CITY OF TUTTLE,
OKLAHOMA

SCHOOL STARTS August 14th—drive safe!!!!

Here's the law: If you are driving and a school bus stops and turns on flashing red lights, you also must stop. The law applies regardless of whether you are behind the bus or approaching the bus from the front. You cannot proceed until the flashing red lights are deactivated.

Motorists who fail to stop for a school bus with its red lights flashing while loading or unloading children will lose their driver's license for a year, according to state law. The existing penalty of a \$249 fine and four points on their traffic record remains.

Revoking the driver's license for one year with no modification — meaning no exceptions will be given — was recently added to the offense of failing to stop for a school bus loading or unloading children. As of November 2013 this is a felony crime.

The question might be, how do you know when to stop? The first and only rule is when you see a red, flashing light you have to stop. The only exception is if you are coming the opposite way on a road that has a median or some kind of physical barrier between you and the school bus. **Be aware that State Highway 37 and parts of State Highway 4 do not have a barrier and motorist are required to stop both ways.**

ATTENTION TUTTLE BUSINESSES

The Tuttle Area Chamber of Commerce would like to invite you to join us on Monday, August 11, 2014 at 8:00am at Snow Hill Baptist Church. We will be hosting our first annual Tuttle teacher's back to school kick-off breakfast.

Monday will be the teacher's first in-take day back to school. This is the only day the entire district meets for training together as a group. The Chamber wants them to know how much our community and Tuttle businesses support and appreciate them.

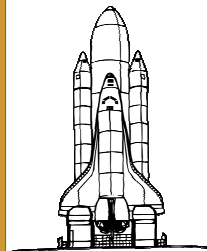

This will be a great opportunity for your business to be exposed to the district's teachers and administration. You can become active with us in supporting the breakfast financially, donating a give-a-way item, or by donating an item for their "goodie" bags.

This event is just another way the Chamber can help you get noticed! If you would like more information on becoming a member of the Chamber or if you would like to team up with the chamber for this event please contact Aimee Dauphin or another board member as soon as possible.

Expert Carpet Repair & Re-stretch

Summer is upon us and the risk of wild fire is increasing every day. Lower humidity and high winds cause the risk of fire to increase. As the day burns on and the temperature goes up so does the risk. The highest risk is in the mid afternoon when temperature is at its peak and humidity is at its low for the day. Anyone can turn on the news and see our neighboring states are dealing with wild fires daily. Lets not make the news. Enjoy your summer but be cognizant of the dangers of grilling with charcoal, fire works, and general carelessness.

Tuttle Fire Department thanks you for your attention to safety!
