| | ıv | - | ч | u | ľ |

STEP 1 In the space below, track and record how many liters of water you use in a day.

| STEP 2 | Discuss with a partner how the water you used was obtained. For example, does your water come from a well or a reservoir? Record your ideas. | | | | | | |

STEP 4 Choose one of the ways you consumed water daily. In the table, record how using that water every day impacts each of Earth's systems.

| | System | Impacts | | | |
|---|------------|---------|--|--|--|
| C | Geosphere | | | | |
| A | tmosphere | | | | |
| H | ydrosphere | | | | |
| Biosphere | | | | | |
| STEP 5 How can you reduce your individual consumption of water to reduce your impact? | | | | | |
| | | | | | |
