Collaborative Grant Application Worksheet

The Foundation for the Episcopal Diocese of Wyoming emphasizes that the objectives of our grants (FEDW grants) are to enhance the outreach ministries of the Episcopal congregations in the Diocese by providing financial support through seed money for new and existing programs which support the implementation of the Diocesan Mission. Episcopal congregations are the central support entities and may include a single parish, a campus ministry, parish partnerships or activities conducted by the Diocese in partnership with multiple parishes or their members.

Collaborations between parishes to advance an outreach ministry are encouraged by the Foundation for the Episcopal Diocese of Wyoming. The amount requested will not reduce the $50,000 per parish/per year grant limit for any of the collaborating parishes.

If each of the collaborating parishes has submitted a grant application during the year of the collaborative application, or the previous year, they need not submit parish financials for a collaborative grant application. If the beneficiary of support from the collaborative grant is a separate 501c3 organization, that organization must provide financials.

“Point Parish” in the Collaboration: __________________________________________
Other Parishes in the Collaboration: __________________________________________

________________________________________________________________________
________________________________________________________________________

Amount of Request: ______________

Purpose, project or program to be funded by the grant, if awarded: ______________

________________________________________________________________________

Have EACH of the collaborating parishes:

_____ submitted a letter of support from their Vestry?

_____ submitted parish financials if applicable?

_____ made clear in question #5 their role in providing matching funds?

_____ reviewed the “10 practices that often contribute to long-term congregational vitality?”

_____ checked with their Treasurers to insure they are current in their submissions to the Diocese of parochial reports, annual audits and assessments?
