How to assemble the cupcake riser

1 Begin by folding the riser piece in half as shown.

2 Fold the corners down. Fold the strips up. Insert the tab into the slot on the side to lock in place.

3 Continue with the 2 remaining sides until all tabs are secure.

4 The riser is complete once all tabs are locked into place.

5 The riser will fit in the center of your bouquet stand.

How to assemble the bouquet

1 Use a small amount of icing to attach the riser to the center of the board inside the bouquet stand.

2 Gather 12 cupcakes. Use a dollop of icing to attach each cupcake to the riser.

3 Place 8 cupcakes around the riser to form the bottom row of the bouquet. Make sure cupcakes are touching.

4 Pipe a large dollop in the center of the riser.

5 Place the 4 remaining cupcakes into the center. Press to ensure they are securely attached with icing.
