## Soros gave "global grants" to fund Muslim migrants

A leaked internal report from international hedge fund financial manipulator George Soros's Open Society Foundations and its International Migration Initiative (IMI) describes how Soros bankrolled the opening of global routes for illegal migration.

The report is titled "Migration Governance and Enforcement Portfolio Review" and is dated May 12, 2016.

The use of economic and political refugees as "weapons of mass migration" was described in the editor's recent book, "Soros: Quantum of Chaos."

The term "weapon of mass migration" was, when it was first proposed, derided by Soros-linked media outlets as "racist."

However, the Soros report proves that mass illegal migration was advocated by Soros, who profits handsomely from political and financial instability, including that which has arisen from mass illegal migration.

Soros's IMI began in 2010, the same year that the Soros-influenced Arab Spring resulted in turbulent civil wars in Libya, Syria, Yemen, and Iraq, resulting in wave after wave of migrants pouring into Europe from affected countries.

These political and economic refugees, joined by others from Afghanistan and sub-Saharan Africa, were welcomed by German Chancellor Angela Merkel.

Ignorant of her role in bringing jihadist terrorism to Europe, Merkel recently denied that mass migration of mainly Muslims into Europe was linked in any way to increased acts of terrorism on European soil.

Merkel and Soros are promoters of globalization and unchecked mass movements of peoples around the world.

The IMI, according to the leaked report, organized “migration corridors” beginning in 2010. These corridors began with Asia, the Middle East, Central America, and Mexico. In mid-2013, Russia and Central Asia were added to the list of migration corridors. One of the report’s co-authors, Soros Program Officer Anna Crowley, was hired by Soros to “manage” the Eurasia corridor.

The Soros report, for the first time, links the issues of Muslim refugees entering the United States to that of undocumented migrants from Mexico and Central America streaming across the border. The existence of an organized Soros conspiracy to populate the United States with Muslim and Hispanic migrants lends some weight to GOP candidate Donald Trump’s contention that illegal immigration by Muslims and Hispanics is out of control and that “extreme vetting” must be introduced by the federal government to stem the flow.

So far in his campaign, Trump has not been articulate in expressing the threat posed by such immigration to the United States. The existence of a heretofore secret “weapon of migration” plan by Soros, who is a major funder of Hillary Clinton’s presidential campaign, should provide significant political fodder for the Trump campaign.

In 2010, Soros gave “global grants” to various organization behind the opening of the floodgates for illegal mass migration. The report states that grantees covered “multiple geographies and a range of thematic issues relevant to IMI’s overarching mission.” The “mission” was to ensure that border controls at various migration corridors were either overwhelmed by migrants or purposely weakened by border control authorities.

The report states that from 2014 to 2016, “IMI provided 40 grants to 22 organizations. Of these, 18 grants totaling \$4,350,705 went to 11 organizations working at the global level or cutting across a range of geographies. An additional 22 grants totaling \$3,792,697 went to 11 organizations working on governance and enforcement issues at the corridor level.”

**Weakening existing border controls is a stated goal of the IMI.**

The report states: “we aimed to prevent the violation of migrants’ rights by minimizing harsh border controls and decreasing the widespread use of detention and deportation.” Merkel followed this advice by permitting some one million, mainly Muslim, migrants to live in any German city or town of their choosing without any physical restrictions.

The Soros report recommended the promotion of “alternative solutions to immigration detention.”

### The essence of the Kalergi plan and the NWO

In his book «Praktischer Idealismus», Kalergi explains that the citizens of the future “United States of Europe” will not be the people of the Old Continent, but a new mixed breed, the products of thorough and widespread miscegenation. He states that the peoples of Europe should interbreed with Asians and other non-White races, to create a multiracial population, with not clear sense of tradition or identity and therefore easily controlled by the ruling elite.

Kalergi proclaims the need to abolish the right of nations to self-determination and outlines the break-up of nation states through the use of ethnic separatist movements and the destruction of the nations themselves through mass migration. In order for Europe to be easily controlled by the future elite, Kalergi proposes the creation of a homogeneous mixed breed population, and as to who should be the new elite?

Kalergi is particularly illuminating on this point: The man of the future will be of mixed race. The races and classes of today will gradually disappear due to the elimination of space, time, and prejudice. The Eurasian-negroid race of the future, similar in appearance to the Ancient Egyptians, will replace the current diversity of peoples and the diversity of individuals. Instead of destroying European Judaism, Europe, against her will, refined and educated this people, driving them to their future status as a leading nation through this artificial evolutionary process.

It's not surprising that the people that escaped from the Ghetto-Prison, became the spiritual nobility of Europe. Thus, the compassionate care given by Europe created a new breed of aristocrats. This happened when the European feudal aristocracy crashed because of the emancipation of the Jews [due to the actions taken by the French Revolution]
