Press ReleaseJuly 26, 2016

Deceuninck North America Formalizes Energex Alliance

Today, Deceuninck North America announces the formalized Energex Alliance program, which currently includes six fabricators as inaugural members. The alliance began nearly a decade ago as a loose network of three Midwestern fabricators. It has grown both in number of fabricators and geographic reach.

The Energex Alliance provides members access to Deceuninck North America's range of resources, experts and innovative window solutions as well as a trustworthy network of professionals. The inaugural members are:

- Gild-N-Son Manufacturing and Sales, Kearny, New Jersey
- Herschberger Windows, Tuscola, Illinois
- Midwest Window and Door, Rockville, Indiana
- Schlabach Glass and Window, Kokomo, Indiana
- Thermo-Seal Vinyl Products, Brookfield, Missouri
- Thermo Tech Windows, Wellston, Ohio

"Our growing collection of professional alliances, such as the Energex Alliance, is a differentiator for Deceuninck North America in the marketplace," said Filip Geeraert, president and CEO, Deceuninck North America. "Alliances provide our fabricator community a range of benefits including stronger collective buying power and access to a unique network of peers that they can share knowledge with and solve similar challenges."

The Energex Alliance is open to new members. Visit DeceuninckNA.com for more details.

About Deceuninck North America

Deceuninck North America, LLC is a fully integrated design, compounding, tooling, lamination and PVC extrusion company that produces energy-efficient vinyl window and door systems. The company is committed to developing high-performance products that are currently in more than 6 million U.S. homes. With headquarters in Monroe, Ohio, and a new facility underway in Fernley, Nevada, Deceuninck North America's sales have had double-digit growth for the past three years. Deceuninck North America is part of the Deceuninck Group, an integrated global organization that produces PVC window systems for the building industry. Deceuninck Group employs 3,600 people in 19 countries, with worldwide production facilities. For more information, please visit www.DeceuninckNA.com.
