Ordinance Reminder

The City of Tuttle would like to remind you that we do not allow for Recreational Vehicles (RV's) to be parked in front of the main building line. Also, the habitation of an RV is prohibited.

Sidewalk Construction

Beginning in mid-February construction on new sidewalks will break ground, and is expected to last three months. The City of Tuttle has received a grant from the Oklahoma Department of Transportation to build new sidewalks along several key routes around Tuttle Schools. The sidewalks being built will be along the following routes:

- Cimarron Road from the high school to the middle school
- SE 4th Street from the Early Childhood Building to Main Street
- N Main Street from Taco Mayo to Edith Ln

In compliance with the Americans with Disabilities Act, there may be a need to replace several driveways during the construction.

These replacements will be paid for using the grant and if your driveway will be one of the ones impacted, the contractors will be in touch with you shortly. Please be aware that you may need to make arrangements to park your vehicles elsewhere during that time period.

For any questions or concerns contact our Public Works Director Aaron Slattery 405-381-5902.

Tuttle Fiber

Construction will begin along State Highway 37 between Cimarron and County Line Road as we continue to build out our fiber Internet system. Please contact our Broadband Network Technician Laurie Koelsch at 405-381-8920 if you have any questions

If you live in the following subdivisions, are facing Highway 37, and wish to use the fiber system, please sign up at cityoftuttle.com/fiber

- Chickasaw Springs
- Winding Creek
- Richland Hills
- Covenant Trails
- Creek Valley
