END OF TIME concerning the Rapture and Second Coming

Rapture and Second Coming are not found in Scripture. The words used are that Jesus will come again.

“In my Father’s house there are many “mansions”. Most translations use the word mansion, but word used actually means “stations”, and specifically, it refers to locations along a parade route to stop and receive the King, nobility, etc. This was common practice in Jesus’s time, people stand at stations to receive blessing, judgment, etc.

Jesus is in charge of history. The people who wrote the Bible intentionally used a word for “parade” here because it was a happy, exciting thing – something you wanted to be excited about and prepare for. Definitely more “party” than terror.

Jesus came that the whole world would have life and have it more abundantly.
