COVID-19 Safety Protocols
For Church Buildings

**Guiding Principles**

1. Protect the health of all clergy, parishioners and visitors
2. Support community efforts to control the spread of the virus
3. Lead by example in getting Wyoming back to worship

**Protocols for All Buildings:**

1. **Require face coverings** for all persons age 2 and older entering the building and to remain on at all times.

2. **Conduct personal health assessments** and do not enter if you are feeling ill or running a fever.

3. **Maintain good hygiene** at all times - hand washing and social distancing.

4. **No physical contact** with others besides those who reside in your home.

5. **Vulnerable populations** - including those age 65 and older and those with compromised immune systems should follow stay-at-home protocols.

6. **Limit capacity** to meet social distancing guidelines.

6 ft distancing in all directions for individuals or family units.

Sign-in sheets will be completed for all entrants in the event we need to pursue contact tracing for Covid-19 infection.
