Deceuninck Hosts Future Fabricators

Deceuninck North America welcomed more than a dozen fabricators for its third annual Future Fabricators workshop.

During the two-day workshop, Deceuninck North America CEO Filip Geeraert and other Deceuninck leadership provided insights into the state of the fenestration industry, including material innovations and new business opportunities.

“This workshop enables attendees to share their collective learnings and insights about the future of the fenestration industry,” said Filip Geeraert, president and CEO, Deceuninck North America. “The young leaders attending the event build their network and better understand how Deceuninck North America can help grow their businesses.”
