Detroit Belle Isle Grand Prix

©2016 Detroit Belle Isle Grand Prix, Inc.
Thank you for choosing to Start Your Summer at the 2016 Chevrolet Detroit Belle Isle Grand Prix.

We are looking forward to a very exciting weekend on track as we welcome back the Verizon IndyCar Series, the IMSA WeatherTech SportsCar Championship and the SPEED Energy Stadium SUPER Trucks presented by TRAXXAS to the Raceway at Belle Isle Park. We are also pleased to add the Trans Am Road Racing Series to our 2016 lineup.

For the fourth consecutive year, we are proud to once again host TWO races from the Verizon IndyCar Series on back-to-back days at the Chevrolet Dual in Detroit presented by Quicken Loans. Our event remains the only “doubleheader” on the series schedule in 2016 and we couldn’t be more thrilled to share the beauty of our international riverfront with Detroit and Windsor taking center stage on ABC-TV both Saturday and Sunday.

We want to make sure that you get a chance to experience all the terrific entertainment and activities off the track as well. The Meijer Fan Zone has something for everyone with interactive displays, games and the Sports Zone, featuring local Detroit sports teams. The MotorCity Casino Hotel Entertainment Stage will once again host live music all weekend long featuring local and national acts, including Detroit’s own The Romantics on Saturday evening and Morris Day and The Time on Sunday afternoon.

We appreciate all that Chevrolet and Quicken Loans do to make this special event possible and we want to thank the 70-plus companies and partners represented here at the Grand Prix this weekend. The continued success of the Chevrolet Detroit Belle Isle Grand Prix is a credit to them, along with our dedicated volunteers and, of course, all the great race fans here at Belle Isle and those watching at home on TV.

The Grand Prix has continued to make lasting improvements at Belle Isle Park and we are proud to be a part of the revitalization of the island. Continuing to work closely with our partners at the State of Michigan and the Department of Natural Resources, we are excited to help this jewel of the Motor City shine brightly this weekend and into the future.

We encourage you to enjoy all the beauty of Belle Isle, have a great time at the Grand Prix and we ask you to please visit our website at DetroitGP.com in the coming days to let us know how you enjoyed your experience.

Sincerely,

Bud Denker
Chevrolet Detroit Belle Isle Grand Prix Chairman
On behalf of General Motors and Chevrolet, I’d like to welcome you to Detroit and to Belle Isle for another great weekend of motorsports action. It’s the fifth consecutive year of INDYCAR racing on Belle Isle, and the event keeps getting better and better.

Watching the world’s best drivers face the challenge of the island’s 2.3-mile circuit is exhilarating, whether you’re a lifetime race fan or new to our sport.

This is one of the most exciting — and important — weekends of the year for our city. The weekend of racing at Belle Isle generates millions of dollars in positive economic impact for the Metro Detroit area.

What a weekend it will be, with three days of terrific racing June 3-5, highlighted by our very own Detroit doubleheader, the Chevrolet Dual in Detroit presented by Quicken Loans.

The races over the weekend at the Chevrolet Detroit Belle Isle Grand Prix include:

- Chevrolet Dual in Detroit presented by Quicken Loans (Verizon IndyCar Series)
- Chevrolet Sports Car Classic presented by the Metro Detroit Chevy Dealers (IMSA)
- Trans Am Road Racing Series (Trans Am)
- SPEED Energy Stadium SUPER Trucks presented by TRAXXAS (SST)

I can’t think of anywhere else I’d rather be and I’m glad that you feel the same way.

Sincerely,

Mark L. Reuss
Executive Vice President, General Motors Global Product Development

Verizon IndyCar Series (VICS)
The Verizon IndyCar Series is the premier open-wheel racing series in North America. The series offers one of the most diverse and challenging schedules in motorsports with races held on superspeedway ovals, short ovals, permanent road courses and temporary street circuits. Chevrolet and Honda are the engine manufacturers that compete in the 2016 Verizon IndyCar Series, and each manufacturer also began developing distinctive chassis aero kit designs for their supplied teams in 2015. This year’s aero kits will see further development in the aerodynamic process.

