6/1/21 Sir,

Your notice of the 21st ultimo reached me on the 23rd ultimo informing me that I have left open on the top in W.C. in my building on plot No. 49 & 52 A-1 Old Town Quarter.

In reply I have the honour to inform you that while obtaining from you pass for sewerage, the sewerage Inspector came personally on the spot and having thoroughly inspected W.C. etc., raised no objection to the open in question, and granted permission for putting up the sewerage. When the work was over he once more inspected the building especially the sewerage and W. C. and expressed his satisfaction to the effect that "the work has been done according to the Municipal Bye-laws". About a fortnight after the work was over Mr. Bhatta came and raised an objection to the open on the top of W.C.

As a Municipal rule no permission is allowed for putting up the sewerage in the building if anything is objectionable, according to the Bye-Laws of the Municipality. Under the circumstances I am really surprised why I have been served with a notice when the work has been done according to the instructions of the Municipality.-

I have the honour to be

Sir,

Your most obedient servant

Asanmal Henry
Mun. Engineer
