# sugar paper

Jump on social media's hottest cake trend, the burn cake, with the help of our preprinted Congrats Grad Sugar Paper!

Turn the dessert table into a party-defining experience with burn cakes! Place the Photocake® Edible Image® you chose to be revealed on top of your cake. Next, add three layered top borders. Then, place the Congrats Grad Sugar Paper on top of that, and add one final border around the top. Place a flame near the center of the sugar paper and watch the PhotoCake® image reveal itself below as the top layer burns away!

If making cake ahead of time, wait to apply burn paper until the cake is ready to be picked up for the party.
