- Tuttle Middle School— Paper

# City of Tuttle Newsletter

CITY OF TUTTLE, OK

## Bag it!!!

Please bag all trash that is put in your blue polycarts or dumpsters. When the trash trucks dump the trash into the truck, if any debris is un-bagged, it is much more likely to blow out of the truck and land in your neighborhood. This simple act of bagging your trash will help keep our city clean.

You may have up to three bags of trash in addition to your trash can. It must be bagged and not in another container. Although if you continually have bagged trash, you will be asked to get a second polycart. Additional polycarts are an \$6.50 a month. If you have any questions or you need an additional polycart, please call Tim Gore at (405)381-2335 x 102

## Spay and Neuter Pets

The neutering operation for cats and dogs (spaying in females) is the best and safest method of pet birth control. The alternative to birth control is the mass destruction of unwanted, surplus pets. This is not only costly to the tax payer but repulsive to all of us who care about animals. There are low-cost options available for qualifying families. Please visit <http://www.vawokc.org/>, [http://www.bestfriendsokc.org/spay\\_neuter\\_assistance.htm](http://www.bestfriendsokc.org/spay_neuter_assistance.htm) for this information or call your local veterinarian.

## Water Conservation Measures Lifted

All water conservation measures have been lifted at this time. Thank you for your cooperation and understanding. Please remember that while the mandatory restrictions have been lifted, you can help save water and money by watering smart at all times.
