The Honorable Charles E. Schumer, Majority Leader
322 Hart Senate Office Building
Washington, D.C. 20510

Majority Leader Schumer,

Thank you for your strong leadership and continued dedication to making progress on essential priorities for the American people and for our democracy in the face of partisan obstruction.

We have moved past hypotheticals and entered a perilous new moment for our democracy. Senate Republicans’ decision to block legislation establishing a bipartisan commission to investigate the January 6th insurrection is a shameful abdication of their duties to our country. As Senator Joe Manchin said, “So disheartening. It makes you really concerned about our country.” That Republicans could not even support a bipartisan investigation into a deadly attack on the U.S. Capitol reflects dangerously misplaced priorities: they have chosen party over country, obstruction over progress, and Trump over democracy.

In the face of Republicans’ inability and unwillingness to defend our democracy, it is clearer than ever that the filibuster needs to be eliminated. As Senator Brian Schatz stated, “filibustering a bipartisan Commission regarding the January 6 insurrection is a three dimensional way to make the point that the filibuster is primarily a destructive force in American politics.”

Meanwhile, we are witnessing the “greatest contraction of voting rights since the end of Reconstruction and the beginning of Jim Crow,” as Republican legislatures across America attack voting rights and play partisan games with their election laws.

Passing S.1, the For the People Act, is essential in light of these attacks on Americans’ fundamental voting and civil rights. Yet Senate Minority Leader McConnell has called blocking the For the People Act his “top priority” and is committed to using the filibuster as a weapon to keep our democracy rigged.

We cannot allow the filibuster to stand in the way of progress or imperil the health of our democracy. As columnist E.J. Dionne noted, “No amount of cajoling, compromising, begging, pleading or standing-on-your-head-and-holding-your-breath will change this … you can defend voting rights or you can defend the filibuster. You can’t do both.”

Investigating an insurrection and protecting voting rights should not be controversial or partisan – and they should not be issues that a minority of senators are allowed to block.
We call on you and the Senate Democratic caucus to eliminate the filibuster as a weapon that
Sen. McConnell can use to block efforts to defend and strengthen our democracy and make our
government work for the American people.

Signed,
