Voters Oppose President-Elect Biden Appointing Governor Raimondo To His Cabinet

Gina Raimondo is the current governor of Rhode Island and a former venture capitalist. Raimondo invested the Rhode Island state pension fund in risky Wall Street hedge funds - paying high fees to financiers even while she cut pension benefits for retired teachers, public safety employees, and other state workers. Her administration is currently illegally slashing funding to working class cities in Rhode Island. Under her leadership, Rhode Island is now in the midst of one of America's most severe coronavirus (COVID-19) outbreaks, with a daily diagnosis rate that is twice the average of the rest of the country's.

Nov 18 to Nov 20, 2020 survey of 1046 likely voters

From November 18 to November 20, 2020, Demand Progress conducted a survey of 1046 likely voters nationally using web panel respondents on the Data for Progress infrastructure. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ± 3.0 percentage points.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.
