**Deceuninck North America Launches a “Revolution”
with New Tilt & Turn Window**

– Company Will Introduce New Product to Fenestration Industry at GlassBuild 2011 –

Monroe, Ohio, September 8, 2011 – [Deceuninck North America](#), a leading designer and manufacturer of high-quality systems for windows, doors, interiors and outdoor living, will start a “revolution” during the GlassBuild America 2011 conference (September 12-14, 2011) with the launch of its new tilt-and-turn window.

Named **Revolution Tilt & Turn™**, this new product features a seven-chamber thermal structure, Deceuninck’s Innergy™ Rigid Thermal Reinforcements, and multifunctional operability in a window that has the capability of achieving an R-value of 7+. Revolution is also designed for a C-50/DP-80 rating.

“At Deceuninck, we believe that eye-catching design and superior performance aren’t mutually exclusive. Our Revolution Tilt & Turn offers a timeless and elegant design without sacrificing functionality, sustainability or thermal performance,” said Filip Geeraert, president and CEO of Deceuninck North America. “We look forward to introducing Revolution to the glass, window and door industries during GlassBuild.”

**Deceuninck North America Launches a “Revolution”
with New Tilt & Turn Window (cont.)**

– Company Will Introduce New Product to Fenestration Industry at GlassBuild 2011 –

Revolution Tilt & Turn is designed with a euro-influenced posture. It has minimal frame and sash sightlines and features maximum daylight area to take full advantage of today’s high-performance glass technologies. The product also offers installation accessories for the North American market, complete compatibility with the most popular North American door systems, an integral screen system, structurally bonded glazing technology, and American Architectural Manufacturers Association (AAMA)-certified profiles.

Deceuninck North America will exhibit during GlassBuild America 2011, which will be held at the Georgia World Congress Center in Atlanta. The company has been designated as an “Innovative Products Exhibitor” at the show and will be located at **Booth #1301** on the main exhibition floor.
