Deceuninck North America Appoints Mary Rita Dominic as Quality Manager

Dominic to Direct Development and Implementation of State-of-the-Art Quality Systems

[Deceuninck North America](#), a leading designer and manufacturer of high-quality systems for windows, doors and outdoor living, is pleased to announce the appointment of **Mary Rita Dominic** as quality manager. In this role, she will direct the entire organization in the development and implementation of state-of-the-art quality systems and develop the skills of the quality team, as well as the other functional teams of the organization.

“Mary Rita comes to Deceuninck with more than 30 years of industry experience and expertise in a range of technologies, including PVC,” said Scott Sheffield, vice president of operations at Deceuninck North America. “Managing quality plays a vital role at every level of our organization, from design and compounding to tooling and extrusion. This will also help ensure the high level of quality our customers have come to expect from Deceuninck. On behalf of Deceuninck, I am pleased to welcome Mary Rita to her new role.”

Prior to joining Deceuninck, Dominic worked for Rohm & Haas, Bayer Polymers, and most recently, Felda IFFCO. She earned a Bachelor of Arts in chemistry at the University of Dayton, and holds a Master of Science in analytical chemistry from the University of Cincinnati.
