Hackberry Flat Center—2018

A Wetland At Night

Saturday,

August 11

7:30 pm to 11 pm

Visitors will tour the wetland in an open trailer with seats to discover what goes on in a wetland after the sun goes down, while learning about how the wetland is managed by the OK Wildlife Dept. to provide habitat for wetland-dependent birds and other wildlife

Participants must be at least 14 years old.

No Fee. **Reservations Required.**

Hackberry Flat Center—2018

Stars, Birds, Bats & Meteors

Saturday,

August 11

11 pm to 1 am

Mike Caywood, Manager at Alabaster Caverns State Park, will present a program, whether skies are clear or cloudy, about the summer night sky including constellations, planets and the Milky Way Galaxy.

Participants will also learn how birds, particularly shorebirds, and bats navigate by these stars as they migrate south

Weather permitting, telescopes will be set up.

Please bring a comfortable chair No Fee.
