Deceuninck Appoints Industry Veteran Scott Sheffield as Vice President of North America Operations

Monroe, Ohio, February 14, 2011 – Deceuninck, a leading designer and manufacturer of high-quality systems for windows, doors, interiors, and outdoor living, is pleased to announce the appointment of Scott Sheffield as vice president of North America Operations. In this capacity, he will oversee and direct all manufacturing operations at Deceuninck’s facility in Monroe, Ohio, including materials research, compounding, tool manufacturing, extrusion, supply chain and logistics.

“Throughout his impressive career, Scott has mastered disciplines ranging from engineering, quality assurance, information technology, supply chain management and corporate leadership,” said Mark Parrish, president and CEO, Deceuninck North America. “His depth and breadth of experience, along with superb business acumen, make Scott an invaluable addition to our senior leadership team.”

Prior to joining Deceuninck, Sheffield served as director of operational initiatives, plant manager, and ultimately director of operations for Simonton’s fabrication subsidiary, Simonton Windows. Sheffield also held positions at Simex Vinyl Extrusion (Simonton’s vertically integrated subsidiary). Prior to his work with Simonton, Sheffield held various positions at Vinyl Tool & Die Company in Youngstown, Ohio.
