply to his Memo. No. 2158, that the undersigned is unable to say, what the sanitary condition of the vicinity of Kurrachee may be on the 23rd of next month, but is of opinion, that it would be injudicious to hold the Fair with the present sickly condition of the station.

(Signed) TROUSDELL, M. D.,

Staff Surgeon-Major, P. M. O. B. Ts.

To

Colonel Sir W. L. MEREWETHER, K.C.S.I., & C.B.,
Commissioner in Sind.

SIR,—I have the honor to acknowledge the receipt of your Memo : No. 1687 of the 19th instant, with its accompaniments, and beg to inform you that the same was laid before the Select Committee of the Kurrachee Fair and Exhibition, at their Meeting held at the Frere Hall this afternoon.

The Committee desire me to state that after a perusal of the correspondence and due consideration of the objections therein noted, they are of opinion that a better site for the Fair than Bath Island, cannot be selected with proper attention to the wants and convenience of those who will attend it.

Those of the Committee who have been long resident in Kurrachee, have experienced the prevalence of a north wind during the month of December, and such being the case, Bath Island will not be to windward of the Camp as remarked by Dr. Mahaffy.

That an epidemic like Cholera is seldom known to prevail during the cold weather, and with regard to the Fever which hangs about not only Kurrachee, and the province, but throughout all India, it is quite possible, that as the cold weather advances it will disappear, and the pleasing excitement and entertainment, afforded by the Fair and Exhibition, will conduce to restore health to some who now suffer from it.

From reports and enquiries made, the Select Committee believe that Cholera has entirely disappeared from Kurrachee.

The Committee have already promised to use their best endeavours to carry out every sanitary measure that may be found necessary to ensure the health of this city, and they will be happy to carry out the suggestions contained in your Memo: under reply, with regard to the dry conservancy system.

Having remarked on the points contained in the correspondence above noticed, the Select Committee would beg to submit the following for your favorable consideration.

The Fair and Exhibition have already been postponed, from time to time for more than a year, and a further postponement will only be tantamount to their abandonment.

Articles and Goods to the value of upwards of Rupees 30,000 besides a variety of samples of Models of no intrinsic value, (but the collection and making of which have cost a good deal of time and labor) have already been collected and the Committee have had intimation of goods that are on their way and may be shortly expected. They have likewise received information of parties who have volunteered to attend the Exhibition with articles and manufactures of some value.

The Committee have already expended a considerable sum in preparing for the Fair and Exhibition, and have rendered themselves liable for other expenses, aggregating upwards of Rupees (10,000) ten thousand. That the Medals for the Exhibition have arrived in Bombay from England, by the last Mail, and are expected to be in Kurrachee by the next steamer, and they beg to draw your particular attention to the fact that the Medals bear the date of 1869. They have cost the Committee upwards of Rupees (600) six hundred.

Under the above circumstances, the Select Committee have desired me to state that they are unable to make any alteration in the arrangements now so far advanced, but pledge themselves to be most careful in attending to the public health of Kurrachee, if permitted to carry out the undertaking.

have so long persevered to accomplish, and which they trust will, under your kind assistance and patronage, produce the good results they anticipate to this town, and to the province of Sind. I beg to return the original correspondence received with your Memo.

I have the honor to be, &c.,

(Signed) W. A. INGLE,

Honorary Secretary.

Kurrachee, 27th November 1869.

No. 1782 of 1869, General Department.

From

Colonel Sir W. L. MEREWETHER, K.C.S.I., & C.B.,

Commissioner in Sind,

To

Major-General Sir G. MALCOLM, K.C.B.,

Commanding Sind Division of the Army.

Kurrachee, Commissioner's Office,

Camp, Nowshera, 4th December 1869.

SIR,—In reply to your letter, No. 2175 of the 15th ultimo, and with reference to its accompaniments herewith returned, I have the honor to forward, copy of a communication from the Honorary Secretary, Kurrachee Fair and Exhibition, and at the same time to express my opinion, that there seems to be no longer any reason why the Exhibition, which has been started with so much trouble and expense, should be postponed any longer. Cholera has entirely disappeared from Kurrachee, and as for any other sickness, there is none but ordinary fever, which is also diminishing and will entirely pass off as the Northerly winds become steady.

