Welcome to the Episcopal Diocese of Kentucky Media Sharing Library

The Episcopal Diocese of Kentucky has recently partnered with OurChurchVideos.com to provide churches and congregations affiliated with the Diocese with an HD Media Sharing Library. This Media Library is a place for you and your church to view, share, download, and contribute content related to your church and the Episcopal Diocese of Kentucky.

[How To Get Started](#)

[Register Today](#)

[Visit the Library](#)

[OCV Website](#)

Free Diocesan Media Player

Your church will receive the following benefits from installing the Episcopal Diocese of Kentucky Media Player on your site:

1. Fresh video content automatically loads onto your Website
2. Access to all "Live" streams from the Episcopal Diocese of Kentucky
3. Visitors to your website will have one more reason to keep coming back.
4. Rebroadcast all videos from the Episcopal Diocese of Kentucky Media Library. As the Media Library grows, your media player library grows as well.
5. Tech support from ourchurchvideos.com

I agree to the terms ☐ [Our Terms](#)

On the Home Page of your Media Library, click on “Register Today” or, simply follow this [link](#). Fill out the form, which includes your name, email, and zip code. Next, create a user name and password.

Step 2 - Managing Your Profile

Much like Facebook or Myspace, you have the ability to manage your Episcopal Diocese of Kentucky Media Library profile. You can upload your profile picture (Avatar), and add information about your hobbies and interests. Rest assured, no one can view your profile unless they also have a profile on the Episcopal Diocese of Kentucky Media Library. To Manage your profile, login and under “My Account”, click “Edit Profile”.

Step 3 - Uploading Your Content

Now it's time to upload your content! Once you are logged in, you can upload your video, audio, pictures and write your own blogs. To make sure your Media Library is a safe place for everyone, everything that is uploaded must be watched and approved by your site's administrators before it can be seen in the library. Because of this, it may take a few hours, or a few days, for your uploaded content to appear.

We sincerely hope you take advantage of this great opportunity to connect with your Diocese on the web. If you have any questions, send us an email at info@ourchurchvideos.com. If your church is interested in Live Streaming or having your own church Media Library, contact us at sales@ourchurchvideos.com.

Frequently Asked Questions

- **Who can create an account in this Media Library?**
 - Anyone can create an account. If you are affiliated with the Episcopal Diocese of Kentucky in any way, feel free to create an account, download and share videos.
- **Can my church archive our sermons on this library?**
 - If your church has a sermon that would be of particular interest to the entire Diocese, go right ahead. However, this is not intended to store your church-specific materials. If you would like a church-specific Media Library, we'd be happy to build one for you.

- **Can I put videos from this Media Library on my church's website?**

Absolutely! You can go about this two different ways. You can use the embed code which is located on the right-hand side of each video to place that video directly into your website. Your church can also embed a Media Player absolutely free to go on your website that is constantly updated with new videos as they arrive on the Media Library. This Media Player will also broadcast Live Streams.

- **What is the Free Episcopal Diocese of Kentucky Media Player?**
 - The Episcopal Diocese of Kentucky Media Player is an embedded video center that plays videos from the Episcopal Diocese of Kentucky Media Library. Every time the Library is updated, your media player will be updated as well delivering fresh, dynamic video content directly to your church website. Best of all, it's absolutely free.
- **Which video formats are supported?**
 - This Media Library supports most of the popular video formats including wmv, mpg, mpeg, avi, mp4, flv, mov, moov, and divx and many other formats.
- **Where is my video?**
 - If you recently uploaded content, it may take a while for it to show up. When you upload content, someone at the Diocese who is the administrator or your site will receive an email asking them to watch and approve/deny the content. Because of this approval system, it may take a while for your content to be available in the Library.
- **Who do I contact for help?**
 - If you have any questions or have any technical issues, send us an email at support@ourchurchvideos.com or give us a call at 1-800-381-8321.
