

	January	February	March	April	May	June
Monthly Focus or Special Coverage	Data, IoT & Connectivity	Electrification	Engineering Tools/Software	GPS & Automation	Fluid Power	Drivetrains
	Drivetrain trends	Hydraulics	Telematics systems	Lighting	Brake Systems	Hydraulic Pumps
	CANbus systems	Operator Cab	Powertrain technologies	Engine systems	Software tools	Engine Cooling Systems
	Engineering & Manufacturing Tools/Services	Automation trends	Filtration technology	Bearing Technology	Sensors	Advancements in manufacturing
	Market Analysis					
Industries covered each month	Construction, Agriculture, Mining, Forestry, Lawn & Garden, Military, On-Highway Truck & Bus					
Events				Intermat	Fluid Power Technology Conference	World of Concrete

	July	August	September	October	November	December
Monthly Focus or Special Coverage	Engines	Operator Cab	Telematics	Electronics	Smart Systems	Powertrain
	New Operator Interface Technologies	Emissions technologies and trends	Automated systems	Industry trends and forecasts	Actuator technology trends	Operator comfort solutions
	Clutch & Transmission Technology Trends	Hybrid and Electric Vehicle Trends	Mining equipment trends	New Materials and trends for OEMs	Cab systems	Top New Products of 2021
	Connectors	Hydraulic Motors	Power Systems	Hydraulic valves	Engineering and testing systems	Control units
	Market Analysis					
Industries covered each month	Construction, Agriculture, Mining, Forestry, Lawn & Garden, Military, On-Highway Truck & Bus					
Events			MINExpo; Battery Show and Hybrid & Electric Vehicle Expo; SAE COMVEC		Integer Emissions Summit, Agritechnica
