Exploring Migration: A Faith Journey

How can we welcome the stranger in these times?

During this 8-week program you will explore some of the central questions related to the reality of global migration, refugees, and immigrants in the United States in a small, supportive community. This will help you formulate a personal response to the 21st-century reality of migration. Together with other participants, you will prepare for faithful action for God's people.

Migrants and refugees are not pawns on the chessboard of humanity. They are children, women, and men who leave or are forced to leave their homes for various reasons, who share a legitimate desire for knowing and having, but above all for being more. - Pope Francis
