

SAFETY ENHANCEMENTS

KEEPING IT CLEAN: SAFETY AT DAYSPRING

VISIT VISITING OUR CAMPUS

The health and safety of our guests has always been a priority, but never has it been more critical to maintain a high level of sanitation throughout our campus than at this moment. DaySpring staff have worked tirelessly to create safety standards which keep our guests and staff safe during their time on our property, all while maintaining the same sense of serenity and peace DaySpring is known for.

Throughout our campus, you'll notice frequent, thorough sanitation of countertops, keys, office supplies and high touch items and areas with UV-C wands and/or sanitizing cleanser. Masks are worn by staff at all times, and each member of our team will carry hand sanitizer to use as they move about the campus. To maximize safety, we have created touchless, self-driven access to all of our forms and booklets, as well as commonly requested supplies like mobile phone canoe bags and wristbands.

At DaySpring, our goal is simple: we want you to feel safe in our environment so you can take full advantage of your time here.

VISIT. MEET. PLAY. STAY.

Let us take care of the rest.

MEET MEETING ROOMS

Expect frequent sanitation of high-touch surfaces and items like office supplies, TVs, remotes, thermostats and light switches in all of our meeting rooms. Common surfaces, including chairs, tables and counters will all be thoroughly cleaned and sanitized between groups, and our staff will make cleansers, sanitizing agents, and other supplies available for use during all scheduled meetings and events.

PLAY SPORTS & OUTDOOR ACTIVITIES

Our campus offers a wide array of activities for all ages. All sports-related equipment and canoes are disinfected and sanitized after each use, and gloves will be provided for ropes courses as needed. Ropes course-specific equipment such as helmets and harnesses will be thoroughly sanitized after each use. Chairs around our campfire and gathering areas are appropriately spaced to maintain and encourage social distancing as you relax and enjoy some downtime throughout your visit.

For groups staying on campus who plan to use our equipment, DaySpring staff will work with group leaders and facilitators on a sanitization plan and best practices for repeated equipment use during your stay.

STAY LODGING & ACCOMMODATIONS

Spotlessly clean cabins and lodges have always been a top priority at DaySpring: when you stay with us, rest easy knowing we continue to maintain the same high standard for immaculate linens, comforters and bedding as we have in the past. We have increased sanitization efforts of all high touch surfaces in each of our guest cabins and lodges, including light switches, tv's, remotes, and lamps.

Distanced sleeping arrangements are available for private vs. semiprivate stays so that a safe level of distance is maintained for all guests. Our youth cabins have ample space to accommodate a variety of distancing needs for larger groups.

Designated staff will educate group leaders and organizers on best practices for monitoring common spaces and high-touch areas and provide all supplies critical to maintaining a clean and healthy environment throughout your visit.

MEETING ROOMS

PROGRAM CENTER MULTIPURPOSE ROOM

This versatile hall is in the 12,500 square foot Program Center, dedicated in 2017. It includes a raised stage, premium sound system, two 80-inch Smart TVs, LCD projector with stage-size screen, kitchenette, and commercial refrigerator. The room can be configured in multiple ways with a maximum capacity of 300 and a distanced capacity of 130. For breaks, the multipurpose room is flanked on both sides by covered porches with comfortable Adirondack chairs and ceiling fans.

CHAUNCEY BROWN LIBRARY

Our library is located at the east end of Curry Hall. The library ambience sets the tone for this recently renovated space which includes Smart TV and boardroom seating for 12 or a distanced capacity of 4, making it an excellent space for small retreats and meetings.

TRIPP PAVILION B

Located just behind Pavilion A, Pavilion B is a classroom with a capacity of 35 and a distanced capacity of 15. Newly renovated, it includes a premium sound system and a 70-inch Smart TV.

DAYSPRING MEETING ROOMS

DaySpring has a wide variety of meeting rooms and spaces. Our largest meeting rooms, located in the Program Center and Tripp Pavilion, can be set in several styles. Our individual Youth Cabins, Adult Cabins, Pool House and Retreat House each offer small common areas. All rooms have Wi-Fi accessibility and coffee service.

TRIPP PAVILION A

The Tripp Pavilion, located in the woods near Curry Hall, is newly renovated. It seats up to 150 with a reduced capacity of 66 guests, or can be used as an open space. The renovation includes a ceiling mounted remote LCD projector, premium sound system with multiple microphones and lavaliers.

MEETING ROOMS

PROGRAM CENTER CLASSROOMS A & B

Program Center Classrooms A and B, part of our new Program Center, include Smart TVs and audio equipment. Each classroom has a maximum capacity of 50 and a distanced capacity of 28.

BISHOP HAYNES MEETING ROOM

This classroom is located near Curry Hall at the center of DaySpring. Bright windows overlook the expansive deck and wide eaves provide covered walks to the nearby Lounge and Curry Hall dining room. Accommodates up to 50 guests, or a distanced capacity of 28.

OUTDOOR PAVILION

Located at the center of our youth area and adjacent to the pool, basketball court and youth cabins is this shaded pavilion with picnic tables. A wonderful location for large picnics and gatherings.

NEW MEETING ROOM

Located in the north quarter of the DaySpring campus near our Pool and Retreat Houses, the New Meeting Room seats up to 50 guests, with a distanced capacity of 24. The room is equipped with a premium sound system; video conferencing available by request.

UPPER ROOM

This classroom is at the highest point in DaySpring and overlooks the scenic central pond. This meeting space can accommodate up to 25 guests, with a distanced capacity of 14.
