Deceuninck North America Appoints New Quality Assurance Manager

Industry veteran Bill Eberhardt joins Deceuninck North America

Deceuninck North America is welcoming William (Bill) Eberhardt to the Deceuninck team as its quality assurance manager. In this role, Eberhardt will develop, direct and implement company-wide quality-focused activities.

"Bill will guide Deceuninck North America's growing quality assurance team, and play a leading role as we continue to incorporate state-of-the-art quality systems across Deceuninck North America," said Filip Geeraert, president and CEO, Deceuninck North America.

Eberhardt has more than 16 years of experience in the window and door industry. Most recently he served as quality manager, senior process engineer and interim production manager for Quanex Building Products in Richmond, Kentucky.

Eberhardt holds a Bachelor of Science in chemistry with a minor in sociology and life science from Rose-Hulman Institute of Technology. In addition, he holds several certifications for excellence in Quality Assurance and Management.

About Deceuninck North America

Deceuninck North America, LLC is a fully integrated design, compounding, tooling, lamination and PVC extrusion company that produces energy-efficient vinyl window and door systems. The company is committed to developing high-performance products that are currently in more than 6 million U.S. homes. With headquarters in Monroe, Ohio and a new facility underway in Fernley, Nevada, Deceuninck North America's sales have had double-digit growth for the past three years. Deceuninck North America is part of the Deceuninck Group, an integrated global organization that produces PVC window systems for the building industry. Deceuninck Group employs 3,600 people in 19 countries, with worldwide production facilities. For more information, please visit www.DeceuninckNA.com.
