

# COMMERCIAL PROGRAM

## A WINDOW OF OPPORTUNITY

Today's owners, contractors, architects and manufacturers are leading the demand for buildings that offer more value, operate with greater efficiencies and are maintained with less overhead and greater returns on investment.

### OWNERS/CONTRACTORS

*Built to perform.*

Commercial projects can be technically demanding. Deceuninck has developed an alliance of manufacturers that have the technical knowledge and skills to provide a solution tailored to your specific project needs:

Whether you are working on a new build or renovating/remodeling an existing project, Deceuninck Commercial windows are the perfect solution.

### ARCHITECTS

*Designed to last.*

Made from Deceuninck's propriety SunShield® technology, Deceuninck Commercial products deliver exceptional energy efficiency and low cost of ownership, making them ideal for commercial and multi-family residential construction.

Deceuninck Commercial products featuring SunShield will redefine the way you think, feel and design.

### MANUFACTURERS

*Made to fit.*

Make smarter products. Engineer energy-efficiency. Innovate constantly.

Deceuninck Commercial is an integrated fabricator member program comprised of technical, engineering, marketing and sales support designed to help our fabricators take advantage of commercial opportunities. Build smarter with Deceuninck Commercial.