The series features such star drivers as Helio Castroneves, Scott Dixon, Tony Kanaan, Sebastien Bourdais, Marco Andretti, Graham Rahal, Ryan Hunter-Reay, Will Power and Juan Pablo Montoya. Belle Isle hosts the only doubleheader race weekend in 2016 with two full, points-paying championship races on back-to-back days at the Chevrolet Dual in Detroit presented by Quicken Loans. To learn more, visit www.indycar.com.

IMSA WeatherTech SportsCar Championship (IMSA)
The IMSA WeatherTech SportsCar Championship made its debut in 2014 as the result of a merger between the GRAND-AM Rolex Sports Car Series and the American Le Mans Series presented by Tequila Patrón. The series features a total of four classes: Prototype (P), Prototype Challenge (PC), GT Le Mans (GTM) and GT Daytona (GTD). They race at the same time at most races, driven by many of the world’s best road racers. The Chevrolet Sports Car Classic presented by the Metro Detroit Chevy Dealers on Belle Isle will include the P, PC and GTD classes. The P class features prototype race cars powered by manufacturers such as Chevrolet, Elan, Honda, Mazda and Nissan, while GTD is home to GT3-spec machinery such as the Aston Martin Vantage, Audi R8, BMW M6, Dodge Viper, Ferrari 488, Lamborghini Huracán and Porsche 911. Every car in the PC class is an open cockpit ORECA FLM09 chassis powered by a Chevrolet V8 engine. The 12-race 2016 WeatherTech Championship schedule is highlighted by endurance races such as the around-the-clock season-opening Rolex 24 At Daytona, the Mobil 1 Twelve Hours of Sebring Fueled by Fresh from Florida and the 10-hour Petit Le Mans at Road Atlanta. To learn more, visit www.imsa.com.

The Trans Am Series (Trans Am)
The Trans Am Series, America’s Road Racing Series, began igniting the passion of motorsports fans across the world in 1966. Today, Trans Am continues to honor its legacy, while challenging the status quo in racing, through meaningful racing platforms and a driver-oriented focus. Featuring world-renown GT cars in TA, the revitalization of the pony wars in TA2, and pure production racing in TA3, TA4 and TA5 – Trans Am is truly America’s Road Racing Series.

Over the course of its 50-year history, Trans Am has featured road racing icons such as Bob Tullius, Peter Gregg, Wally Dallenbach Jr, Derony Schroeder, George Follmer, Mark Donohue, Sam Posey, Scott Sharp and Tommy Kendall. Trans Am’s return to Belle Isle after a 15-year absence will feature two invitational races and a celebration of the Series’ 50th anniversary.

SPEED Energy Stadium SUPER Trucks Present by TRAXXAS (SST)
SPEED Energy Stadium SUPER Trucks presented by TRAXXAS features identically prepared high-horsepower trucks made to resemble their scaled-down TRAXXAS radio-control-car counterparts. Like their TRAXXAS namesake the trucks are designed to take flight. However, unlike the RC trucks, they produce 600 horsepower generating speeds upwards of 130 miles per hour. Races feature man-made ramps set up in strategic locations throughout each course, which allow the trucks to fly through the air nearly 25 feet off the ground and hundreds of feet down course.

The versatile off-road trucks race on virtually any surface presented, and have been featured with popular series such as INDIYCAR and V8 Supercar, amongst other large events that expose off-road racing to the masses. SST will compete in three races over the course of the weekend at the Chevrolet Detroit Belle Isle Grand Prix. To learn more about Stadium SUPER Trucks, visit www.stadiumsupetrucks.com and follow on Facebook at www.facebook.com/StadiumSUPERTrucks and Twitter at twitter.com/ssupetrucks.

How to Follow IMSA On-Track Action
Classes & Colors
Two styles of cars – Prototype and GT
Two classes in each – Pro and Pro-Am
A Pro class is designated by RED markings on the number panel, mirrors, windscreen banner, rear wing end plate, and leader light. A Pro-Am class is designated by GREEN markings on the number panel, mirrors, windscreen banner, rear wing end plate, and leader light.

IMSA Leader Light System
The position of the car is displayed on an LED panel mounted on the rear side section of each car.

The LED numbers display in RED (Pro) or GREEN (Pro-Am), designating the position in class.

For example, a GREEN LED number 5 on a GT style car means that car is 5th position in the GTD class.
