

A Summary of Actions of the 77th General Convention

Indianapolis, Indiana • July 5–12, 2012

August 10, 2012

Dear Member of the 77th General Convention:

The 77th General Convention considered 411 pieces of legislation: 167 came from our Committees, Commissions, Agencies and Boards (A Resolutions); 29 Resolutions came from Bishops (B Resolutions); 120 from Dioceses and Provinces (C Resolutions); and 95 Resolutions from Deputies (D Resolutions). In comparison, the 76th General Convention considered 192 A Resolutions, 32 B Resolutions, 87 C Resolutions, and 107 D Resolutions.

Enclosed is the summary of these actions prepared by the General Convention Office, which will give you a sense of what we accomplished. Each Resolution has been assigned with one of the following designations:

- **Concurred**, in which the Resolution was adopted by both Houses in the same form and has become an Act of Convention;
- **Concurred with Funding Implications**, in which the Resolution was concurred and has a funding request that is not clearly identified or not fully funded within the Budget for the Episcopal Church;
- **Adopted by the House of Bishops or Adopted by the House of Deputies**, in which the Resolution did not require the concurrence of the second House;
- **Consented to the Election of a Bishop**, in which the House of Deputies adopted a Resolution of consent and a majority of bishops exercising jurisdiction consented;
- **Referred to an Interim Body**, in which a Resolution has been referred to a body of the General Convention such as a Task Force or a Committee, Commission, Agency or Board (CCAB) for study and review before the next General Convention;
- **Discharged**, in which one or both of the Houses of Convention voted to discontinue further consideration of a Resolution by a Legislative Committee;
- **Rejected**, in which a Resolution was voted on by one of the Houses and did not prevail;
- **Not Completed**, in which a Resolution was acted on by at least one of the Houses, but did not complete the legislative process before the adjournment of Convention; and
- **No Action**, in which a Resolution was not acted on by either House and/or was not reported on by a Legislative Committee.

The House of Deputies and the House of Bishops each adopted a procedural motion regarding matters not completed at the General Convention, referring items to the Secretary of the General Convention or to an appropriate interim body. However, neither House concurred with the other's motion, so matters not completed are, in effect, rejected.

The General Convention Office is preparing the *Journal of the 77th General Convention*, as well as the updated *Constitution and Canons*. These will be the final and official documents of the General Convention with the certified texts of resolutions considered by the Convention. Currently, the final language and final status of each Resolution is being reviewed by the General Convention Office and the Archives of the Episcopal Church; you may find the uncertified texts of these resolutions on the General Convention website:

The General Convention is an enormous undertaking. I am grateful to the staff of the General Convention Office, to the volunteers who served in the Secretariats, and to the army of additional volunteer coordinators, supervisors, and workers, for providing our Church the opportunity to come together and work toward God's mission. An additional word of gratitude is due to the Archives of the Episcopal Church, for its efforts to assist us in assuring the accuracy of the final documents that will record the work of the 77th General Convention.

Faithfully yours,

(The Rev'd Canon Dr.) Gregory Straub,
Executive Officer & Secretary of the General Convention
