Assessor's Report November 8th, 2016

Sales

For the Month of October, only one sale was received and reported to NYS.

Exemption Renewals

All of the renewal applications for exemptions have been mailed for the 2017 assessment roll year. They are due back to my office on or before March 1st, 2017. I have included with all Enhanced STAR renewal applications an application for the IVP program which would allow NYS to report to the Assessor automatically whether or not the senior continues to qualify for the Enhanced STAR Exemption.
