# PRODUCT UPGRADE
## WI-FI WITH SERVICE CODE

WELCOME TO PHOTOCAKE® LIVE-CONNECTED!

YOU WILL SOON BE ENJOYING REAL-TIME ACCESS TO OUR ENTIRE LIBRARY OF DESIGNS. DOWNLOAD UPDATES TO ACCESS NEW FUNCTIONALITY - NO MORE WAITING FOR A DVD! HERE ARE ALL OF THE GREAT BENEFITS OF LIVE-CONNECTED:

- Move from PINs to Image Credits. No more calling for PINs to print. Stock up on Image Credits to print any image, anytime!
- Real-time visibility to print history.
- Image Library will only show what you have authorized. New Images will appear as soon as they are available.
- Access to Quick-to-Market images.
- Updates can now be installed same day as they are released. No more DVDs!

## IMPORTANT!

- Once the LIVE-Connected upgrade is installed, you will not be able to revert back to the LIVE-Disconnected Software.
- LIVE-Connected Requires access to the internet - via Wi-Fi or Ethernet.
- Must be on Update 50 or higher before proceeding.

**1** Plug the USB Wi-Fi adapter into a free USB port on the back of the Controller/HUB.

**2** Select 'Maintenance'.

**3** Select 'Service Menu'.

**4** **Using the on-screen keypad, type 80 and press 'Enter'.**

The system will restart.
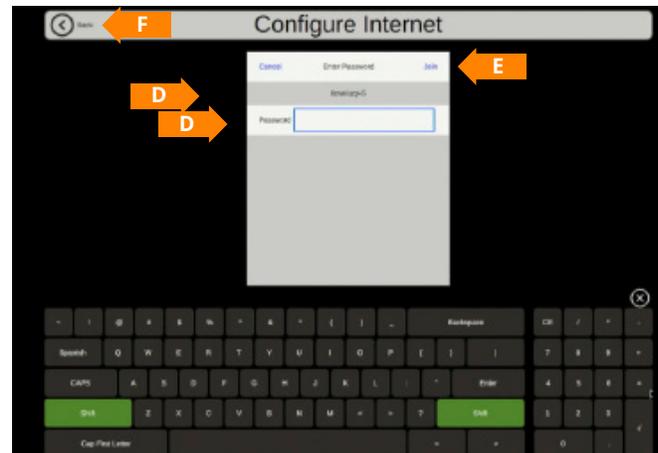

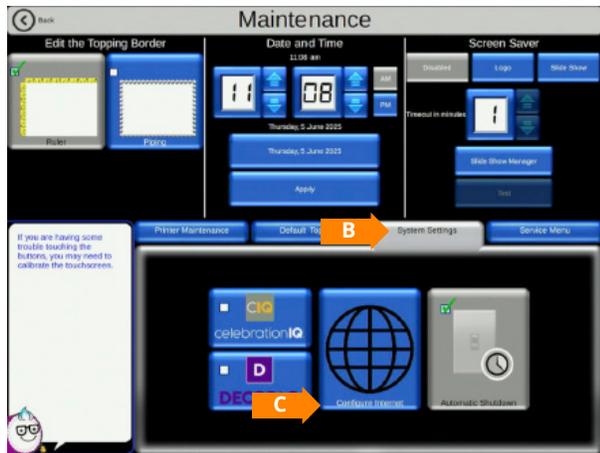

**5** **Enter 1598 when prompted for a Key Code.**

**6** **Connect to the Internet**

   A.   Select Maintenance
   B.   Select the System Settings tab
   C.   Select Configure Internet
   D.   Select the network you want to connect and enter the password
   E.   Select Join
   F.   Select Back to exit
   *Note: If you are using a Captive Wi-Fi, Terms & Conditions must be accepted.*

**7** **Confirm your connection by looking for the small Wi-Fi icon above the PhotoCake logo on the Home Screen.**

Note: If the icon doesn't appear, reboot the system and ensure the Wi-Fi you are connecting to is working properly.

**8** **Check for updates**

Once the upgrade has completed, update the system by selecting the 'PhotoCake' button and selecting 'Check for updates'.
