ANTI-RACISM TRAINING

As Bishop, I intend that the people of the diocese are:

✓ mindful of the growing diversity of the community of people in East Carolina
✓ mindful of their baptismal vows as we meet the growing diversity
✓ mindful of racism in our cultural and church settings
✓ ready to combat it in order to eradicate it as a reality among us.

As required by action of General Convention, Anti-Racism Training will be forthcoming and opportunities for training announced.

This training will be required for all clergy and persons in lay leadership positions and adequate notice of its availability will be provided.
