

RiverView RV Park Cancellation Policy

When you make a reservation, you are asking us to turn down other people for those dates. If you should have to cancel, we may not be able to rebook your site, therefore, we must enforce the following cancellation policy:

- Daily reservations (non-holiday) are required to give at least a 48 hour notice of cancellation prior to arrival. Failure to do so will result in your credit/debit card being charged for your reserved site.
- Daily reservations (holiday) are required to give at least a 2 week notice of cancellation prior to arrival. Failure to do so will result in your credit/debit card being charged for your reserved site.
- Weekly reservations are required to give 48 hours notice of cancellation prior to arrival. Failure to do so will result in your credit/debit card being charged for two nights of your reserved site for each week of your reservation.
- Monthly reservations are required to give 7 days notice of cancellation prior to arrival. Failure to do so will result in your credit/debit card being charged ten percent (10%) of each month of your reservation.

Reserved sites will be held until 8 am the day after your arrival date. If you have not checked-in before this time, we will assume you are a no-show. Your site will then be released back to RiverView RV & Recreational Park thereby forfeiting your site. All cancellation charges will be charged to the card you provided when you initiated your reservation.

RiverView RV & Recreational Park reserves the right to refuse lodging and/or site rental to any individual or group. Camping rights will automatically be terminated without refund.

I have read and acknowledge the stated campground rules published at www.riverviewcolbert.com and the RiverView RV & Recreational Park cancellation policy. I agree to use the RiverView RV & Recreational Park facilities with respect, cleanliness, and regard for my neighbor(s). Camping reservations are not considered confirmed until RiverView RV & Recreational Park receives a fully executed copy of this document.