2. With regard to the Fair, I still think Bath Island is as good a site as could be selected. Northerly winds are well-known to prevail at this season of the year, and the position proposed will, therefore, be to leeward of Camp, and all the inhabited part of Kurrachee. The Committee will be re-

requested to make arrangements for establishing a system of dry conservancy at Bath Island during the Fair, and means of removing filth of all kinds, as it is just possible that the result mentioned by Dr. Mahaffy, of excreta returning with the tide might occur. A plentiful supply of fresh water will be conveyed to the spot by means of the Chinnee Creek branch of the Railway, provision having been made for this,

I have, &c.,

(Signed) W. L. MEREWETHER, Colonel,

Commissioner in Sind.

No. 1783 of 1869, General Department.

Commissioner's Office,

Camp, Nowshera, 4th December 1869.

True copy forwarded to Mr. W. A. Ingle, Honorary Secretary, Kurra-chee Fair and Exhibition, in reference to his letter of the 27th November 1869, with a request that the improved sanitary arrangements mentioned in para. 2, may be taken into consideration by the Committee.

(Signed) W. L. MEREWETHER, Colonel,

Commissioner in Sind.

A MEETING of the Select Committee of the Kurrachee Fair and Exhibition, was held at the Frere Hall, yesterday, at 7 a.m. when the following gentlemen were present :—

R. H. Pinhey Esq., C. S. President in the chair.

J. G. Moore Esq., C. S.

Ed T. Beauvais Esq.

A. W. Hughes Esq

T. S. Speck Esq.

G. Elander Esq.

Jemsetjee Ardaseer Esq.

Sett Davamull Suchanund and W. A. Ingle, Esq. Honorary Secretary.

The object of this Meeting was, as stated in the Circular, to wind up the affairs of the Fair and Exhibition, and the Members present forming a quorum, proceeded to do this accordingly.

1 A few, 15, of the printed copies of the Record of the Exhibition, were placed before the Meeting, for approval and for instructions as to the manner in which the 500 copies ordered to be printed were to be distributed. The requisite instructions having been given on this head, the Committee proceeded to determine.

2 As to the way in which the unsold articles, purchased by the Committee, were to be disposed of. It was moved and seconded that certain articles, such as toys, specimens of native ornaments, carved stone, and ivory should be made over to the Kurrachee Museum, and that the other articles should be kept for sale.

3 That a Silver Medal be presented to Captain J. Wood, Agent Sind Railway and Indus Steam Flotilla, for his kind co-operation and assistance.

4 That a case be made for the dies and collar of the Exhibition Medal, and that after varnishing the same they be made over to the Kurrachee Museum.

5 It was proposed by Mr. Jamsetjee Ardasir, seconded by E. T. Beauvais Esq. and carried unanimously, that a gold medal be presented to the Honorary Secretary, Mr. Ingle, another to Mr. Elander, in acknowledgment of their great exertions, and unremitting zeal in forwarding the objects of the Exhibition.

6 It was then proposed by Sett Davamull Suchanund, Seconded by A. W. Hughes Esq., carried unanimously: That the balance of the Exhibition Fund be invested, and the Interest placed at the disposal of the Educational Inspector in Sind, to be awarded annually to the most successful candidate from Sind at the Matriculation examination, without prejudice to the claims of the recipient to any other reward to which he may be entitled.

7 Proposed by Mr. Elander, Seconded by Mr. Jamsetjee Ardaseer and carried unanimously—That the final accounts be submitted to Mr. Moore by the Honorary Secretary, with the view to obviate the necessity for any further Meeting of the Select Committee.

8. A vote of thanks to the Chairman for his able conduct in the chair was then proposed by Mr. Jamsetjee Ardaseer, Seconded by Mr. E. T. Beauvais, and carried unanimously.

W. A. INGLE.

HONORARY SECRETARY.
